NOTIFICATION.

No. 1626P.—The 21st February 1913.—Whereas it appears to the Governor in Council that a leaflet in the Bengali language, entitled "Om Bande Mataram Swadhin Bharat," contains words of the nature described in section 4, sub-section (1), of the Indian Press Act, 1910 (I of 1910), inasmuch as they have a tendency to excite disaffection towards the Government established by law in British India:

Now therefore, in exercise of the power conferred by section 12, sub-section (1), of the said Act, the Governor in Council hereby declares all copies of the said leaflet wherever found to be forfeited to His Majesty.

C. J. STEVENSON-MOORE,

NOTIFICATION.

No. 1595A.—The 20th February 1913.—The following rules are added to the rules for admission into the Executive branch of the Provincial Civil Service and into the Subordinate Civil Service, promulgated with this Government Notification No. 3071A.D., dated the 20th August 1912 :—

Rule 15 (a).—An officer will not be confirmed in or promoted substantively *pro tempore* from the lowest grade or that to which he was on first appointment admitted, to the next grade in the cadre of his service, until he has passed the departmental examinations by the Lower Standard, and he will not be confirmed in the latter grade until he has passed completely by both standards of the departmental examinations. All officers, who may be eligible for confirmation or promotion under this rule,

will, unless considered unfit for promotion or confirmation for other reasons, be confirmed or promoted in order of seniority if vacancies are available. All officers who are confirmed or promoted will be placed above any of their seniors who may not be found qualified for confirmation or promotion, but the penalty for the delay in passing will ordinarily cease to operate when the officer passes, and, on passing, he will be placed in the same position as if he had passed in the ordinary course.

(*b*) Officers of the Subordinate Civil Service, who have been promoted to the Executive branch of the Provincial Civil Service after having passed the departmental examinations, will ordinarily not be held eligible for confirmation till officers appointed direct to the latter service at the same time or before them have had a reasonable opportunity of passing the Lower Standard. They will ordinarily have to wait one year, but the case of each officer will be considered on its merits to prevent hardship in individual cases.

(*c*) Any officer, who does not pass by the first standard of examination within three years of his first appointment as probationer, will be liable to be removed, unless it shall be shown that any special circumstances entitle him to consideration; and if he does not pass within a year subsequently unless prevented by sickness or other circumstances really beyond his control, he will without fail be removed from the service.

(*d*) Officers will be expected to pass by the second standard of examination within five years of their first appointment as probationer, and if they fail to do so, they will render themselves liable to removal from the public service.

Rule 16.—Promotion to grades below that on Rs. 500 a month will ordinarily be given according to seniority, subject to fitness and approved conduct. But the Governor in Council reserves to himself the right to make promotion to the senior grades of the Provincial Service by special selection for merit without regard to seniority, and hereby declares that seniority alone shall not give a claim to appointment to the grade on Rs. 500 or higher grades.

Rule 17.—No member of the Provincial Service shall be dismissed otherwise than on the result of a judicial or formal departmental enquiry.

N. B.—Rule 15 (*a*), (*c*) and (*d*) applies *mutatis mutandis* to the Subordinate Civil Service also.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 1619.1.—The 21st February 1913.—Whereas Babu Kisori Mohan Chaudhuri, a pleader of the District Judge's Court at Rajshahi, has addressed to Government a petition, dated the 20th January 1913, disputing the validity of the election by the Municipal Commissioners of the Rajshahi Division of the Hon'ble Rai Hari Mohan Chandra Bahadur as an Additional Member of the Bengal Legislative Council and praying that the said election may be declared void:

And whereas it appears, on examination of the said petition, that no sufficient grounds for questioning the validity of the said election have been disclosed:

Now, therefore, the Governor in Council declares, in pursuance of Regulations XVI (2) of the Regulations for the nomination and election of Additional Members of the said Council, that the Hon'ble Rai Hari Mohan Chandra Bahadur was duly elected.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

No. 525L.R.—The 24th February 1913.—In exercise of the power conferred by sections 4 and 100 of the Cess Act, 1880 (Bengal Act IX of 1880), the Governor in Council is pleased to invest Mr. F. D. Ascoli, I.C.S., Settlement Officer, Dacca, with the powers of a Collector, under Chapters II, IV and VII of the said Act, within the district of Dacca, for the purpose of making revaluations of estates and tenures.

Dacca.

No. 538L.R.—The 24th February 1913.—With reference to Notification No. 4591A.D., dated the 21st October 1912, appointing Mr. E. W. Collin to act as Member of the Board of Revenue, Lower Provinces, during the absence, on deputation, of the Hon'ble Mr. D. J. Macpherson, C.I.E., or until further orders, the Governor in Council is pleased, in exercise of the power conferred by section 5 of the Bengal Board of Revenue Regulation, 1822 (III of 1822), to authorise Mr. E. W. Collin, from the date of taking over charge from the Hon'ble Mr. D. J. Macpherson, C.I.E., to exercise generally throughout the territories subject to the control of the Board of Revenue, Lower Provinces, all the duties, powers and authority which are vested in the Board collectively in respect of all branches of the Board's work.

No. 798M.R.—The 21st January 1913.—The following revised rules for the departmental examination of Forest officers in the Presidency of Bengal are hereby published for general information :—

I. Rules prescribed by the Government of India in the Forest Department Code :—

Article 40.—The examinations for Assistant Conservators and for Extra Assistant Conservators, referred to in articles 11 and 36, will be in the following subjects :—

(*i*) Vernacular, by the higher standard in one "principal" language of the province in which the officer is serving, unless he be a native of that province of pure Asiatic extraction.

(*ii*) Land Revenue.

(*iii*) Forest Law.

(*iv*) Procedure and Accounts.

The Examining Board or Boards will be appointed by Local Governments, and should include a Forest officer.

NOTE.—A "principal" language of a province is one in general use. In the case of provinces in which two or more languages are in common use, it will rest with the Local Government to decide which are to be regarded as "principal" languages. The decision regarding the language which any officer will be required to pass will also rest with the Local Government.

Article 41.—Examinations will be conducted in accordance with such rules as may from time to time be promulgated by the Local Government.

Article 42.—An officer of the Forest Department may present himself for examination in one or more of the languages or dialects spoken in the whole or a portion of the province in which he is serving, other than that in which he is required to pass ; provided that he shall first obtain the permission of the Local Government, which will decide whether the language in which he proposes to pass is one the acquisition of which will be useful to him and likely to increase his efficiency in the department.

Article 43.—No reward will be granted to an officer of the Forest Department for passing an examination in a vernacular language in which it is necessary for him to pass in order to qualify for promotion under articles 11 and 36, but for passing in any other vernacular language Forest officers of the rank of Extra Assistant Conservator and upwards will be entitled to the following rewards :—

(*i*) For passing in a "principal" language of any province after transfer from another province in which the officer concerned has already passed by the Higher Standard in some other principal language—

(*a*) Rupees 500 in Burma, and Rs. 250 elsewere, for passing by the Lower Standard within one and-a-half years of transfer.

(*b*) Rupees 750 in Burma, and Rs. 500 elsewhere, for passing within two and-a-half years of transfer, by the Higher Standard, after having passed the Lower Standard.

(*c*) Rupees 1,250 in Burma, and Rs. 750 elsewhere, for passing direct by the Higher Standard within two and-a-half years of transfer.

NOTE.—1. Local Governments are authorised to stop the increments of Extra Assistant Conservators, Extra Deputy Conservators, Assistant Conservators and Deputy Conservators of less than 12 years' service at the time of transfer (or on the date of publication of this article in the case of officers previously transferred) who fail to pass by the lower standard within three years of transfer (or date of publication of this article in case of officers previously transferred).

2. Periods of leave taken elsewhere than in the province of which the language forming the subject of the examination is the "principal" language, should be excluded in calculating the periods under clauses (*i*), (*a*), (*b*), (*c*) above, and under Note 1.

(*ii*) Rupees 250 for passing in a second "principal" language in any province by the lower standard and Rs. 500 for passing in a second "principal' language in any province by the higher standard.

(*iii*) Such amount as may be sanctioned by local or general rules for passing in any language not classed by the Local Government as "principal."

II. The following rules have been drawn up by the Government of Bengal and are promulgated under article 41 of the Forest Department Code, 7th edition :—

1. The examination will be conducted under the direction and control of the Central Examination Committee, Calcutta, at the several local centres, as provided for in the departmental examination rules. Special papers will, however, be prepared for Forest officers in which technical judicial terms will be avoided, and such terms substituted as bear directly on forest work.

2. A Forest officer passing the above examinations will be considered to have fulfilled the conditions as regards examinations in languages laid down in article 40 of the Forest Department Code, for the purpose of promotion to the higher grades. The examinations passed by Forest officers in Hindustani in other provinces or in Bengal, previous to the issue of these orders, will, however, hold good for the purposes of promotion.

3. For the purposes of the departmental examinations of Forest officers, "Bengali" and "Hindustani' will be regarded as "principal" languages in the Bengal Presidency. The following statement shows the language held to be "principal" in each Forest Division :—

Forest Division.	Principal language.
1. Sundarbans ...	Bengali.
2. Chittagong ...	
3. Chittagong Hill-tracts	
4. Darjeeling ...	Hindustani.
5. Kurseong ...	
6. Tista ...	
7. Jalpaiguri ...	
8. Buxa ...	

4. Forest officers desiring to qualify for rewards under article 43 of the Forest Department Code, will be allowed to present themselves for examination by both the lower and higher standards at the same time with the permission of the Conservator of Forests: an officer who passes in either of the papers will be held to have qualified for the lower standard, but passing marks must be obtained in both sets of papers to qualify for the higher standard.

5. Candidates in the language examination will be expected to possess a fair degree of facility in reading, and a thorough colloquial knowledge of the language.

6. The following are the prescribed tests for the two grades of examination. There will be no prescribed text-books :—

THE HIGHER STANDARD.

(*a*) A written translation from the vernacular into English.

The paper will contain passages from an unseen official document.

(*b*) *Viva voce* examination in vernacular—

(*i*) The candidate will be tested in conversation with several Indians of various classes in such a manner as to satisfy the local committee of his power of making himself understood by them, and of explaining himself with clearness and sufficient propriety in the vernacular in an argument or topic of some difficulty.

(*ii*) The examinee will be called upon to read with fair fluency, and explain in English to the Examiners, papers written by different persons in a plain running hand.

The maximum and pass marks assigned to each branch of the examination and the time allowed for the papers are subjoined.

Subjects of examination.	Maximum marks.	Pass marks.	Time.
1	2	3	4
			H. M.
1. Translation from vernacular	20	10	2 0
2. *Viva voce* examination, Part (I)	20	10	0 15
3. Ditto Part (II)	10	5	

THE LOWER STANDARD.

The test shall be the same as above, but the papers shall be less difficult. The proportion of marks to be obtained in order to pass and the time allowed for the papers shall be the same as for the higher standard above described. The principal object of this examination shall be to test the proficiency for practical purposes of the examinee in the vernacular in which he is examined.

The script prescribed for the Hindustani Examination in both standards is Kaithi.

7. No Indian officer (these rules notwithstanding) shall be liable to examination in a language which is his own vernacular. The Conservator, in submitting the lists of intending examinees, will consider each case, and on satisfying himself may exempt the candidate from examination in such language, reporting his reason for doing so to Government.

8. The examination in the Land Revenue systems of Bengal, in Forest Law, and in Forest Procedure and Accounts will be written. One paper containing not less than twelve questions will be set in each subject by the Central Examination Committee in communication with the Conservator of Forests, Bengal. The maximum and the pass marks and the time allowed in each subject are subjoined.

Subjects of examination.	Maximum marks.	Pass marks.	Time allowed.
1	2	3	4
			Hours.
Land Revenue systems of Bengal (without books).	200	120	3
Forest Law (without books)	200	120	3
Forest Procedure and Accounts (with books).	200	120	3

No oral examinations are held.

A total of 120 marks in any paper will entitle the examinee to a certificate of having passed in that subject.

The written examination in Land Revenue will comprise not less than six questions on the laws and subjects discussed in Baden Powell's "Short account of the Land Revenue and its Administration in British India," and officers presenting themselves for examination should be acquainted generally with the contents of the work, and are expected to have acquired a detailed knowledge of them so far as they relate to this province. Officers will also be expected to have an up-to-date knowledge of Revenue Administration in Bengal which may not be obtainable from Baden Powell's small text-book prescribed, but questions which deal with matters not discussed in the text-book will be restricted to subjects in Land Revenue having a practical relation to the work of Forest officers.

The questions in the examination in Forest Law will be based on the Forest Act, rules made in Bengal under the Forest Act, and the Manual of Forest Law compiled for the use of students at the Imperial Forest College, Dehra Dun.

The examination in Procedure and Accounts will embrace the Forest Code, the Bengal Forest Manual, the Civil Service Regulations, and the Civil Account Code.

9. The Central Examination Committee, after perusing the report of the local committee and the answer-papers with the assistance of the examiners who set the papers, will report to Government the names of such officers as in their opinion have passed.

10. The above rules will also apply to Forest Rangers who are permitted at their option (but subject to the sanction of the Conservator) to appear at the examination mentioned in article 40 of the Forest Department Code.

11. The following are the rules for the grant of rewards to officers of the Forest Department of the rank of Extra Assistant Conservator and upwards for passing examinations in the following optional languages of frontier tribes, viz.—

(*i*) Tibetan, Sikkimese Bhutia, Bhutanese Bhutia.

(*ii*) Lepcha.

(*iii*) Nepalese Paharia or Khaskura.

The tests which a candidate must undergo are as follows:—

(*a*) He must be able to converse freely with the people of the tribe in whose vernacular he may wish to qualify, to understand, and to make himself understood by them.

(*b*) He must write down sentences spoken in the tribal language by one of the tribe or a conversation held between two of them, and must explain the sentences or the conversation correctly in English.

(*c*) He must without assistance translate from English or his mother-tongue into the tribal language sentences not of a more difficult nature than those described in clause (*b*). The translation must be substantially correct, and intelligible to a native in whose language it is written.

N.B.—The writing prescribed in clauses (*b*) and (*c*) must be in the character of the tribal language. If the language has no written character of its own, the English, Bengali or Hindi character should be used.

(*d*) He must transliterate and translate (into English) a paper in the current written (not printed) form of character of the language. (This test will be enforced only in the cases of those languages which have written characters of their own.)

There will be a second examination in the Tibetan language. This examination will consist of—

(1) a much severer conversational test than in clause (*a*) above;

(2) writing letters in Tibetan;

(3) translating Tibetan letters.

In order to qualify for the prescribed reward, an examinee must obtain not less than half the marks allotted to each branch of the examination and two-thirds of the aggregate number.

The Commissioner conducting the examination will report to Government the names of officers declared by the examining committee to have passed the prescribed standard for the grant of reward.

A reward of Rs. 1,000 will be granted to any officer to whom the present rules apply who passes in any such language according to the above tests.

Provided that no reward will be given—

(1) to any officer for proficiency in a second language of the same group;

(2) to an Indian officer for passing an examination in any language with which from his birth or education he is naturally familiar, or which is closely allied to his vernacular language.

No. 861M.R.—The 25th February 1913.—The following revised rules for the departmental examination, in vernacular languages, of officers of the Indian Civil Veterinary Department, serving in the Presidency of Bengal, are hereby published for general information :—

Rules prescribed by the Government of India in their Circular No. 24—16—13, dated the 22nd September 1908.

I.—Every officer of the Civil Veterinary Department is required to pass an examination in the vernacular of the province in which he is serving within two years of the date on which he is posted to the province. Failure to pass within the prescribed period will, in the absence of such special orders as the Local Government may issue to the contrary, entail loss of appointment or stoppage of increments of pay. But the Local Government may, for special reasons, extend the period for passing in any particular case and the Inspector-General, Civil Veterinary Department, may also extend the period, up to a limit of three years, in respect of officers serving directly under his orders.

II.—It is left to Local Governments to fix the compulsory vernacular. Subject to any orders that the Local Government in each province may pass in this respect, the compulsory vernacular in which Civil Veterinary Officers are required to pass is Hindustani, except in Madras and Burma. Officers serving in Burma will ordinarily be required to pass in Burmese. Officers serving in Madras are required to pass in either Tamil, Telegu or Hindustani, as the Local Government may decide.

III.—The examination will be conducted by such officer or officers as the Local Government may appoint for the purpose, and will include the following subjects :—

(1) Transliteration* and translation of a printed passage selected from a newspaper, suitable official report or the like.

(2) Translation into the vernacular of an English passage similarly selected.

(3) Dictation* into the vernacular of a simple passage in English.

(4) Conversation in the vernacular.

NOTES.—(*a*) The passages selected should be of a general character or should specially deal with veterinary matters, and not with specialised revenue or magisterial reports.

(*b*) The conversation test should show that the candidate is able to converse freely and at first hand both with the educated classes and with the village cultivators, but should not include technical expressions concerned with subjects other than Veterinary Science.

(*c*) It is left to the Local Government to issue instructions as to the conduct of the examination and the proportion of marks required to qualify for passing, but at least half the total marks of the examination should be allotted for the conversation test.

IV.—When an officer, who has not yet passed in his compulsory vernacular, is required by reason of transfer or for any other cause to pass in a different compulsory language, the limit of time laid down in rule I shall run from the date of the order requiring him to pass in a new language.

V.—(1) An officer will receive no reward for passing the first compulsory language.

(2) For passing in any compulsory language after the first he will receive a reward of Rs. 250.

(3) For passing in any other language a knowledge of which is in the opinion of the Local Government likely to add to his efficiency in the performance of his duties, he will receive a reward of Rs. 250 for the Lower Standard and Rs. 500 for the Higher Standard, the examination being on the same lines as are prescribed for members of the Indian Civil Service, subject to the observance of the instruction to note (*a*), rule III, in the selection of passages for the examination.

VI.—In the case of officers serving directly under the Imperial Government, the Government of India will exercise the powers of a Local Government under these rules.

* In Bengal the transliteration test is omitted and the dictation test is entirely in the vernacular. *See* subsidiary rule 4.

VII.—These rules will apply to Civilian officers now in the Civil Veterinary Department, subject to the conditions of their respective agreements, and to such orders as they may have already received from their respective Local Governments.

Subsidiary Rules prescribed by the Government of Bengal.

1. Bengali shall be the compulsory vernacular for officers whose first appointment is to Bengal. The case of other officers will be governed by the provisions of rule 5 of the Government of India's rules.

2. The examination will be conducted under the direction and control of the Central Examination Committee at Calcutta, as provided for in the Departmental Examination Rules.

3. There will be only one standard of examination for the compulsory vernacular.

4. There shall be no prescribed books, and colloquial facility will be regarded as the important test. Facility in reading and writing will not be held to compensate for deficiency in ability to converse fluently. The following are the tests prescribed:—

A.—A written translation from Bengali into English.

The paper should contain passages from an unseen official document in Bengali.

B.—A written translation from English into Bengali.

A brief passage from an official document of a simple nature relating to veterinary matters shall be translated into Bengali without assistance and in a generally correct manner.

C.—Dictation.—A passage from some official paper in Bengali of a general character and relating to veterinary matters will be read out to the candidates by a Bengali, and they will be required to write it down in Bengali character with fair accuracy.

D.—*Vivâ Voce* Examination in Bengali—

(1) The examinee shall be tested in conversation with several Indians of various classes in such a manner as to satisfy the Local Committee of his power of making himself understood by them, and of explaining himself with clearness and sufficient propriety in Bengali. Subjects relating to Veterinary matters should furnish the topics for conversation.

(2) The examinee will be called upon to read with fair fluency and explain in English to the Examiners papers written by different persons in a plain running hand.

NOTE.—It is not necessary that each candidate should translate the same piece, just as it is not necessary that the *vivâ voce* examination of each should involve the same conversation.

The maximum and the pass marks assigned to each branch of the examination and the time allotted in each case are subjoined:—

Subject.	Maximum marks.	Pass marks.	Time allowed.
A.—Translation from vernacular	20	10	2 hours.
B.—Translation from English ...	20	10	2 hours.
C.—Dictation	20	10	½ hour.
D.—(1) *Vivâ Voce*	70	35	20 minutes.
(2) *Ditto*	10	5	

5. The question paper will, as far as can be arranged for, be set by an officer of the Veterinary Department in consultation with the Central Examination Committee.

6. The Central Examination Committee, after perusing the report from the Local Examination Committee and the examination papers, shall report to Government the names of such officers as in their opinion have passed.

7. Subject to the proviso that no Indian officer whose vernacular is Bengali shall be liable to this examination, officers of the Provincial Veterinary Service will be liable to the same examination rules as officers of the Imperial Veterinary Service. The head of the department, when submitting the lists of intending examiners, will consider each case, and, on satisfying himself, may exempt the candidate from examination in his own vernacular, reporting his reason for doing so to Government.

No. 862M.R.—The 25th February 1913.—The following revised rules for the departmental examination in vernacular languages of the officers of the Indian Agricultural Service, serving in the Presidency of Bengal, are hereby published for general information :—

Rules prescribed by the Government of India in their Circular No. 22—143—2, dated the 31st July 1907.

1. Every officer of the Indian Agricultural Service is required to pass an examination in a selected vernacular language within two years of the date of his arrival in India or of his first appointment to the Service, whichever is later; but the Local Government may, for special reasons, extend the period for passing in any particular case. Failure to pass within the prescribed period will, in the absence of such special orders as the Local Government may issue to the contrary, entail loss of appointment or stoppage of increments of pay.

2. The compulsory vernacular will, for officers serving under the Government of India, be Hindustani; and, for officers serving under Local Governments, be such language as the Local Government may prescribe in each case. The examination will be conducted by such officer or officers as the Local Government may appoint for the purpose.

3. The examination will include the following subjects :—

(1) Transliteration* and translation of a printed passage from a newspaper, suitable official report or the like.

(2) Translation into the vernacular of an English passage similarly selected.

(3) Dictation* into the vernacular of a simple passage in English.

(4) Conversation in the vernacular.

NOTES.—(*a*) The passages selected should be of a general character or should specially deal with Agricultural matters, and not with specialised revenue or magisterial reports.

(*b*) The conversation test should show that the candidate is able to converse freely and at first hand both with the educated classes and village cultivators, but should not include technical expressions concerned with subjects other than Agriculture.

(*c*) It is left to Local Governments to issue instructions as to the conduct of the examination and the proportion of marks required to qualify for passing, but at least half the total marks of the examinations should be allotted for the conversation test.

4. When an officer, who has not yet passed in his compulsory vernacular, is required by reason of transfer or for any other cause, to pass in a different compulsory language, the limit of time laid down in rule 1 shall run from the date of the order requiring him to pass in a new language.

5. No officer is required to pass in more than one vernacular; but every officer is expected, in order to increase his usefulness, to make himself familiar with the vernacular of the province in which he happens to be serving. No reward will be given for passing in a first compulsory language, but for passing in any other vernacular language a knowledge of which is, in the opinion of the Local Government, likely to add to his efficiency in the performance of his duties, an officer will receive a reward of Rs. 250 for the Lower Standard and of Rs. 500 for the Higher Standard, the examination in such cases being the same as that prescribed for members of the Indian Civil Service.

6. In the case of officers of the Imperial Agricultural Department, the Government of India will exercise the powers of a Local Government under these rules.

7. These rules will apply to officers now in the service, subject to the conditions of their respective agreements, and to such orders as they may have already received from their respective Local Governments.

Subsidiary rules prescribed by the Government of Bengal.

1. The compulsory vernacular for officers of the Indian Agricultural Service whose first appointment is to Bengal, shall be Bengali. The case of other officers is governed by the provisions of rule 5 of the Government of India's rules.

* In Bengal the transliteration test is omitted and the dictation test is entirely in the vernacular. *See* subsidiary rule 1.

2. The examination will be conducted under the direction and control of the Central Examination Committee, Calcutta, at the several local centres as provided for in the Departmental Examination Rules.

3. There will be only one standard of examination for the compulsory vernacular. Colloquial facility will be regarded as the most important test. Facility in reading and writing will not be held to counterbalance want of facility in conversation.

There shall be no prescribed text-books for this examination.

4. The following are the tests prescribed :—

A—A written translation from the vernacular into English.

The paper should contain passages from an unseen official document.

B—A written translation from English into the vernacular. A brief passage from an official document of a simple nature relating to agriculture shall be translated into Bengali by the examinee without assistance and in a generally correct manner.

C—Dictation.—A passage from some official paper in Bengali of a general character and relating to agriculture will be read out to the candidates by a Bengali, and they will be required to write it down in the Bengali character with fair accuracy.

D—*Vivâ voce* examination in Bengali—

(1) The examinee shall be tested in conversation with several Indians of various classes in such a manner as to satisfy the local Committee of his power of making himself understood by them and of explaining himself with clearness and sufficient propriety in Bengal. Subjects relating to agriculture should furnish the topics for conversation.

(2) The examinee will be called upon to read with fair fluency and explain in English to the examiners papers written by different persons in a plain running hand.

NOTE.—It is not necessary that each candidate should translate the same piece, just as it is not necessary that the *vivâ voce* examination of each should involve the same conversation.

The maximum and the pass marks assigned to each branch of the examination and the time allowed for the papers are subjoined :—

Subject.	Maximum marks.	Pass marks.	Time allowed.
A. Translation from vernacular ...	20	10	2 hours.
B. Translation into vernacular ...	20	10	2 hours.
C. Dictation	20	10	½ hour.
D. (1) *Vivâ voce*	70	35	20 minutes.
(2) *Ditto*	10	5	

5. The question papers will, as far as can be arranged for, be set by the Director of Agriculture in consultation with the Central Examination Committee.

6. The Central Examination Committee, after perusing the report from the Local Examination Committee and the examination papers, shall report to Government the names of such officers as in their opinion have passed.

7. Officers of the Provincial Agricultural Service will be liable to the same examination rules as officers of the Indian Agricultural Service, subject to the proviso that no Indian officer shall be liable to examination in a language which is his own vernacular. The head of the department, when submitting the lists of intending examinees, will consider each case, and, on satisfying himself, may exempt the candidate from examination in such language, reporting his reason for doing so to Government.

NOTIFICATIONS OF THE BOARD OF REVENUE, L. P.

NOTIFICATION.

No. 591A.—The 24th February 1913.—In exercise of the power conferred by section 6 of the Eastern Bengal and Assam Excise Act, 1910 (Eastern Bengal and Assam Act I of 1910), the Board of Revenue declare that five tolas shall be the limit of a retail sale of *ganja* in the Dacca, Chittagong and Rajshahi Divisions, with effect from the 1st April 1913.

A. MARR,
Secy. to the Board of Revenue, L.P.

CUSTOMS BRANCH.

No. 388A.

NOTIFICATION.

THE HON'BLE MR. E. W. COLLIN, I.C.S.

Dated Calcutta, the 5th February 1913.

IN exercise of the powers conferred by section 9 of the Sea Customs Act, 1878 (VIII of 1878), and with the sanction of the Governor in Council and in supersession of the Notifications specified in the margin, the Board of Revenue makes the following rules as to work by officers of Customs in the port of Calcutta :—

Notification No. 3386B., dated the 27th June 1910.
Notification No. 1099B., dated the 9th March 1911.
Notification No. 3713B., dated the 27th July 1911.

1. Subject to the provisions of section 72 of the Sea Customs Act, 1878, officers of Customs in the port of Calcutta shall, if so required by the Customs Collector, perform—

(1) on ordinary days,
(2) on ordinary holidays,
(3) on special holidays, and
(4) on Sundays,

the work indicated in column 1 of the subjoined table, during the times, respectively indicated in columns 2 to 5 of that table.

NOTE.—A special holiday is a day, other than a Sunday, on which the Custom House is entirely closed.

2. The performance of any such work as aforesaid shall be subject to the payment of the fees specified in columns 2 to 5, respectively, of the said table, and to the observance of the other directions given in that table.

By order of the Board of Revenue, Bengal,

A. MARR,
Secretary.

TABLE SHOWING WORK TO BE PERFORMED FOR THE PUBLIC BY OFFICERS OF CUSTOMS, AND THE FEES PAYABLE THEREFOR.

General explanations and directions.

1. Except where otherwise specified, the fees specified in this table are payable to the officer concerned.

2. In order to allow the public the free use of Preventive officers on boardship and at the Customs wharves between the hours of 6 A.M. and 6 P.M. on ordinary working days, Government undertakes the payment of fees to their officers employed for any overtime earned during those hours. Government ordinarily pays at the rate of Re. 1 per hour for every hour in excess of 9 hours which an officer works between 6 A.M. and 6 P.M., provided that no such fee shall be paid unless the officer has worked for a total of 54 hours in the week, or for a number of hours equal to nine times the number of days during which he has been at work during the week. (*See* explanatory tables in margin.) In the following cases the payment takes the form of an allowance :—

Nature of work.	Hours during which overtime may be earned.
Work at the Customs wharves, including Jetty gates, Jetty extension, Shalimar, Ramkristopore, Kidderpore Docks, and the Petroleum wharves at Budge-Budge (This includes passing of opium into the Custom House or the Presidency Opium godowns or baggage from the Jetties to the Custom House godowns.)	6 A.M. to 9 A.M.
Any description of work on boardship (except guard duty).	6 A.M. to 7 A.M. and 4 P.M. to 6 P.M. at the Jetties and Docks, and 6 A.M. to 8 A.M. and 5 P.M. to 6 P.M. for vessels in the stream.

(1) Custom House Inspector, Rs. 75 per mensem, local allowance.

(2) Two officers in charge of (*a*) Shalimar and Ramkristopore, and (*b*) of patrols, Rs. 30 each per mensem, local allowances.

(3) Six officers on shore patrol, Re. 1 each daily, travelling allowance.

(4) Bonding Inspector, Rs. 50 per mensem, horse allowance.

(5) Officers at Sulkea and Kidderpore, fixed overtime allowances per mensem for Import work as follows :—

	Sulkea.	Kidderpore.
	Rs.	Rs.
Inspector	70	30
Ghât officer	50	20
Muharrir	4	2

Government also pays overtime at the rate of Rs. 16 a day for the attendance of an Appraiser at the General Post Office on Sundays and on special holidays.

3. If a merchant or ship-owner requires the services of Preventive officers between 6 A.M. and 8 A.M. or 5 P.M. and 6 P.M., he shall present his request to that effect to the Preventive Inspector in sufficient time to enable such officer to arrange for the attendance of the necessary staff. If the services of an officer are requisitioned between the hours of 6 A.M. and 8 A.M. or 5 P.M. and 6 P.M. for work on boardship, or between 6 A.M. and 9 A.M. for work at the Customs wharves and are not utilized, the party at whose request the officer was directed to attend will pay the overtime and not Government. Such attendance shall not be counted as attendance for Government towards making up a total of 54 hours per week.

4. The Collector of Customs, Calcutta, is prohibited from granting permission to work cargo in sea-going vessels ordinarily on Sunday. He shall, however, give written permission in the following cases :—

(*i*) When the application to work is supported by a declaration in a prescribed form, signed by the owner or agent of the vessel, certifying that the permission is absolutely necessary to enable the vessel to leave the port owing to the state of the river or to the condition of the weather.

(*ii*) When the application is made on grounds of special urgency, provided the Collector of Customs is satisfied that such grounds are sufficient.

(*iii*) When the application is made to discharge or load livestock, ship's stores, ballast or coal.

In case (*ii*) permission shall only be granted on payment of a fee equal to 6¼ annas on the net registered tonnage of the vessel, subject to a minimum of Rs. 50 and a maximum of Rs. 200.

When no work is done, the whole or portion of the fee may be refunded at the discretion of the Collector, who will take into consideration the attendance of officers for work.

5. In the case of fees payable by the public, work extending up to, and not exceeding, 15 minutes beyond the regular hours is not charged for. Work in excess of 15 minutes is charged as a full hour. In the case of work at the wharves, however, only 5 minutes' grace is allowed beyond the regular hours. Work extending to more than 5 minutes beyond the hour will be charged as a full hour to the agent or merchant on whose account the officer has been detained. The 15-minute rule applies also in the case of Government overtime for work on boardship.

II. The draft amendment will be taken into consideration on the 1st April 1913, and any objection or suggestion which may be received by the undersigned through the District Magistrate or the Divisional Commissioner before that date will be duly considered.

Draft amendment.

Strike out the last clause, namely:—"No rate-payer who will take a house connection . . . . . at the cost of the Commissioners," *from* rule 10, which runs as follows:—

"10 The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined, and no meter shall be fixed under ground unless in a brick well or chamber. No meter shall be disconnected from the service pipe or in any way interfered with except with the permission of the Chairman or officer representing him. The Commissioners shall depute some authorized person to read every meter not less than once a quarter, and shall give notice to the occupier at least 24 hours before the reading is recorded. If the quantity of water consumed in any quarter exceeds that to which the occupier is entitled, written notice to that effect shall be served upon him.

No rate-payer who will take a house connection through an one-eighth of an inch ferrule shall be required to fix a meter. But if the Commissioners have reason to suspect a wastage of water, a meter shall be fixed at the cost of the Commissioners."

APPENDIX XXX.—[SEE CHAPTER III, RULE 9.]

NOTICE is hereby given that the undermentioned plot of land, no longer required by Government, situated on the Orissa Coast Canal, Range III, at 30th mile, in the district of Midnapore, will be put up to sale at 12 o'clock on Wednesday, the 26th March 19'3, corresponding with the 14th Chaitra 1320 Amli, at the Midnapore Collectorate.

The purchasers of the plot of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the canal boundary, or plough the lands closer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plot of land will be sold revenue free to the highest bidders.

5th.—The purchasers shall be granted a deed of conveyance on receipt by the Collector of the orders of the Commissioner confirming the sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

THE following Bill and Statement of Objects and Reasons are published under rule 31 of the Bengal Legislative Rules, 1912 It is proposed to introduce the Bill at the next meeting of the Bengal Legislative Council, to be held during the first week of March, 1913.—

A

BILL

to amend the provisions of the Calcutta Municipal Act, 1899, relating to Loans. Ben. Act III of 1899

WHEREAS it is expedient to amend the provisions of the Calcutta Municipal Act, 1899, relating to Loans;

And whereas the sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act; 55 & 56 Vict., c. 14.

It is hereby enacted as follows:—

Short title

1 This Act may be called the Calcutta Municipal (Loans) Act, 1913

New Chapter X for Ben. Act III of 1899.

2. For Chapter X of the Calcutta Municipal Act, 1899, the following shall be substituted, namely:— Ben. Act III of 1899.

"CHAPTER X.

"LOANS.

Power of Corporation to borrow money.

"128. (*1*) The Corporation may, in pursuance of a resolution passed at a special meeting, from time to time borrow, by way of debenture, on the security of all or any of the rates, taxes, fees [*Cf.* Ben. Act III of 1899, ss. 128, 129, Ben. Act V of 1911, s. 89.]

The Calcutta Municipal (Loans) Bill, 1913.

(*Clause 2: sections 129-131.*)

and dues authorised by this Act, any sums of money which may be required—

(*a*) for the construction of works under this Act, or

(*b*) to pay off any debt due to the Government, or

(*c*) to repay any loan previously taken under this Act:

Provided that no loan shall be taken without the previous sanction of the Local Government, or (if the loan exceeds Rupees 5,00,000 or is to be repaid after a period exceeding thirty years) the Government of India: [*Cf.* Burma Act III of 1912, s. 10.]

Provided also that the rate of interest to be paid for any loan, and the terms (as to the time and method of repayment, and otherwise) upon which any loan is to be taken, shall be subject to the approval of the Local Government, or (if the loan exceeds Rupees 5,00,000 or is to be repaid after a period exceeding thirty years) the Government of India.

(*2*) When any sum of money has been borrowed under sub-section (*1*),—

(*i*) no portion thereof shall be applied to any purpose other than that for which it was borrowed, without the previous sanction of the Local Government, and [*Cf.* Ben. Act V of 1911, s. 92.]

(*ii*) no portion of any sum of money borrowed under clause (*a*) of sub-section (*1*) shall be applied to the payment of salaries or allowances to any Municipal officers or servants, other than those who are exclusively employed upon the works for the construction of which the money was borrowed.

Determination of sums to be borrowed.

"129. The Corporation shall, on or before the twenty-second day of March in every year, after considering the General Committee's proposals in this behalf, determine, subject to the provisions of this Chapter, what sums of money (if any) shall be borrowed under section 128 in the next ensuing financial year. [*Cf.* Ben. Act III of 1899, s. 130.]

Limit to borrowing powers.

"130. Notwithstanding anything hereinbefore contained, the borrowing powers of the Corporation shall be limited so that the sums payable under this Chapter during the said financial year for interest, for the maintenance of Sinking Funds [including the payments prescribed by section 138, clause (*2*),] and for the discharge of loans by instalments shall not exceed ten *per cent.* on the annual rateable value of buildings and land as determined under Chapter XII. [*Cf.* Ben. Act III of 1899, s. 131.]

Form, exchange, transfer and effect of debentures.

"131. (*1*) All debentures issued under this Chapter shall be in such form as the Corporation may from time to time prescribe with the previous sanction of the Local Government, or (in the case of a loan raised out of India) the Government of India. [*Cf.* Ben. Act III of 1899, s. 132; Ben. Act II of 1890, s. 20 (as amended by Ben. Act II of 1907, s. 3); Ben. Act V of 1911, s. 93; Burma Act III of 1912, s. 11.]

(*2*) The holder of any debenture in any form prescribed under sub-section (*1*) may obtain in exchange therefor, upon such terms as the Corporation may from time to time determine, a debenture in any other form so prescribed.

(*3*) The holder of any debenture issued by the Corporation under the authority of any prior enactment may obtain in exchange therefor, upon such terms as the Corporation may from time to time determine, a debenture in a form prescribed under sub-section (*1*).

(*4*) Every debenture issued by the Corporation under this Chapter shall be transferable in such manner as shall be therein expressed.

(*5*) The right to sue in respect of the moneys secured by any such debentures, or by any debentures issued by the Corporation under the authority of any prior enactment, shall be vested in the holders thereof for the time being, without any preference by reason of some of such debentures being prior in date to others.

The Calcutta Municipal (Loans) Bill, 1913.

(Clause 2 : sections 132-136.)

"132. All coupons attached to debentures issued under this Chapter shall bear the signature of the Vice Chairman; and such signature may be engraved, lithographed or impressed by any mechanical process. [*Cf.* Ben. Act III of 1890, s. 20A (inserted by Ben. Act I of 1906); Ben. Act V of 1911, s. 94.]

Signature of coupons attached to debentures.

"133. When any debenture or security issued under this Act is payable to two or more persons jointly, and either or any of them dies, then, notwithstanding anything in section 45 of the Indian Contract Act, 1872, the debenture or security shall be payable to the survivor or survivors of such persons: [*Cf.* Ben. Act V of 1911, s. 95.] IX of 1872.

Payment to survivors of joint payees.

Provided that nothing in this section shall affect any claim by the representative of a deceased person against such survivor or survivors.

"134. Where two or more persons are joint holders of any debenture or security issued under this Act, any one of such persons may give an effectual receipt for any interest or dividend payable in respect of such debenture or security, unless notice to the contrary has been given to the Corporation by any other of such persons. [*Cf.* Ben. Act V of 1911, s. 96.]

Receipt by joint holder for interest or dividend.

"135. Every loan taken by the Corporation under section 128 after the commencement of the Calcutta Municipal (Loans) Act, 1913, shall be repaid within the period approved under the second proviso to sub-section (*1*) of that section, and by such of the following methods as may be so approved, namely :— [*Cf.* Ben. Act V of 1911, s. 98.]

Repayment of loans taken after the commencement of the Calcutta Municipal (Loans) Act, 1913.

(*a*) from a Sinking Fund established under section 136 in respect of the loan, or

(*b*) if the Corporation have, before borrowing money on debentures, reserved, by public notice, a power to pay off the loan by periodical instalments and to select by lot the particular debentures to be discharged at particular periods—then by paying such instalments at such periods, or

(*c*) partly from the Sinking Fund established under section 136 in respect of the loan, and partly from money borrowed for the purpose under clause (*c*) of section 128.

"136. (*1*) Whenever the repayment from a Sinking Fund of a loan referred to in section 135 has been approved under the second proviso to section 128, sub-section (*1*), the Corporation shall establish such a Fund and shall pay into it on the first day of every half-year (commencing from the half-year next after that in which the loan is taken), until the loan is repaid, a sum so calculated that, if regularly paid throughout the period so approved, it would, with accumulations in the way of compound interest, be sufficient, after payment of all expenses, to pay off the loan at the end of that period. [*Cf.* Ben. Act, III of 1899, ss. 133, 134; Ben. Act V of 1911, s. 99.]

Establishment and maintenance of Sinking Funds for such loans.

(*2*) The rate of interest, on the basis of which the sum referred to in sub-section (*1*) shall be calculated, shall be such as may be prescribed by the Government of India.

(*3*) A separate Sinking Fund shall be established in respect of each loan referred to in section 135.

The Calcutta Municipal (Loans) Bill, 1913.

(*Clause 2 : sections 137, 138.*)

"137. Notwithstanding anything contained in section 136, if at any time the sum standing at credit of the Sinking Fund established for the repayment of any loan is of such amount that, if allowed to accumulate at the rate of interest prescribed under sub-section (*2*) of that section, it will be sufficient to repay the loan at the end of the period approved under the second proviso to section 128, sub-section (*1*), then, with the permission of the Local Government, further half-yearly payments into such Fund may be discontinued. [*Cf.* Ben. Act V of 1911, s. 100.]

Power to discontinue payments into Sinking Fund.

"138. In respect of all loans taken by the Corporation under this Chapter after the 1st April, 1881, and before the 1st April, 1912, the following provisions shall have effect, namely :—

Repayment of loans taken between the 1st April, 1881, and the 31st March, 1912.

(*1*) The Corporation shall maintain a Sinking Fund in respect of all such loans, and shall pay into such Fund the following sums:—

(*a*) on the first day of every half-year, commencing from the 1st October, 1913, in respect of such of the said loans as were repaid before the 31st March, 1913, a sum representing four *per cent.* per annum on the amount of each of such loans, such payments to be continued, in the case of each of such loans, until the expiry of a period of forty-seven years from the date on which the loan was taken, and

(*b*) on the first day of every half-year, calculated from the date of each loan, in respect of such of the said loans as have not been repaid before the 31st March, 1913, a sum representing one *per cent.* per annum on the amount of each of such loans, until the loan is repaid.

(*2*) The Corporation shall also pay into the said Sinking Fund, on the first day of each half-year, for a period of ten years, with effect from the 1st October, 1913, the sum of Rs 47,297.

(*3*) When any of the said loans hereafter falls due for repayment, it shall be repaid—

(*i*) from the sums which have accumulated, in respect of such loan, in Sinking Fund A maintained before the commencement of the Calcutta Municipal (Loans) Act, 1913, and in the Sinking Fund maintained under clauses (*1*) and (*2*) of this section, and

(*ii*) to the extent to which the sums referred to in sub-clause (*i*) of this clause fall short of the sum required for repayment of the loan—from money to be borrowed by the Corporation for the purpose, for the period by which the term of the original loan falls short of forty-seven years.

(*4*) A separate Sinking Fund shall be established in respect of each amount borrowed under sub-clause (*ii*) of clause (*3*) of this section, and the provisions of sections 136 and 137 shall apply to each such Sinking Fund.

The Calcutta Municipal (Loans) Bill, 1913.

(*Clause 2 : sections 139—141A.*)

"139. In respect of every loan taken by the Corporation after the 31st March, 1912, and before the commencement of the Calcutta Municipal (Loans) Act, 1913, the following provisions shall have effect, namely :—

Repayment of loans taken between the 1st April, 1912, and the commencement of the Calcutta Municipal (Loans) Act, 1913.

(*1*) The Corporation shall maintain a separate Sinking Fund in respect of each such loan, and shall pay into such Fund on the first day of every half-year (commencing from the half-year next after that in which the loan was taken), until the loan is repaid, a sum so calculated that, if regularly paid throughout the period of thirty years from the date on which the loan was taken, it would, with accumulations in the way of compound interest, be sufficient, after payment of all expenses, to pay off the loan at the end of that period.

(*2*) The rate of interest, on the basis of which the sum referred to in clause (*1*) shall be calculated, shall be such as may be prescribed by the Government of India.

(*3*) The provisions of section 137 shall apply to each Sinking Fund maintained under this section.

"140. (*1*) Notwithstanding anything to the contrary contained in this Chapter, the Corporation may consolidate all or any of their loans, and for that purpose may invite tenders for a new loan (to be called "the Calcutta Municipal Consolidated Loan, 19 ") and invite holders of municipal debentures to exchange their debentures for scrip of such loan. [*Cf.* Ben. Act III of 1899, s. 138 ; Mad. Act III of 1904, s 107.]

Power of Corporation to consolidate their loans.

(*2*) The terms of every such consolidated loan, and the rates at which exchange into such consolidated loan shall be permitted, shall be subject to the prior approval of the Government of India.

(*3*) The period for the extinction of any such consolidated loan shall not, without the sanction of the Government of India, extend beyond the furthest date within which any of the loans to be consolidated would otherwise be repayable.

(*4*) The Corporation shall provide for the repayment of every such consolidated loan by establishing a Sinking Fund therefor.

(*5*) The provisions of sections 136 and 137 shall apply to each Sinking Fund established under sub-section (*4*) :

Provided that, in calculating the sum to be paid into any such Sinking Fund in pursuance of section 136, the sum transferred to that Fund in pursuance of the proviso to section 141B shall be taken into account.

"141. The time for the repayment of any money borrowed under this Chapter for the purpose of discharging any previous loan shall not, except with the express sanction of the Government of India, extend beyond the unexpired portion of the period for which such previous loan was sanctioned. [*Cf.* Ben. Act III of 1899, s. 139.]

Time for repayment of money borrowed to discharge previous loan.

"141A. (*1*) All money paid into a Sinking Fund shall as soon as possible be invested, under the orders of the Corporation, in— [*Cf.* Ben. Act III of 1889, s. 135 ; Ben. Act V of 1911, s. 101.]

Investment of Sinking Funds.

(*a*) Government securities, or

(*b*) securities guaranteed by the Government, or

(*c*) Calcutta Municipal debentures, or

(*d*) debentures issued by the Commissioners for the Port of Calcutta, or

(*e*) debentures issued by the Trustees for the Improvement of Calcutta,

in the joint names of the Secretary to the Government of Bengal in the Financial Department and the Accountant-General of

The Calcutta Municipal (Loans) Bill, 1913.

(Clause 2 : sections 141B—141E.)

Bengal, for the time being, to be held by them as trustees for the purpose of repaying from time to time the debentures issued by the Corporation.

(*2*) All dividends and other sums received in respect of any such investment shall, as soon as possible after receipt, be paid into the appropriate Sinking Fund and invested in the manner prescribed by sub-section (*1*).

(*3*) Any investment made under this section may from time to time, subject to the provisions of sub-section (*1*), be varied or transposed.

"141B. Until any loan is wholly discharged, the aforesaid trustees shall not apply the Sinking Fund established in respect of that loan to any purpose other than the discharge of that loan : [*Cf.* Ben. Act III of 1899, s. 136.]

Application of Sinking Funds.

Provided that, when any loan or part thereof has been consolidated under section 140, the said trustees shall transfer to the Sinking Fund established for such consolidated loan the sum standing at credit of the Sinking Fund of the original loan, or, if part only of a loan has been consolidated, then such part of the sum standing at credit of the Sinking Fund of the original loan as is proportionate to the amount of the original loan which is incorporated in the consolidated loan. [*Cf.* Mad. Act III of 1904, s. 105, proviso.]

"141C. (*1*) The aforesaid trustees shall, at the end of every financial year, submit to the Corporation a statement showing— [*Cf.* Ben. Act III of 1899, s. 137.]

Annual statement by Trustees.

(*a*) the amount which has been invested during the year under section 141A,

(*b*) the date of the last investment made previous to the submission of the statement,

(*c*) the aggregate amount of the securities then in their hands, and

(*d*) the aggregate amount which has, up to the date of the statement, been applied under section 141B in or towards discharging loans.

(*2*) Every such statement shall be laid before the Corporation and published in the Calcutta Gazette.

"141D. All payments due from the Corporation for interest on and repayment of loans shall be made in priority to all other payments due from the Corporation. [*Cf.* Ben. Act III of 1899, s. 140.]

Priority of payments for interest and repayment of loans over other payments.

"141E. (*1*) All Sinking Funds established under this Act shall be subject to annual examination by the Accountant-General, Bengal, who shall ascertain whether the cash and the current value of the securities at credit of such Funds are actually equal to the amount which would have accumulated had investments been regularly made and had the rate of interest as originally estimated been obtained therefrom. [*Cf.* Ben. Act II of 1907, s. 6 ; Ben. Act V of 1911, s. 104.]

Annual examination of Sinking Funds.

(*2*) The Corporation shall forthwith pay into any Sinking Fund any amount which the Accountant-General may certify to be deficient, unless the Government of India specially sanction a gradual readjustment.

(*3*) If the cash and the current value of the securities at credit of any Sinking Fund are more than equal to the amount which should have accumulated in the circumstances described in sub-section (*1*), the aforesaid trustees may pay the excess sum to the Corporation.

The Calcutta Municipal (Loans) Bill, 1913.

(*Clause 2 : sections 141F, 141G. Clause 3.*)

"141F. (*1*) If any money borrowed by the Corporation from the Government, whether before or after the commencement of this Act, or any interest or costs due in respect thereof, is or are not repaid according to the conditions of the loan, the Local Government may attach the Municipal Funds or any of them. [*Cf.* Ben. Act III of 1899, s. 141.]

Attachment of Municipal Funds for recovery of money borrowed from the Government.

(*2*) After such attachment, no person except an officer appointed in this behalf by the Local Government shall in any way deal with the attached Funds; but such officer may do all acts in respect thereof which any municipal authority, officer or servant might have done if such attachment had not taken place, and may apply the proceeds in satisfaction of the arrear and of all interest and costs due in respect thereof and of all expenses caused by the attachment and subsequent proceedings :

Provided that no such attachment shall defeat or prejudice any debt for which the Funds attached were previously pledged in accordance with law; but all such prior charges shall be paid out of the proceeds of the Funds before any part of the proceeds is applied to the satisfaction of the debt due to the Government.

"141G. If the Corporation fails to make any payment as required by section 141E, sub-section (*2*), the Local Government may attach the Municipal Funds or any of them; and the provisions of sub-section (*2*) of section 141F shall, with all necessary modifications, be deemed to apply." [*Cf.* Ben. Act IV of 1898, s. 81 (*1*); Ben. Act V of 1911, s. 106.]

Attachment of Municipal Funds for securing payment into Sinking Funds.

Repeal of Schedule VI to Ben. Act III of 1899.

3. Schedule VI to the Calcutta Municipal Act, 1899, is hereby repealed. Ben. Act III of 1899.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to amend the provisions of the Calcutta Municipal Act, 1899, relating to loans. Amendment has been necessitated by the discovery of certain defects in the constitution of the Sinking Fund A prescribed by section 133. The sanctioned term of the Corporation loans has hitherto been 30 years or less; but whereas in 30 years the 1 *per cent.* payment prescribed by section 131 will only accumulate to a little over half the total amount of the loan, there is no provision either for increasing the Sinking Fund payment or for continuing it after the repayment of the loan. Consequently, when a loan matures, the payments made to the Sinking Fund on its account do not suffice to repay it, and the balance is taken from the accumulated payments on account of other loans. This process can only end in the entire depletion of the Sinking Fund. It is necessary therefore to provide for replacing the sums wrongly taken from the Sinking Fund in the past, and to ensure that in the future every loan shall be repaid out of its own accumulated Sinking Fund payments.

II. The opportunity has also been taken to revise the form of Corporation debenture and to make a few minor alterations in the law.

NOTE ON CLAUSES.

Clause 2 of the Bill.

Section 128 (1).—The opportunity has been taken to amalgamate sections 128 and 129 of the present Act. The former permits of money being borrowed, in pursuance of a resolution passed at a special meeting and sanctioned by the Government of India, for the construction of works of a permanent nature, while the latter provides for loans, with the sanction of the Government of India, for the repayment of moneys previously borrowed. It is more convenient to include all the purposes for which money can be borrowed in one section, and there is no reason why the authority of a special meeting should not be required whenever loans are to be floated.

2. As in the existing Act, the rate of interest and the terms of every loan will require the sanction of the Government. It is proposed further to declare definitely that the *method* of repayment should require the approval of the Government: this addition has been made with particular reference to the proposed section 135, which provides for alternative methods of repayment.

3. It is proposed to omit the words "of a permanent nature" in clause (*a*) of section 128, in view of the alterations proposed in the new sections 135 and 136. Provided the term of a loan, and therefore the amount of the Sinking Fund payment, is suitably adjusted to the life of the work, it may be desirable in exceptional cases to finance from loans works which cannot be described as of a permanent nature.

4. It is unnecessary to reproduce clause (*a*) of the existing section 129, since it is more conveniently covered by clause (*a*) of the proposed section 128.

5. It is proposed to give the Local Government power to sanction loans up to five lakhs, provided the term of loan does not exceed 30 years, and to approve the rate of interest to be paid for such loans and the terms upon which they are to be taken. In all other cases, the powers of sanction and approval will remain with the Government of India.

6. *Section 128 (2), clause (i).*—The condition that money borrowed by the Corporation for a particular purpose cannot be diverted to any other without the previous sanction of the Local Government is not, in practice, new, but it did not previously find a place in the Act. Now that Chapter X is under amendment, it is considered desirable to include the restriction in the law.

7. *Section 128 (2), clause (ii).*—The practice of oncosting to capital a share of the expenditure upon establishments is open to abuse, and it is deemed desirable definitely to restrict this procedure to the case of the staff exclusively employed upon the works for the construction of which money was borrowed.

8. *Section 130.*—In consequence of the power given in the proposed section 135 (*b*) to repay a loan by instalments, the amount of these has been included in the total sum payable by the Corporation on account of the service of their loans, which is limited to 10 *per cent* on the annual value of buildings and land in the town. As long as the payments under the proposed section 138 (*2*) continue, these will also be included. It is now stated that the annual value is the annual *rateable* value; the point was not free from doubt under the existing Act, but the Advocate-General has given an opinion to this effect, and it is desirable that no ground for misapprehension should be left in future.

9. *Section 131.*—During 1909 there was some discussion as to the desirability of the Corporation raising a sterling loan, and the Government of India drew attention to the terms of the existing section 132, which provides for the transfer of debentures by endorsement only—a condition which, it was apprehended, might prove unacceptable to the English investing public. An alteration of the law on the lines of section 20 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), as amended by section 3 of Bengal Act II of 1907, was then suggested. The section now proposed is the outcome of that discussion.

10 *Section 132.*—This new section has been inserted at the suggestion of the Corporation, to provide for the signature of debenture coupons otherwise than by hand.

11. *Sections 133 and 134.*—These new sections have been taken from the Calcutta Improvement Act, 1911. There were no corresponding provisions previously in the Calcutta Municipal Act, and it is believed that definite provision to the effect proposed will be found to be useful.

12. *Sections 135 and 136.*—These proposed sections define the procedure for the repayment of loans taken after the present Bill has become law, and are modelled respectively upon sections 98 and 99 of the Calcutta Improvement Act, 1911. On that analogy provision has been made in section 135 (*b*) for the repayment of loans in instalments to be selected by lot, should it be thought desirable in any particular case to adopt that procedure. The ordinary method of repayment will be a Sinking Fund, and it is provided that the payments to the Sinking Fund must be regulated by the term of the loan.

13. A separate Sinking Fund, with separate accounts, is to be established for each loan.

14. *Section 137.*—This section has been modelled on section 100 of the Calcutta Improvement Act, 1911. It is possible that the rate of interest prescribed under the new section 136 (*2*) may be less in practice than that which is actually earned by the Sinking Fund. If so, it may be found possible to discontinue the half-yearly contributions before the date originally contemplated.

15. *Section 138.*—This new section deals with the measures necessary to rectify the defects of the existing Sinking Fund A, as regards all loans issued by the Corporation prior to the 1st April, 1912. In this case the single Sinking Fund has been maintained, although separate paper accounts will be required [*vide* proposed section 138 (*4*)] of the amount which has been paid into, and which has accumulated in, the Sinking Fund on account of each loan. These paper accounts are necessary to secure that no more is taken out of the Fund for the repayment of each loan than has been paid (with accumulations) in respect of that loan. To prevent any further depletion of the Sinking Fund it is essential that payments should be recommenced on account of those loans which have already been repaid by premature withdrawal of money from the Sinking Fund. The 4 *per cent.* represents the Sinking Fund payment of 1 *per cent. plus* the interest the Fund would have earned had the capital not been withdrawn; 47 years is the period in which a 1 *per cent.* payment will accumulate to the total amount of the loan.

16. *Clause (1) of section 138* refers only to loans taken after the 1st April, 1881. It is unnecessary to make provision for a special Sinking Fund for the repayment of loans issued before that date, as there are none such now outstanding.

17. *Clause (2) of section 138.*—The actual deficit in the Sinking Fund has been ascertained in the following way:—

The sum that ought to be in the Sinking Fund on the 1st April, 1912, if the Sinking Fund payment of 1 *per cent.* had continued to be made on every loan taken after 1st April, 1881, for a period of 47 years from the date of the loan, and had been allowed to accumulate at 3 *per cent.* compound interest for that period, was carefully calculated. Deducting from this the sum that actually will be at the credit of the Sinking Fund at that date, the actual present deficit has been obtained. This will be replaced in ten years, and, to avoid unnecessary complications, only the amount of the half-yearly payment has been entered.

18. *Clause (3) of section 138* prescribes the method of repaying outstanding loans taken before the 1st April, 1912. These loans will be due for repayment before the Sinking Fund payments at their credit have accumulated to the amount of the loan. The Sinking Fund payments will be utilized as far as they will go, and for the remainder a fresh loan will be taken. The term of this fresh loan will be such as to get rid of the debt within 47 years of the date of the original loan, and the Sinking Fund payments for it will be regulated accordingly.

19. *Section 139.*—In accordance with the instructions given by the Government of India when sanctioning the loan of 34 lakhs in 1912, provision has been made for the repayment of this loan, and any further loan taken before the commencement of the new Act, within a period of thirty years.

20. *Section 140* is the existing section 138, with some necessary alterations. The section has never yet been made use of, but it seems desirable to retain it. In its present form the existing section 138 would allow borrowing without a definite term of repayment. The new section 140 is based on section 107 of Madras Act III of 1904.

21. *Section 141* replaces section 139 of the present Act.

22. *Section 141A* reproduces the existing section 135. It is proposed, however, to allow the Corporation to invest the Sinking Fund in debentures issued by the Port Commissioners or the Improvement Trustees, as well as in securities authorized by the present law.

23. It is proposed to omit sub-section (*3*) of the existing section 135, which appears to be unnecessary. The Trustees will see that the Sinking Fund is credited with the interest on its investments, whatever their character; and, under the scheme contemplated by the Bill for the repayment of debt, it is not necessary that interest should be paid to the Sinking Fund on any part of it which may be withdrawn.

24. *Section 141B.*—The wording of the existing section 136 has been amended, since it appears to be already sufficiently provided for in the law that the Trustees may apply the Sinking Fund towards the discharge of debt. All that appears to be necessary is to prevent the misapplication of the Sinking Fund of any loan to any other purpose until that loan has been repaid.

25. *The proviso to the proposed Section 141B* is new. It is necessary to meet the case of a consolidated loan for which under the proposed section 140 a Sinking Fund must be established. The accumulation at the credit of the loans to be consolidated should be transferred to this new Sinking Fund.

26. *Section 141E.*—In order to safeguard the interests of the Sinking Funds, it is proposed, on the analogy of section 104 of the Calcutta Improvement Act, 1911, to give power to the Accountant-General to examine them annually, and to require deficiencies (if any) forthwith to be made good. On the other hand, if it is found that any Fund is in excess of what is required, it is left optional with the Trustees to pay such excess to the Corporation.

27. *Section 141G.*—This section is new. It gives to the Local Government power to enforce a requisition of the Accountant-General made under the proposed section 141E.

Clause 3 of the Bill.

28. Schedule VI to the present Act prescribes the form of Corporation debenture. This form may now be varied under the new section 131, and it is therefore proposed to repeal the Schedule.

Secy. to the Govt. of Bengal.

CALCUTTA. *the 18th February 1913.*

CHINA, EAST COAST—KYAU CHAU BAY.

Tsingtau—Information with regard to wireless telegraph service.

No. 82 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 75 of 1913), are republished :—

Position.—Wireless station, lat. 36° 4′ N., long. 120° 19¼′ E.
Details.—The wireless station on Diederichs hill uses the 600-mètre wave length for public communication, and the call signal is KTS. The station has an uninterrupted service.

Weather reports will be made in connection with the news service which occurs daily at 2-30 P.M. and 11-0 P.M., Standard mean time (120th Meridian time).

Storm warnings from the Tsingtau observatory will be at once telegraphed, three successive times, and again repeated once in connection with the news service.

Notices to Mariners which are important, such as the drifting of light-vessels, will be at once promulgated, as follows :—

— .. — — .. — — .. — Attention and for tuning purposes.

Authority.—Berlin Notice, No. 3294 of 1912.

CHINA, EAST COAST—KYAU CHAU BAY.

Tsingtau—Wireless time-signal established.

No. 83 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 76 of 1913), are republished :—

Position.—Wireless station, Diederichs hill.
Lat. 36° 1′ N., long. 120° 19¼′ E.

Details.—Time signals will be given daily at 8h. 0m. 0s. A.M. and 8h. 0m. 0s. P.M. Standard mean time (120th Meridian time), corresponding to midnight and noon Greenwich mean time respectively, in the following manner :—

At 7h. 55m., warning signal from Tsingtau Observatory to Wireless station. The station then makes the call "Greenwich mean time," and afterwards the Morse letter (V . . . —) continuously until 7h. 58m. The clock then closes the circuit automatically from

h.	m.	s.		h.	m.	s.
7	58	55	to	7	59	0
7	59	10	„	7	59	15
7	59	25	„	7	59	30
7	59	40	„	7	59	45
7	59	55	„	8	0	0

In order to render distinction possible, in case of necessity, the sound from 7h. 59m. 10s. to 7h. 59m. 15s., and from 7h. 59m. 40s. to 7h. 59m. 45s. will be interrupted shortly in the middle.

Remarks.—In case of irregularities in the signals, the words "Zeitsignal ungültig" (Time-signal annulled) will be telegraphed after the conclusion of the signals. The necessary apparatus must not therefore be set aside immediately after the close of the time-signals.

If it is foreseen that the time signals cannot be made, this will be notified after the news service, which is made daily at 2-30 P.M. and 11 P.M., Standard mean time.

Shaweishan light—Intended alteration in character; Provisional lights to be exhibited.

No. 78 (second publication).—The Coast Inspector, Shanghai, has given Notice (No. 544 of 1912) that on or about the 31st January 1913 the existing Shaweishan Light will be discontinued, and that during the time that a new permanent light is being installed, provisional lights (two) will be exhibited as follows :—

On the northern side of and adjoining the existing tower a timber structure will be erected, from which will be exhibited a Dioptric, Revolving, Fourth Order Light, showing a single flash every 20 seconds, thus :—

Light	...	...	... 15 seconds.
Eclipse	...	...	... 5 „

This light will be elevated 227 feet above the level of the sea, and should be visible in clear weather at a distance of about 21 miles, but will be obscured by the existing tower to vessels to the southward through an arc of about 40°. This arc of obscuration will be illuminated by a Sixth Order Lens Lantern, situated on the southern slope of the island, which will show a *white* light varied by three occultations in quick succession every 30 seconds, and visible in clear weather at a distance of 10 miles.

AUSTRALIA, EAST COAST.

Brisbane river entrance—Removal of the Pile lighthouse.

No. 79 (second publication).—The Portmaster, Brisbane, has given Notice (No. 1 of 1913) that, on and after 11th February 1913, all lights, tide, and other signals, as now exhibited from the Pile Lighthouse at the Old Bar Channel Entrance to the Brisbane River, will be discontinued.

One small white light will be exhibited from the structure during the demolition of the building and until further notice.

On and after the above date Tide Signals as now exhibited from the present lighthouse will be shown from the new Pile Light in course of erection, at the entrance to the New Bar Channel; except that the signals indicating flood and ebb will be discontinued until the structure is completed.

The main light will not be exhibited until completion of the building, but a white light visible 8 to 9 miles will be shown all round from a position above the permanent floor of the new structure. The new lighthouse will not be a signal station, and no signals other than those specified will be shown until telephone communication is established, of which due notice will be given.

BRITISH POSSESSIONS.

Caution when approaching British Ports.

No. 55 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1 of 1913), are republished:—

PART I.

CLOSING OF PORTS.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that local or other circumstances may arise in which it may be necessary, on account of periodical exercises, manœuvres, or otherwise, to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three *red* vertical lights by night or three *red* vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II of this Notice.

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty charts and anchor there, or keep the sea.

(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

Examination Service.

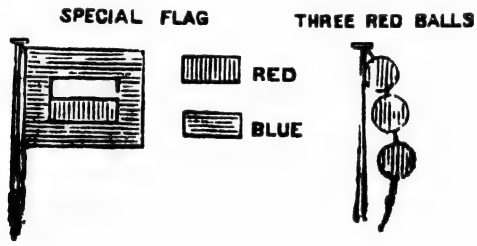
(4) Under certain circumstances it may become necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to Part III of this Notice.

(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor.

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

(7) By day the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.



By night the steamer will carry—

(*a*) Three *red* vertical lights if the port is closed.

(*b*) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

Whilst at anchor in the Examination anchorage Masters are warned that they must not lower any boats (except to avoid accident), communicate with the shore, work cables, move the ship, or permit anyone to leave the ship without permission from the Examination steamer.

(9) In case of fog, Masters of vessels are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(10) The pilots attached to the ports will be acquainted with the regulations to be followed.

BRITISH EMPIRE.

Signals to be made by vessels approaching ports when inconvenienced by search-lights.

No. 56 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 2 of 1913), are republished :—

Any vessel approaching a port in the British Empire when search-lights are being worked, and finding that they interfere with her safe navigation, may make use of the following signals, either singly or combined :—

(*a*) By flashing lamp, *four short* flashes followed by *one long* flash.

(*b*) By whistle, siren, or fog-horn, *four short* blasts followed by *one long* blast.

Whenever possible, both flashing lamp signals and sound signals should be used.

On these signals being made, the search-lights will be worked, as far as circumstances will permit, so as to cause the least inconvenience, being either doused, raised, or their direction altered.

The signals should not be used without real necessity, as unless the vessel is actually in the rays of a search-light it is impossible to know which search-light is affected.

Note.

These signals are designed to assist mariners and do not render the Government liable in any way.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 24th February 1913.

Summary.—During the week under report rain fell throughout the province except in Bogra, Malda and Cooch Behar. The fall was moderate in the Burdwan and Presidency Divisions and generally light in the rest of the province. The recent rain has facilitated the ploughing operations for *bhadoi* crops. The harvesting of *rabi* crops and the pressing of sugarcane are in progress. Prospects of standing crops are generally good. The average price of common rice for the province has risen by about 1·3 per cent. as compared with that of the previous week. Cattle-disease is reported from parts of Nadia, Burdwan, Mymensingh, Tippera and Noakhali.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

CHINA, EAST COAST—KYAU CHAU BAY.

Tsingtau—Wireless time-signal established.

No. 83 (second publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 76 of 1913), are republished:—

Position.—Wireless station, Diederichs hill.
Lat. 36° 4′ N., long. 120° 19½′ E.

Details.—Time signals will be given daily at 8h. 0m. 0s. A.M. and 8h. 0m. 0s. P.M. Standard mean time (120th Meridian time), corresponding to midnight and noon Greenwich mean time respectively, in the following manner:—

At 7h. 55m., warning signal from Tsingtau Observatory to Wireless station. The station then makes the call "Greenwich mean time," and afterwards the Morse letter (V . . . —) continuously until 7h. 58m. The clock then closes the circuit automatically from

h.	m.	s.		h.	m.	s.
7	58	55	to	7	59	0
7	59	10	„	7	59	15
7	59	25	„	7	59	30
7	59	40	„	7	59	45
7	59	55	„	8	0	0

In order to render distinction possible, in case of necessity, the sound from 7h. 59m. 10s. to 7h. 59m. 15s., and from 7h. 59m. 40s. to 7h. 59m. 45s. will be interrupted shortly in the middle.

Remarks.—In case of irregularities in the signals, the words "Zeitsignal ungültig" (Time-signal annulled) will be telegraphed after the conclusion of the signals. The necessary apparatus must not therefore be set aside immediately after the close of the time-signals.

If it is foreseen that the time signals cannot be made, this will be notified after the news service, which is made daily at 2-30 P.M. and 11 P.M., Standard mean time.

CREATION OF A MUSEUM AT DACCA.

GENERAL DEPARTMENT.

MISCELLANEOUS.

CALCUTTA, THE 3RD MARCH 1913.

RESOLUTION—No. 1579.

AT a representative and largely attended meeting held at Dacca last July, it was resolved to take steps for the establishment of a local Museum for objects of historical and antiquarian interest. A considerable amount of investigation and research work has been carried out by private gentlemen,

and officers of Government, and has resulted in the collection of many articles of much interest and value, which are likely to be destroyed or lost sight of, unless they are brought together and placed in proper custody. A large room in the Secretariat at Dacca has been set apart for the use of the Museum, and a representative General Committee has been nominated for the purpose of making detailed arrangements. The Governor in Council has much pleasure in according his general approval to the scheme. It will probably be found desirable hereafter to connect the Museum in some way with the Dacca University, but meanwhile it is necessary to make provision for the articles which have already been collected, and which are at present stored in the Collectorate and in private houses, while the establishment of a Museum will stimulate and co-ordinate the energies and activities of the many local workers, whose labours have already produced valuable results.

2. The Governor in Council is pleased to approve the following gentlemen as a provisional General Committee for the purpose of constituting the Dacca Museum :—

Dacca District.

1. The Commissioner of the Dacca Division.

The provisional General Committee is authorized to appoint an Executive Committee consisting of a President and six members to draft rules for the

management of the Museum. The rules should deal, *inter alia*, with the constitution of permanent General and Executive Committees and the tenure of office by the members of those bodies, and it is hoped that it will be possible to secure the co-operation of residents of the Rajshahi and Chittagong Divisions. The draft rules, after approval by the provisional General Committee, should be submitted to Government for sanction.

ORDER.—Ordered that the above Resoultion be communicated to the Commissioner of the Dacca Division for information and communication to the other members of the Museum Committee, and also to the Accountant-General, Bengal, for information.

By order of the Governor in Council,

J. H. KERR,

Secretary to the Government of Bengal.

Second Forecast of the Wheat Crop of Bengal, 1912-13.

(NOTE.—On the average of the five years ending 1910-11, the area under wheat in Bengal represents some 0·6 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total acreage in (a) British India and (b) in the territory now reported on has in the five years ending 1910-11 averaged (a) 40·0 per cent. and (b) 10·7 per cent., respectively).

Character of the season.—The chief wheat-growing districts in Bengal are Malda, Murshidabad, Nadia and Pabna. Owing to good rain in September and October sowings generally commenced at the usual time. They were a little late only in Malda and in parts of Burdwan and Rangpur owing to want of timely rain. Good showers of rain in the beginning of November generally facilitated the growth of the crop. The rainfall in January was below the normal in all districts except Midnapore, where it was in slight excess. The season in the chief wheat-growing districts has been favourable and prospects of the crops are reported to be good.

Area sown.—The total area sown with the crop this year is estimated at 146,000 acres against 143,000 acres of last year.

Outturn.—The outturn in the important wheat-growing districts is as follows: Malda, Murshidabad and Pabna 100 per cent. each, Nadia 84 per cent. According to the estimates of the District Officers the outturn for the Province as a whole works out to 93 per cent. of the normal.

CALCUTTA,

Director of Agriculture, Bengal.

Second Forecast of the Wheat Crop of Bengal, 1912-13.

District.	Estimated normal area under wheat.	Estimated area under wheat.		Estimated outturn as a percentage of the normal yield per unit of area.		Date by which the sowing generally commenced this year, and whether that date was early, normal or late.	Remarks by District Officers.
		Last year.	This year.	Last year.	This year.		
1	2	3	4	5	6	7	8
	Acres.	Acres.	Acres.				
Nadia	23,100	16,100	17,400*	83	83	End of October. Normal.	The weather has been favourable. No damage has been done to the crop from any causes. The increase of area as compared with the estimate in the first forecast is due to inclusion of figures for Kumarkhali and Mirpur thanas which had not been received at the time of the submission of the first forecast.
Murshidabad ...	69,300	36,500	37,300	83	100	Middle of October. Early.	The weather has been favourable and a better outturn than last year is expected. The increase in area was due to sowing of some paddy lands with wheat, as these lands were not cultivated with paddy for want of rain.
Jessore	1,700	1,200	1,000*	75	75	Middle of October. Normal.	Conditions have been favourable for the growth of the crop. The increase of area compared with the first forecast is due to increase of 300 acres reported from Jhenidah.
Burdwan	1,800	2 000	2,000	100	108	Last week of October ...	The weather has been favourable all through.
Birbhum	5,000	4,000	5,000	92	100	First week of November. Normal.	The weather has been favourable and the outturn is anticipated to be normal. The increase of area as compared with that of last year is due to good rainfall at sowing time.
Bankura	5,500	3,700	3,800	83	83	End of October. Normal.	The weather has been moderately favourable and the general condition of the crop is fair.
Midnapore	2,000	1,500	1,400*	83	75	Latter part of October. Normal.	The weather has been moderately favourable. The outturn is anticipated to be below the normal. The increase of area as compared with the first forecast is due to inclusion of the area in Keshpur thana of the Sadar subdivision which had been omitted.
Hooghly	2,400	1,600	1,700	80	83	Last week of October ...	The increase of area compared with that of last year is due to timely rainfall.
Rajshahi	8,500	7,900	7,600*	60	65	First week of November	The outturn is anticipated to fall below the normal owing to want of rainfall in December and January.
Dinajpur	1,000	1,600	1,300	80	85	First part of November. Normal.	The weather has not been favourable owing to excessive rainfall in November. The outturn is expected to be poor.
Jalpaiguri	1,000	800	1,100	75	75	Middle of October. Normal.	Owing to excessive rainfall the outturn is likely to fall below the normal.
Darjeeling	4,500	4,500	4,500	69	77	End of September. Normal.	The weather has been moderately favourable and the growth of the crop is fair.
Rangpur	2,000	3,500	3,500	100	75	First week of November. Normal.	Owing to heavy rain after sowing the outturn is anticipated to fall below the normal.
Pabna	16,000	16,000	16,000	80	100	Beginning of November. Normal.	The weather conditions have been good. There has been no damage from drought, insect-pests or crop diseases.
Malda	60,000	40,000	40,000	90	100	Beginning of November. Late.	The sowing of the crop was late owing to want of timely rainfall, but the weather since has been favourable. There has been no damage to the crop.
Faridpur	2,000	2,100	2,400	87	90	Middle of October. Normal.	The weather conditions have been fair. The crop would have been better if there had been timely rainfall. The increase of area is due to extension of cultivation in Sadar subdivision.
Total ...	207,400	143,000	146,000*	85	93		

* Revised since the first forecast.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Spring Oilseed Crops of Bengal, 1912-13.

(NOTE.—On the average of the five years ending 1910-11, the area under linseed in Bengal represents some 7·5 per cent., and that under rape and mustard 22·0 per cent. of the total area under these crops in British India.)

Explanatory.—This forecast deals with all kinds of oilseeds, except sesamum, for which separate forecasts are issued.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions the area under the crops is limited. The total area sown this year with the different kinds of oilseeds, excepting *til*, is estimated at 1,587,900 acres against 1,574,000 acres of last year.

Character of the season and condition of the crops.—The rainfall in September and October was general and sufficient for the sowings of the crops in normal time. The sowings were a little late only in Khulna, Malda, Noakhali and in parts of Jalpaiguri, Dacca and Chittagong. There were good showers of rain in the beginning of November, which generally favoured the growth of the crops. This was followed by a general drought, which has affected the outturn of the crops in most districts. Injury by insects is reported from Murshidabad, Midnapore, Malda, Dacca, Mymensingh and Faridpur. The season has been, on the whole, not very favourable since the crops were sown.

Outturn.—According to the estimates of the District Officers the total outturn of the different kinds of oilseeds (excepting *til*) for the province as a whole works out to 90 per cent. of the normal against 84 per cent last year.

D. N. MOOKERJI,
for *Director of Agriculture, Bengal (on tour.)*

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 3rd March 1913.

Summary.—During the week under review light rain fell throughout the Province except in places in the Chittagong Division. Preparation of lands for *bhadoi* paddy and jute is going on briskly. The harvesting of *rabi* crops and the pressing of sugarcane are in progress. Prospects of standing crops are generally good. The average price of common rice for the Province has risen by about 1·5 per cent. as compared with that of the previous week. Cattle-disease is reported from Khulna and from parts of Burdwan and Tippera.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION,

No. 2004A.—The 4th March 1913.—Whereas Maulvi Abdul Gofran, a voter in the Muhammadan electorate of the Presidency Division, has addressed to Government a memorial, dated the 21th January 1913, disputing the validity of the election by the Muhammadan community of the said division of the Hon'ble Mr. Golam Hossein Cassim Ariff as an Additional Member of the Bengal Legislative Council, and praying that the said election may be declared void:

And whereas it appears, after due enquiry, that no sufficient grounds for questioning the validity of the said election have been disclosed;

Now, therefore, the Governor in Council declares, in pursuance of Regulation XVI (*2*) of the Regulations for the nomination and election of Additional Members of the said Council, that the Hon'ble Mr. Golam Hossein Cassim Ariff was duly elected.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 2224A.—The 11th March 1913.—In exercise of the power conferred by clause (*2*) of Regulation I of the Regulations for the nomination and election of Additional Members of the Legislative Council of the Governor of Fort William in Bengal, the Governor is pleased to nominate the following gentlemen, to be Members of the said Council, namely :—

Sir Allan Arthur, KT., and
Sir Frederick Loch Halliday, KT., C.I.E., M.V.O.

2. In exercise of the power conferred by the proviso to Regulation X (1) of the said Regulations, the Governor is pleased to limit the term of office of the said Members to two months.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 1009M.R.—The 5th March 1913.—Notice is hereby given that, under sub-section (*1*) of section 47 of the Co-operative Societies Act, 1912 (II of 1912), no person other than a Co-operative Society registered under that Act may in future carry on business under any name or title of which the word "Co-operative" is part without the sanction of the Local Government, and that, under sub-section (*2*) of the same section, whoever infringes this restriction will render himself liable to a fine.

2. Under the proviso to the said sub-section (*1*) of section 47, the aforesaid provisions of that section do not apply to the use by any person or his successor in interest of any name or title under which he traded or carried on business before the 1st March, 1912.

3. The following is a list, so far as is known, of the concerns in the Bengal Presidency, which used the word "Co-operative" as part of their name or title before the 1st March 1912, and which are consequently exempt from the provisions of section 47 of the said Act. Any other persons claiming exemption on this ground should communicate with the Registrar of Co-operative Societies before the 31st May 1913 :—

No. 1056M.R.—The 8th March 1913.—The following draft of rules which the Governor in Council intends to make under section 43 of the Co-operative Societies Act, 1912 (II of 1912), in supersession of all previous rules on the subject made by the Lieutenant-Governors of Bengal and Eastern Bengal and Assam, respectively, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 15th April 1913, and any suggestions or objections received by the undersigned before that date will be duly considered.

J. H. KERR,
Secy. to the Govt. of Bengal.

DRAFT RULES.

Definitions.

1. In these rules—

"the Act" means the Co-operative Societies Act, 1912; and

"rules" means rules made under the Act and for the time being in force.

Restriction on interest of member of society with limited liability and a share capital.

2. Where the liability of the members of a society is limited by shares, no member other than a registered society shall hold more than one-fifth of the share capital of the society.

Application for registration.

3. (1) Every application for the registration of a society shall be submitted to the Registrar in the form contained in the schedule to these rules and shall be signed by the applicants.

(2) With every such application there shall be submitted two copies of the by-laws which the society proposes to adopt. Both of these copies shall be signed by the applicants. One such copy shall be retained in the Registrar's office and the other, after approval by the Registrar, shall be returned to the society, stamped with the official seal of the Registrar.

(3) In any case where one of the applicants is a registered society, the application for registration and copies of the by-laws submitted therewith, under this rule, shall be signed on its behalf by the office-bearer who is empowered by the by-laws of such society to sign documents on its behalf.

Procedure of registration on receipt of applications.

4. (1) The Registrar shall examine every such application and the by-laws submitted therewith in order to satisfy himself as to—

(*a*) whether they are in conformity with the Act and the rules;

(*b*) whether the by-laws are suitable for ensuring the safe conduct of business and for carrying out the purposes of the Act; and

(*c*) whether the proposed society has complied with the provisions of the Act and the rules;

and may direct any alterations to be made in the application or by-laws in order to bring them into conformity with the Act or the rules.

(2) If the Registrar is not satisfied on all the points mentioned in clauses (*a*), (*b*) and (*c*) of sub-rule (1) he shall refuse to register the society; but if he is so satisfied, he may, if he thinks fit, register the society and its by-laws and grant a certificate of registration to such society.

(3) In every case in which the Registrar refuses to register a society he shall record in writing the reasons for his refusal, and shall communicate his decision to the applicants.

Power to make by-laws.

5. (1) A society shall make by-laws in respect of the following matters, namely:—

(*a*) the name and registered address of the society;

(*b*) the area of its operations;

(*c*) the objects for which the society is established, and the purposes to which its funds may be applied;

(*d*) the qualifications required for membership and the terms of admission of members;

(*e*) the rights and liabilities of membership;

(*f*) the manner in which the capital may be raised;

(*g*) the mode of appointment and removal of the Committee and officers of the society, and the duties and powers of such Committee;

(*h*) the mode of summoning and conducting meetings and the right of voting;

(*i*) the general conduct of the business of the society; and

(*j*) the disposal of profits.

(2) In addition to the above, a society may make by-laws on any other matters incidental to the management of its business, including—

(*a*) the imposition of fines and forfeitures on members and the consequences of the non-payment of any sums due by members to the society; and

(*b*) the authorization of any officer or officers to sign documents on behalf of the society.

Amendment of by-laws.

6. (1) After the registration of a society and its by-laws such society may amend its by-laws by altering or rescinding any by-law or by making a new by-law. Every such amendment shall be made only in accordance with a resolution passed at a general meeting of the society:

Provided that—

(*a*) due notice of any proposal to amend is given in accordance with the by-laws;

(*b*) the resolution is passed by not less than two-thirds of the members present at the general meeting, and by not less than half of the total number of members; and

(*c*) the amendment is approved and registered by the Registrar:

Provided also that—

the Registrar may, in special cases, sanction and register an amendment passed by two-thirds of the members present at a general meeting at which the number of members required by proviso (*b*) did not attend, if he is satisfied, for reasons to be recorded by him in writing,—

(*i*) that it is impossible for the society to secure the attendance of half of the total number of members at a general meeting;

(*ii*) that the adoption of the proposed amendment would be in the interests of the society; and

(*iii*) that such amendment is likely to meet with the approval of the general body of members.

(2) In every case in which the by-laws of a registered society are amended an application for the registration of the new or altered by-law or for the rescission of an existing by-law shall be submitted to the Registrar signed by the Secretary and three members of the Committee of Management. The application shall contain information as to—

(*a*) the date of the general meeting at which the amendment was passed;

(*b*) the number of members present at the meeting;

(*c*) the number of the members who voted in support of the amendment; and

(*d*) the number of members on the roll of the society at the date of the general meeting.

Together with the application shall be submitted two copies of the new or altered by-law, or, in the case of a rescinded by-law, two copies of the resolution approving the rescission.

(3) If the Registrar considers that the new or altered by-law or the rescission and the method of its adoption are not contrary to the Act and the rules, he may—

(*i*) in the case of a new or altered by-law, register it, retain one copy in his office and return the other to the society together with a certificate of registration; and

(*ii*) in case of a rescinded by-law, retain one copy of the resolution approving the rescission and return the other to the society with a certificate of approval.

Special general meetings.

7. Notwithstanding anything contained in the by-laws of a registered society as to the mode of summoning general meetings and the object, time and place of such meetings, the Registrar, or any person authorized by the Registrar in that behalf, may—

(*a*) summon at any time a special general meeting of the society in such manner and at such time and place as he may direct, and

(*b*) specify what matters shall be discussed by the meeting:

Provided that such meeting shall have all the powers of a meeting called according to the by-laws of the society.

Borrowing

8. (1) A registered society may borrow, in accordance with law, from either members or non-members; and all borrowings shall be regulated by the by-laws:

Provided that the issue of debentures by any such society shall be subject to such conditions as the Registrar may prescribe.

(2) The maximum amount of borrowings of any registered society shall be determined annually at a general meeting of the society, but may be revised at any subsequent general meeting during the year. No registered society shall contract any loan beyond the maximum amount so determined and in force for the time being.

Limitation of dividend.

9. In no registered society shall the rate of dividend paid on shares exceed 12½ per cent. per annum, without the special sanction of the Registrar.

Nominee of deceased members.

10. (1) Any member of a registered society may, by a writing under his hand delivered at or sent to the registered office of the society or by a declaration duly made, nominate any person or persons to whom or to whose credit the share or interest or the value of such share or interest and all other moneys referred to in section 22 of the Act may, on the death of such member, be paid or transferred under the provisions of the said section:

Provided that—

(*i*) such member may from time to time revoke or vary such nomination by a writing under his hand similarly delivered or sent or by a declaration similarly made; and

(*ii*) the value of a member's share or interest shall be represented by the sum actually paid by the member to acquire such share or interest.

(2) Every registered society shall keep a register of all persons (if any) so nominated.

Books, accounts and publication of balance-sheet.

11. A society shall keep such accounts and books as may from time to time be prescribed or approved by the Registrar, and shall publish a balance-sheet annually in such manner as the Registrar may by general or special order prescribe.

Submission of returns.

12. A society shall submit to the Registrar such returns as that officer may from time to time prescribe.

Disputes.

13. (1) In the case of any dispute touching the business of a registered society between members or past members of the society or persons claiming through a member or past member or between a member or past member or persons so claiming and the Committee or any officer, it shall be referred in writing to the Registrar.

(2) The Registrar shall have power, on receipt of such reference, either to decide the dispute himself or to refer it for decision to an arbitrator appointed by him or to several arbitrators, of whom one may be appointed by him and one by each of the parties to the dispute.

(3) The Registrar or the arbitrator or arbitrators shall have power to administer oaths or solemn affirmations, to summon and enforce the attendance of all parties concerned and of witnesses, and to compel the production of all books and documents relating to the matter of the dispute by the same means and in the same manner as is provided in the case of a Civil Court under the Code of Civil Procedure, 1908.

(4) After hearing the parties to the dispute and examining such witnesses and documentary evidence as may be produced, the Registrar or arbitrator or arbitrators shall give a decison or award in writing.

(5) Such decision or award shall, on application, in accordance with the provisions of the Code of Civil Procedure, 1908, to the Civil Court having local jurisdiction, be enforceable as a decree of such Court.

Certifying copies of entries in books.

14. For the purposes of section 26 of the Act, a copy of any entry in a book of a registered society may be certified by a certificate written at the foot of such copy declaring that it is a true copy of such entry, that such entry is contained in one of the ordinary books of the society, and was made in the usual and ordinary course of business, and that such book is still in the custody of the society : such certificate being dated and subscribed by the Secretary of the society or by any other officer approved by the Registrar.

Procedure to be followed by liquidator.

15. The following procedure shall be adopted by a liquidator appointed under section 42 of the Act :—

(*a*) The liquidator shall take into his custody or under his control all the books, registers and accounts belonging to the society and all the property effects and actionable claims to which the society is entitled.

(*b*) The liquidator shall ascertain what the dues and other assets of the society and its debts and liabilities are, and shall investigate all claims against the society. The liquidator may publish, in such manner as he thinks proper, a notice requiring all claims against the dissolved society to be submitted to him within two months from the date of publication thereof.

(*c*) The liquidator shall decide questions of priority arising between claimants and shall draw up a scheme for the payment of their dues.

(*d*) The liquidator shall recover all sums and other properties to which the society is entitled, and he may institute such suits for that purpose or such suits incidental to the liquidation proceedings, as he may think proper.

(*e*) The liquidator may empower any person to make collections and to grant valid receipts on his behalf.

(*f*) If the assets of the society (including the amounts recovered by the liquidator) are not sufficient to cover the costs of liquidation and to pay off the liabilities of the society, the liquidator shall—

(*i*) determine the contribution to be made by the members and past members, respectively, to the assets of the society, and

(*ii*) determine by what persons and in what proportion the costs of liquidation are to be borne.

(*g*) The liquidator may apply to the Civil Court, having local jurisdiction, for the enforcement of his orders in respect of the payment of contribution and the costs of liquidation. Every such application shall be made in the same manner and (so far as may be) shall contain such particulars as is provided in the case of applications for the execution of decrees under the Code of Civil Procedure, 1908.

(*h*) The liquidator may from time to time revise his orders determining the amounts of contribution and the costs of liquidation, and may apply to the Civil Court for the enforcement of such revised orders or for the modification of any application already made.

i) The liquidator may send to the Collector for service or execution all processes for the enforcement of the attendance of witnesses and of the production of documents, including all orders for the attachment of property and orders for the levy of fine made by the liquidator in exercise of the powers vested in him by section 42, sub-section (3) of the Act :

Provided that all costs for serving or executing such processes shall be payable in court-fees in accordance with the scale fixed for, and in the same manner as is provided in the case of, processes issued by Revenue Courts, under the Court-fees Act, 1870.

(*j*) The liquidator shall keep such books and accounts as may from time to time be prescribed by the Registrar who may at any time cause such books and accounts to be audited.

(*k*) The liquidator shall deposit the funds and other assets of the dissolved society which are collected by him or which may come into his possession as liquidator, in such manner and in such place as may from time to time be determined by the Registrar.

(*l*) The liquidator shall every three months submit to the Registrar a report containing the progress made in winding up the affairs of the society, and shall on completion of the liquidation proceedings submit a final report and make over to the Registrar all books, registers and accounts belonging to the society, and all books and accounts relating to such proceedings kept by him.

(*m*) The liquidator shall also submit such information and particulars with regard to the liquidation proceedings as may from time to time be required by the Registrar.

16. An appeal shall lie against each of the following orders of the liquidator to the Court of the District Judge having local jurisdiction :—

(*i*) any order of the liquidator excluding or including any person in the list of the creditors of the society,

(*ii*) any order of the liquidator deciding questions of priority arising between claimants,

(*iii*) any order of the liquidator with regard to the payment of the costs of liquidation, and

(*iv*) any order of the liquidator with regard to the distribution of the assets of the society.

FINANCIAL DEPARTMENT.

NOTIFICATIONS.

No. 461S.R.—The 11th March 1913.—In supersession of the Board's Notification No 3939B., dated the 5th August 1911, the following instructions which have been framed under the orders of the Governor in Council as to the specifications and tests of the denaturants prescribed in Notification No. 7488S.R., dated the 8th December 1910, published at page 1741 of Part I of the *Calcutta Gazette* of the 14th idem, are published for general information:—

I. "LIGHT CAOUTCHOUCINE."

(1) *Nature.*—By "Caoutchoucine" is meant the liquid obtained by the dry distillation of vulcanised rubber. By "Light Caoutchoucine" is meant the liquid obtained by redistilling "Caoutchoucine" and collecting that portion which passes over at or below about 200°C.

(2) *The specific gravity of "light caoutchoucine".*—The specific gravity of "light caoutchoucine" at 60°F. should lie between ·835 and ·860 referred to water as 1·000.

(3) *Boiling test.*—For the purpose of this test, 100 c.c. "light caoutchoucine" should be redistilled in the pyridine testing flask (see below under pyridine bases). Under those conditions not more than 15 c.c. of distillate should pass over at or below 100°C., whilst a total (including the foregoing) of at least 70 c.c. should pass over at or below 200°C.

(4) *Absence of soluble constituents.*—When 25 c.c. of light caoutchoucine are shaken with an equal volume of water in a stoppered graduated cylinder and due time is allowed for the liquids to separate again into two layers the "light caoutchoucine" should show no appreciable diminution in volume.

(5) *Neutrality.*—The aqueous layer obtained from test (4) should show no marked acidity or alkalinity when tested with both red and blue litmus paper.

(6) *Limit of saturated hydrocarbons.*—At least 70 per cent. of the "light caoutchoucine" should be soluble in concentrated sulphuric acid. For testing this, 25 c.c. should be measured off into a tapped and stoppered separating-cylinder of suitable capacity and sulphuric acid should be added, at first with great care and in very small quantities. After each addition of acid, the cylinder should be shaken and cooled to avoid loss of volatile constituents. Sufficient acid must be used (usually about 50 c.c.) for the highly coloured layer to become quite fluid so that it can separate readily from the upper layer of unattacked constituents. After a final thorough shaking and cooling, the cylinder should be left for about three hours to effect complete separation of the two layers, and the lower layer be then tapped off. The almost colourless upper layer should be again shaken with strong sulphuric acid until it appears free from soluble constituents (as judged by the colour imparted to the sulphuric acid) and separated as before after standing. It should finally measure not more than 7 c.cs. The acid used should be of specific gravity 1·84 and may be of commercial quality.

(7) *Freedom from water.*—"Light caoutchoucine" should not contain any appreciable amount of water. Any officer engaged in drawing samples for test should certify on the bottle that he has drawn the sample from the bottom of the containing vessel where the water, if present, will be found. For this purpose he should employ a syphon tube of which the shorter limb reaches to the floor of the containing vessel. He should also assure himself that the sample is collected in a bottle free of moisture.

II.—PYRIDINE BASES.

(1) *Nature.*—"Pyridine" proper is a single definite compound (C_5H_5N), boiling at about 116°C. "Pyridine bases" are mixtures of pyridine with closely allied compounds (boiling at various temperatures) and must be of guaranteed mineral origin.

(2) *Colour.*—The colour must not be darker than that given by two cubic centimetres of deci-normal iodine solution dissolved in one litre of distilled water.

(3) *Miscibility with water.*—20 c.c. of the pyridine bases should give a clear mixture with 40 c.c. of water; or else a mixture only so slightly opalescent that, after standing for five minutes, ordinary newspaper type is clearly visible through a layer 15 c.m. deep.

(4) *Amount of water present.*—From 20 c.c. of the pyridine bases mixed with 20 c.c. of caustic soda solution (density 1·4), at least 18·5 c.c. of the bases should separate, after having been repeatedly shaken together and allowed to stand.

(5) *Titration.*—Dissolve 1 c.c. of the pyridine bases in 10 c.c. of distilled water. Titrate with normal sulphuric acid until a drop of the mixture gives a definite blue spot on Congo-red paper (the blue colour should at once disappear). At least 10 c.c. of the normal sulphuric acid should be required to produce this reaction. (To prepare the Congo-red paper, dissolve one gram of Congo-red in one litre of distilled water. Soak filter paper in this and then dry.)

(6) *Cadmium Chloride reaction.*—Vigorously shake together 10 c.c. of a solution of 1 c.c. of pyridine bases in 10 c.c. of distilled water with 5 c.c. of a 5 per cent. solution of dry fused cadmium chloride. A distinct crystalline precipitate should immediately result.

(7) *Boiling point.*—Distil 100 c.c. of the pyridine bases in the manner described below. At least 90 per cent. should distil over at or under 140° C.

Method.—100 c.c. of pyridine bases are placed in a short-necked copper flask of about 200 c.c. capacity. The flask is arranged on an asbestos card, which has a circular hole of 30 m.m. diameter cut in it. To the flask is attached a fractionating column (consisting of a tube 13 m.m. wide and 170 m.m. long, provided with one bulb) of which the side tube (issuing 1 c.m. above the bulb) joins a Liebig's condenser of which the cooled part is at least 400 m.m. long. A standard thermometer is placed in the head of the column so that its bulb occupies the centre of the bulb of the column.

The speed of distillation is adjusted to 5 c.c. per minute, the distillate being received in a graduated glass cylinder. At least 90 c.c. should distil over, at or under 140° C. at a barometric pressure of 760 m.m.

If the barometer varies from 760 m.m. a correction of 1° C. for each 30 m.m. of variation should be applied (*e.g.*, under 770 m.m. of pressure, 90 c.c. of distillate should come over, at or under 140·3° C, whilst under 750 m.m. the same amount of distillate should come over, at 139·7° C.)

Noakhali. *No. 520S.R.—The 10th March 1913.*—Maulvi Abu Ali Muhammad Chaudhuri, Deputy Collector, is appointed Deputy Collector of Income-tax, in the district of Noakhali, *vice* Babu Akshay Kumar Sen, and under section 40 of Act II of 1886, is vested with the powers of a Collector under the Act.

Jessore. *No. 523S.R.—The 10th March 1913.*—Maulvi Abdul Bari, Deputy Collector, is appointed Deputy Collector of Income-tax, in the district of Jessore, *vice* Babu Mahendra Nath Kundu, and, under section 40 of Act II of 1886, is vested with the powers of a Collector under the Act.

"20A. A limited number of candidates up to 5 per cent. of the vacancies in each year will be appointed by the Inspector-General of Police direct to the third grade of Sub-Inspectors, on the recommendation of local officers, for special reasons, such as high educational qualifications, social status or exceptional qualifications for police work.

"In August each year the Inspector-General of Police will cause a notice to be published inviting applications for these special appointments. The candidates before being selected will be interviewed personally by the Inspector-General. After passing out of the Training School, where they will receive an allowance at the rate of Rs. 35 a month, they will be posted for a further period of training for one year to the headquarters of a district. During this period they will work in the Sadar police-station and in the Court and Reserve offices under the immediate supervision of the Superintendent of Police and Circle Inspector, whose duty it will be to look after their practical training in all branches of the service. Having passed through this period, they will be posted to police-stations as officers in charge.

"It should be clearly understood by such selected candidates that they are enlisted as Sub-Inspectors and that they must take their chance of promotion to the rank of Inspector with the rest."

PART I A.

Orders and Notifications by the Government of India.

The following order, issued by the Government of India in the Department of Commerce and Industry, published in the *Gazette of India* dated the 8th March 1913, is republished for general information.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

COTTON DUTIES.

Delhi, the 8th March 1913.

No. 1596-2.—In exercise of the powers conferred by section 36 of the Cotton Duties Act, 1896 (II of 1896), the Governor-General in Council is pleased to make the following rules regulating the provision of warehouses and the deposit and discharge of goods therein and therefrom.

1. (1) These rules may be cited as the Bombay Cotton Goods Warehouse Rules, 1913.

(2) The application of these rules shall be confined to the Presidency of Bombay.

2. In these rules—

"Act" means the Cotton Duties Act, 1896;

"Collector" means the Collector of Bombay for the Presidency proper and the Collector or Deputy Commissioner of the District for the Province of Sind;

"Licensed warehouse" means a warehouse licensed under the Act;

"Officer in charge" means the officer appointed under rule 4 to be in charge of a warehouse licensed under the Act.

3. No place shall be licensed as a warehouse under the Act, unless it fulfils the following conditions, namely :—

(*a*) it shall be enclosed by walls built of brick or stone;

(*b*) if it includes an upper floor room, the roof shall be well and strongly terraced with masonry or tiled, the rafting in the case of tiled roofs being ceiled with strong cloth, planks or matting;

(*c*) all windows and ventilators shall be protected by stout iron bars securely fixed in the brick or stone work;

(*d*) all the entrances into it shall have doors with strong locks, and each door, whether external or internal, shall be fastened by two padlocks;

(*e*) the entrance doors shall open into a street or other public place so as to be at all times accessible for the examination of the locks and fastenings.

4. (1) The Collector shall appoint an officer to be in charge of every licensed warehouse.

(2) The key of one of the padlocks of every entrance door of a licensed warehouse shall be kept in the custody of the Collector or the officer in charge, and the key of the other padlock shall be kept by the licensee.

(3) A licensed warehouse shall be opened and closed only in the presence of the officer in charge who shall be responsible for seeing that it is securely closed and locked.

5. (1) Application for permission to deposit in a licensed warehouse cotton goods manufactured in the Presidency of Bombay shall be made to the Collector in such form as may be prescribed by the Chief Customs Authority under section 13 (2) of the Act.

(2) No goods shall be deposited in a licensed warehouse unless they are securely packed in hooped bales.

6. (1) The pass to be sent with goods forwarded for deposit in a licensed warehouse shall be prepared in Form H in triplicate, specifying the name of the mill in which the goods were produced and of the bonder, the marks, numbers and contents of each package and the warehouse or place in the warehouse, wherein they are to be deposited.

(2) The counterfoil of the pass shall remain with the owner of the goods; the duplicate shall be handed over to the officer accompanying the goods to the warehouse who shall check the goods with the details shown in such duplicate and endorse thereon the result of his checking, and the triplicate shall remain with the officer in charge.

(3) On arrival of the goods at the warehouse, the duplicate endorsed as aforesaid shall be handed over to the officer in charge to be dealt with in accordance with the provisions of section 94 of the Sea Customs Act, 1878, as applied by the Cotton Duties Act, 1896.

7. (1) When any owner desires to remove any goods from a licensed warehouse, he shall present to the Collector a written application for permission to remove them in such form as may be prescribed by the Chief Customs Authority; the application shall be in duplicate and shall contain particulars of the goods to be removed.

(2) The permission, which the Collector may grant, shall be endorsed on both the original and the duplicate.

(3) The original and the duplicate so endorsed shall be presented to the officer in charge, who shall check the goods as they are passed out of the warehouse and permit the removal of such goods only as he finds to correspond to the particulars contained in the application.

(4) On the removal of the goods from the warehouse, the officer in charge shall endorse the fact both on the original and on the duplicate, and return the original to the applicant and the duplicate to the Collector.

(5) The return made under section 8 of the Act shall, in addition to the particulars required by the rules made under the Act and issued under Notification No. 864-S.R., dated 21st February 1896, mention the quantity and other particulars indicated in the Form referred to in clause (1) above of the goods removed from a licensed warehouse during the month to which the return relates.

8. Every person who enters or leaves a licensed warehouse and all packages and other articles taken into or removed from the warehouse shall be liable to examination by the officer in charge.

9. (1) A separate return made under section 15 of the Act shall be prepared in Form I appended to these rules. It shall be delivered to the Collector each month and contain the particulars indicated in the Form of all the cotton goods produced at the mill which have been deposited in a licensed warehouse during the preceding month.

(2) If no such separate return is made, the return made under section 8 of the Act shall, in addition to the particulars required by rule 7 (5) and by the rules made under the Act and issued under Notification No. 864-S.R., dated 21st February 1896, mention the quantity and other particulars of the goods indicated in the Form H referred to in rule 6 (1) above.

10. The officer in charge of a licensed warehouse shall keep an inward and outward register in Form J appended to these rules.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 339L., dated the 8th March, 1913.—The following Reports of Select Committees, which were presented to the Bengal Legislative Council on the 5th March, 1913 (with the Bills, as amended by the Committees), are published for general information.

THE BENGAL BOARD OF REVENUE BILL, 1913.

REPORT OF THE SELECT COMMITTEE.

We, the undersigned, Members of the Select Committee to which the Bill to alter the constitution of the Board of Revenue for Bengal was referred, have considered the Bill and have the honour to submit this our Report.

2. We have struck out the word "ordinarily", in clause 3 of the Bill, as being superfluous and therefore likely to lead to misconception. The intention is that there should be but one Member of the Board, unless at any time a second Member should be appointed as a temporary measure; and this intention would be more clearly expressed by excising the word "ordinarily", which might possibly be held to admit of the appointment of two Members permanently.

3. We have amplified clause 5 of the Bill so as to declare that references to former Boards of Revenue in statutory rules and orders, as well as similar references in enactments of the Legislature, shall be construed as references to the Board as reconstituted by or under the Bill.

4. We have added a sub-section to clause 6 of the Bill, to admit of the Board receiving applications for review of its orders after the expiration of the ordinary limitation period of three months, if sufficient reasons be shown for so doing. The sub-section continues a power given by section 5 (*6*) of the Bengal Board of Revenue Regulation, 1822.

5. We recommend that the Bill, as now amended, be passed.

THE BENGAL BOARD OF REVENUE BILL, 1913

(as amended by the Select Committee).

A

BILL

to alter the constitution of the Board of Revenue for Bengal.

WHEREAS it is expedient to alter the constitution of the Board of Revenue for Bengal;

And whereas the sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act; 55 & 56 Vict., c. 14.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Board of Revenue Act, 1913

Designation of Board.

2. The Board of Revenue for the Presidency of Fort William in Bengal shall be called the Board of Revenue for Bengal. [*Cf.* Act XLIV of 1850, s. 3.]

Number of Members of Board.

3. The said Board shall consist of one Member only, to be appointed by the Local Government by notification in the local official Gazette : [*Cf.* Ben Reg. III of 1833, s. 6 (1).]

Provided that the Local Government may at any time, by like notification, with the previous sanction of the Government of India, appoint a temporary additional Member.

Powers and duties of additional Member.

4. An additional Member of the Board of Revenue appointed under the proviso to section 3 shall exercise and perform such powers and duties of the Board as the Local Government may direct [*Cf.* Ben Reg. III of 1833, s. 5 (1).]

Construction of references to former Boards.

5. All references in any enactment, or in any notification, order, scheme, rule, form or by-law issued, made or prescribed under any enactment, to— [*Cf.* Act XLIV of 1850, s. 2; Act VII of 1912, s. 3; Ben. Act I of 1869, s. 23.]

(*a*) the Board of Revenue as constituted under the Bengal Board of Revenue Regulation, 1822, and under clause *First* of section 4 of the Bengal Revenue Commissioners Regulation, 1829, or III of 1822. I of 1829.

(*b*) the Board whose functions were transferred to the said Board of Revenue by the Bengal Board of Revenue Act, 1850, XLIV of 1850.

shall be construed as references to the Board as re-constituted by or under this Act.

Review of orders by Board.

6. (*1*) Any person considering himself aggrieved by any order of the Board of Revenue may apply to the Board for a review of the same; and, if the Board considers there are sufficient reasons for so doing, it may review the order and pass such further order as it thinks fit. [*Cf.* Ben. Reg. III of 1833, s. 5 (6); Act V of 1908, s. 114

(*2*) Every application under sub-section (*1*) for a review of any order must be made within a period of three months from the date of the order :

Provided that the Board may, in its discretion, in any case extend such period, if sufficient reasons be shown for so doing.

Repeal.

7. The enactments specified in the Schedule are hereby repealed, to the extent mentioned in the fourth column thereof.

THE CALCUTTA BURIAL BOARDS (AMENDMENT) BILL, 1913.

REPORT OF THE SELECT COMMITTEE.

WE, the undersigned, members of the Select Committee to which the Bill to amend section 14 of the Calcutta Burial Boards Act, 1889, was referred, have considered the Bill, and have the honour to submit this our Report.

2. In clause (*d*) of the proposed section 14 we have substituted the word "representing" for the word "of", in order to admit of persons not belonging to a particular community being nominated as members of a Burial Board for that community.

3. We have inserted three new sections, numbered 15, 16 and 17,—

(*a*) to admit of the removal of nominated members of the new Burial Boards who fail to attend meetings,

(*b*) to require the filling of casual vacancies among nominated members of such Boards, and

(*c*) to limit the term of office of nominated members of such Boards.

4. The only provision in Bengal Act IV of 1889, as it now stands, for removing nominated members or limiting their term of office is that contained in section 4 (*2*), which empowers the Local Government to "relieve any member appointed by it of his functions as such member." This provision is hardly adequate, but any amendment of section 4 (which relates to the Muhammadan Burial Board) would be beyond the scope of the present Bill. We recommend that the question of supplementing section 4 (*2*), by adding sections like the sections 15, 16, and 17 now inserted in the Bill for new Burial Boards, should be considered, in consultation with representatives of the Muhammadan community, when the consolidation of the several Acts relating to Burial Boards in Calcutta is taken up.

5. In clause (*b*) of the proposed section 14A (now numbered 18), we have inserted the words "or is intended to be used," in order to enable the Local Government to transfer a public burial-ground to any new Burial Board although it is not at the time actually used for the interment of persons belonging to the community for which such Board is appointed.

6. In the proposed section 14B (now numbered 19) we have added section 4 (*2*) to the list of sections of Bengal Act IV of 1889 which should apply to new Burial Boards.

7. We recommend that the Bill, as now amended, be passed.

THE CALCUTTA BURIAL BOARDS (AMENDMENT) BILL, 1913

(as amended by the Select Committee).

A

BILL

to amend section 14 of the Calcutta Burial Boards Act, 1889. Ben. Act IV of 1889.

WHEREAS it is expedient to amend section 14 of the Calcutta Burial Boards Act, 1889; It is hereby enacted as follows:—

Short title. 1. This Act may be called the Calcutta Burial Boards (Amendment) Act, 1913.

Amendment of section 14 of Bengal Act IV of 1889. 2. For section 14 of the Calcutta Burial Boards Act, 1889, the following shall be substituted, namely:—

Appointment of Burial Board for any community. "14. (*1*) The Local Government may, by notification in the Calcutta Gazette, appoint a Burial Board for Calcutta, for any community other than the Christian and Muhammadan communities. [*Cf.* Ben. Act IV of 1889, ss. 3, 4 (*1*) and 5.]

(*2*) Every such Board shall consist of—

(*a*) the Chairman of the Corporation of Calcutta,

(*b*) the Health Officer of the Corporation of Calcutta,

(*c*) an officer of the Public Works Department to be nominated from time to time by the Local Government, and

(*d*) not less than three nor more than six members representing the community concerned, to be nominated from time to time by the Local Government.

(*3*) The Chairman of the Corporation of Calcutta shall be the Chairman of every such Board.

Removal of nominated members of Boards appointed under section 14. "15. The Local Government may, by notification in the Calcutta Gazette, declare that any nominated member of any Burial Board appointed under section 14 shall cease to be a member if he has, without the leave of the Chairman of the Board, been absent from, or is unable to attend, the meetings of the Board for any period exceeding six consecutive months. [*Cf.* Ben. Act V of 1911, s. 15.]

Filling of casual vacancies. "16. If any nominated member of any such Board be permitted by the Chairman of the Board to absent himself from meetings of the Board for any period exceeding three months, [*Cf.* Ben. Act V of 1911, s. 16.]

or dies, or resigns his membership, or ceases to be a member in pursuance of a notification published under section 15,

the vacancy shall be filled by a fresh nomination under section 14.

Term of office of nominated members. "17. (*1*) The term of office of the first members nominated to any such Board shall commence on such day as may be appointed by the Local Government. [*Cf.* Ben Act V of 1911, s. 17.]

(*2*) Subject to the provisions of section 4, sub-section (*2*), and section 15, the term of office of members nominated to any such Board shall be as follows:—

(*a*) a member nominated in pursuance of section 16 in the place of a member who has been permitted to absent himself from meetings of the Board—the period of the absence of the latter member; and

(*b*) other members—five years.

(*3*) Any nominated member shall be eligible for re-nomination at the end of his term of office.

Transfer of burial-grounds.

"18. The Local Government may place under the superintendence, management or control of the Burial Board appointed for any community under section 14— [*Cf.* Ben. Act IV of 1889, s. 14.]

(*a*) any portion of a public Muhammadan burial-ground which is excluded from the control of the Muhammadan Burial Board by the proviso to section 6, and which is used for the interment of persons belonging to such community, and

(*b*) any other public burial-ground, or portion thereof, which is used, or is intended to be used, for the interment of persons belonging to such community.

Application of sections 4 (*3*) and 8 to 13 to Boards appointed under section 14.

"19. Section 4, sub-section (*3*), and sections 8 to 13 shall apply, *mutatis mutandis*, to all Burial Boards appointed under section 14 and to burial-grounds under the superintendence, management or control of such Boards, as well as to the Muhammadan Burial Board and Muhammadan burial-grounds." [*Cf.* Ben. Act IV of 1889, ss. 8 to 10 and 14.]

Repeal of the Second Schedule to Bengal Act IV of 1889.

3. The Second Schedule to the Calcutta Burial Boards Act, 1889, is hereby repealed. Ben. Act IV of 1889.

QUESTIONS AND ANSWERS.

Proportions of Muhammadan Members of Local Boards and District Boards and Municipalities in the Burdwan Division.

The Hon'ble Maulvi Abul Kasem asked :—

I.—Will the Government be pleased to state the number of Muhammadans and the total number of Members—

(*i*) elected by the ratepayers,
(*ii*) appointed by the Government,

in each of the Local and District Boards and the Municipalities in the Burdwan Division ; and the proportion of Muhammadans to the total population in each local area ?

MIDDLE VERNACULAR AND MIDDLE ENGLISH COMPETITIVE EXAMINATIONS.

The HON'BLE MAHARAJA RANAJIT SINHA of Nashipur asked :—

II.—Does the Government intend to revive the old system of holding Middle Vernacular and Middle English Competitive examinations ?

The HON'BLE MR. KERR replied :—

II. "The Director of Public Instruction is considering proposals for reviving the Public Examinations at the end of the Middle School Course ; and the matter will receive the attention of Government in due course."

INDIAN PROFESSORS OF ENGLISH LITERATURE IN THE PRESIDENCY COLLEGE.

The HON'BLE MAHARAJA RANAJIT SINHA of Nashipur asked :—

III.—Will the Government be pleased to state the number of Indian professors of English literature in the Presidency College, and the classes in which they are generally employed to deliver lectures ?

The HON'BLE MR. KERR replied :—

III. "A statement giving the information required by the Hon'ble Member is laid on the table."

List of Indian Professors of English Literature in the Presidency College, with details of their work.

1. Manomohan Ghosh (B.A., Oxon.) : lectures to M.A. and B.A. classes and assists in M.A. tutorial work.
2. Praphulla Chandra Ghosh (M.A., Cal.) : lectures to M.A. and Inter. Arts classes and assists in B.A tutorial work.
3. Nirmal Nath Maitra (M.A., Cal.) : lectures to B.A. and Inter. (Arts and Science) classes and assists in Inter. (Arts and Science) tutorial work.
4. B. C. Bose (M.A., Cal.) : lectures to B.A. and Inter. (Arts and Science) classes, and assists in Inter. (Arts and Science) tutorial work (a temporary lecturer acting for Mr. R. N. Gilchrist, who is lecturing in Economics during the illness of Babu Benoyendra Nath Sen).
5. Srikumar Banarji (M.A., Cal.) : lectures to Inter. (Arts and Science) classes and assists in Inter. (Arts and Science) tutorial work.

DACOITIES IN BENGAL.

The HON'BLE MAHARAJA RANAJIT SINHA of Nashipur asked :—

IV.—(*a*) Has the attention of the Government been drawn to the reports published in the Calcutta newspapers of the 7th February last, regarding the commission of dacoities in some of the districts of Bengal ?

(*b*) If so, will the Government be pleased to state what steps it proposes to take to check their further growth ?

The HON'BLE MR. STEVENSON-MOORE replied :—

IV.—(*a*) "The reply is in the affirmative.

(*b*) The attention of the Hon'ble Member is invited to paragraphs 2, 3 and 7 of this Government's Resolution dated the 17th October, 1912, on the reports on the administration of the Police Department in Bengal and Eastern Bengal and Assam for the year 1911, in which reference is made to the various measures which have been and are being taken to deal with dacoities in East Bengal. Such of these measures as have not yet been completed are being pressed on with as much expedition as possible, and in view of the recent indications of recrudescence of this form of crime, additional preventive measures are now being devised and will receive the earnest consideration of the Government."

SILTING UP OF THE ALAIPUR KHAL.

The HON'BLE MR. BYOMKES CHAKRAVARTI, in the absence of HON'BLE BABU SURENDRA NATH BANERJI, asked :—

V.—(*a*) Has the fact of the silting up of the Alaipur Khal been brought to the notice of Government ?

(*b*) Does the Government propose to remedy the state of affairs, thus brought about, by—

(*i*) bunding up the mouth of the Kovamara Khal, or

(*ii*) putting up sluice-gates at Alaipur and Jatrapur, or

(*iii*) keeping the canal open by dredging until the railway from Khulna to Bagerhat has been completed, or

(*iv*) excavating a new khal from Alaipur to Fakirhat ?

(*c*) If the Government does not propose to take action to keep the Khal open, will the Government please state whether a private company will be allowed to put up a sluice-gate and levy tolls ?

The HON'BLE MR. FINNIMORE replied :—

V.—(*a*) & (*b*), "The attention of the Government has been called to the silting up of the Alaipur Khal The question of closing the mouth of the Kovamara Khal has been considered. The experts of the Government have advised that the closing of the mouth of this Khal would not improve the Alaipur Khal between Jatrapur and Alaipur, and it would probably lead to the deterioration of the Bhairab eastwards of Jatrapur. The cost of canalizing the Alaipur Khal was estimated in 1907 at Rs. 6,30,000—a sum quite out of proportion to the traffic which would be affected. Experiments were also carried out in dredging the Khal, but it was found that resilting took place within 14 days of the clearance.

Experiments have shown that the expenditure involved in maintaining these channels is not commensurate with the benefits derived, and for this reason the scheme for excavating a new khal from Alaipur to Fakirhat which was considered in 1898 was abandoned.

The Government regret that they are unable to suggest any other method of keeping these khals open which is at all likely to be effective, and therefore they do not propose to take any further action.

(*c*) The Government believe that the expense of erecting sluice-gates would be so great as to render it unlikely that any private company will be found prepared to erect them. Meanwhile Government are not prepared to deal with the hypothetical proposition suggested in the question."

GRAIN COMPENSATION ALLOWANCE.

The HON'BLE BABU UPENDRA LAL RAY asked :—

VI.—(*a*) Will the Government be pleased to state the reason why Grain Compensation Allowance has been stopped since April last though the price of rice is less than 12 seers per rupee in all the districts of this Presidency ?

(*b*) Will the Government be pleased to grant it again with effect from the above date ?

The HON'BLE MR. STEPHENSON replied :—

VI. (*a*) "The Local Government is empowered to grant grain compensation allowance when the price of rice is less than 12 seers per rupee, but the necessity of granting such an allowance is left entirely to the discretion of the Local Government. Grain compensation in Western Bengal was discontinued with effect from the 1st February, 1910, and in Eastern Bengal with effect from the 1st April, 1912.

(*b*) As the price of grain had risen and showed no signs of an immediate fall, grain compensation to the extent of Re. 1 a month has been sanctioned with effect from the 1st October, 1912, for all whole-time servants of Government drawing Rs. 12 and less per mensem who are employed in the districts of Bengal in which the price of the cheapest common rice was dearer than 10 seers the rupee."

AMENDMENT OF THE BENGAL TENANCY ACT (VIII OF 1885).

The HON'BLE MAHARAJA RANAJIT SINHA of Nashipur, in the absence of the HON'BLE SIR BIJAY CHAND MAHTAB, K.C.S.I., K.C.I.E., I.O.M., Maharajadhiraja Bahadur of Burdwan, asked :—

VII.—Will the Government be pleased to state whether, in consideration of the repartition of Bengal,—

(*i*) there is any proposal to bring into harmony the different rent laws (*viz.*, the Eastern Bengal and Assam Tenancy Act and the Bengal Tenancy Act) now in force within the readjusted area, and

(*ii*) there is any proposal to amend the Bengal Tenancy Act ; and if so, at what date approximately ?

The HON'BLE MR KERR replied :—

VII (*i*) "Government has considered the position caused by the fact that the Bengal Tenancy Act of 1885 was amended in Western Bengal by the Bengal Tenancy Amendment Act of 1907 and in Eastern Bengal by the Eastern Bengal and Assam Tenancy Amendment Act of 1908. Most of the divergencies between the two Amending Acts relate to matters of technical and minor importance, and in some cases they are due to differences in the local conditions in the Eastern and Western portions of the existing Presidency. There is no indication that the present position has caused, or is likely to cause, any practical inconvenience, and Government has therefore decided to defer the question of consolidating the Tenancy Law of the province, until a general amendment of the Bengal Tenancy Act is undertaken.

(*ii*) No proposal for a general amendment of the Bengal Tenancy Act is at present under the consideration of Government. Various suggestions on the subject were made to the late Government of Eastern Bengal and Assam, but it was decided that the further information which would be obtained through the proceedings for the preparation of records of rights was required before legislation could be undertaken. These operations have hitherto been confined mainly to the Dacca Division and have only recently been extended to Rajshahi. In the circumstances, it is impossible to state even approximately when legislation is likely to be undertaken."

AMENDMENT OF THE BENGAL SETTLED ESTATES ACT (BEN. ACT III OF 1904).

The HON'BLE MAHARAJA RANAJIT SINHA, in the absence of the HON'BLE SIR BIJAY CHAND MAHTAB, K.C.S.I., K.C.I.E., I.O.M., Maharajadhiraja Bahadur of Burdwan, asked :—

VIII.—Will the Government be pleased to state whether it has any intention of amending the Bengal Settled Estates Act at an early date ?

The HON'BLE MR. KERR replied :—

VIII. "A Committee composed of some of the leading landholders of the province and the law officers of Government was appointed in 1910 by the late Government of Bengal to consider the causes of the general reluctance to make use of the provisions of the Bengal Settled Estates Act of 1904. The Committee reported that the causes must be to a large extent a matter of speculation, but that as the Act is in effect a secular device for altering

the recognised rules of inheritance, which under both Hindu and Muhammadan law are regarded as sacrosanct, it is unlikely, in existing circumstances, that numerous applications will be made for permission to effect settlements under its provisions. The Committee suggested that certain amendments might be made in the Act as an experiment in order to remove possible impediments in the way of its use, but they said that they did not wish to be understood to mean that the result of these amendments would be any great extension in the use of the Act, or that there was any real demand for any one of the amendments specifically. The late Government of Bengal accordingly decided that, in the absence of a stronger indication on the part of the landholding community of a desire for an amendment of the Act, it was not advisable to undertake legislation, and the Governor in Council, as at present advised, sees no reason to differ from this conclusion."

ANNUAL COST OF THE BOARD OF REVENUE.

The HON'BLE MR. BYOMKES CHAKRAVARTI asked :—

IX.—Will the Government be pleased to state the total annual cost of maintenance of the Board of Revenue—

(*i*) before the partition of Bengal in 1905 ;

(*ii*) since the partition of 1905 up to the introduction of the Council-Government, and

(*iii*) since the introduction of the Council-Government and the retention of the Board with one Member ?

The HON'BLE MR. KERR replied :—

IX.—"A statement giving the information desired by the Hon'ble Member is laid on the table."

Statement referred to in the Answer by the Hon'ble Mr. Kerr to Question No. IX asked by the Hon'ble Mr. Byomkes Chakravarti at the Council Meeting of the 5th March, 1913.

	1912-13	2,48,000	43,200	2,04,800	Revised Estimate.

The HON'BLE MR. BYOMKES CHAKRAVARTI asked :—

X.—Will the Government be pleased to state what portion of the total cost of maintenance of the Board of Revenue was incurred during the three periods mentioned in Question IX, in—

(*a*) payment of the salaries of the Members or the one Member of the Board as the case may be, and

(*b*) maintaining the office and the establishment ?

The HON'BLE MR. KERR replied :—

X.—"The information is contained in the statement which was laid on the table in answer to Question No. IX.

The HON'BLE MR. BYOMKES CHAKRAVARTI asked :—

XI.—Will the Government be pleased to state what total expenditure will be necessary every year to maintain the Board of Revenue in the form contemplated under the Board of Revenue Bill recently introduced in the Council, and what part of it will go for payment of the salary of the Member and for the maintenance of the office and the establishment respectively ?

The HON'BLE MR. KERR replied :—

XI. "The estimated cost of the Board of Revenue for 1913-14 is Rs. 2,34,000, of which Rs. 43,200 represents the salary of the Member, and the rest, expenditure on the office and establishment. In future years, however, the expenditure on the Board's establishment will be considerably less than the amount shown in the estimate for 1913-14, since it has been found necessary, owing to the abolition of one of the Members of the Board, to transfer about half of the Board's work to Government. As a matter of fact a considerable portion of the Board's establishment is now working in the Government Secretariat, but pending the sanction of the Government of India to the arrangements necessary in consequence of the redistribution of work, the whole establishment previously employed in the Board's office has been shown under the Board in the estimates for 1913-14. It is anticipated that when the new arrangements are finally brought into effect, there will be some reduction in the total cost of the Government and Board's Secretariats."

SEPARATION OF THE JUDICIAL AND EXECUTIVE FUNCTIONS.

The HON'BLE MR. BYOMKES CHAKRAVARTI asked :—

XII.—(*a*) Will the Government be pleased to state with particularity what steps, if any, have been taken in Bengal within the last twelve years towards the separation of the Judicial and the Executive functions ?

(*b*) Has the Government any proposals in view regarding the separation of the Judicial and Executive functions ?

(*c*) If so, will the Government be pleased to state what they are and when they are to be brought forward ?

The HON'BLE MR. STEVENSON-MOORE replied :—

XII.—(*a*), (*b*) and (*c*). "The Hon'ble Member's attention is invited to the reply which was given to a similar question in the Imperial Legislative Council on the 10th September, 1912. The Government of India then said that they were not in a position to make a statement on the subject. The Local Government is unable at present to add to that reply."

THE GOVERNMENT VETERINARY COLLEGE AT BELGATCHIA.

The HON'BLE MR. BYOMKES CHAKRAVARTI asked :—

XIII.—Will the Government be pleased to state—

(*a*) the total annual cost necessary for the maintenance and upkeep of the Government Veterinary College at Belgatchia ;

(*b*) how many students can be trained at a particular time ;

(*c*) how many students have been successful at the examination from the start of the College up to the end of 1912 ;

(*d*) how many of them were altogether employed in the Department from time to time ; and

(*e*) how many of them are still so employed ?

The HON'BLE MR. KERR replied :—

XIII.—(*a*) "The annual expenditure on the maintenance and upkeep of the College is a little over a lakh. In 1911-12, it was Rs. 1,06,219.

(*b*) The hostels attached to the College contain accommodation for 188 students, but only 150 can be trained by the present staff.

(*c*) Two hundred and fifty-six students have graduated after going through a complete three years' course.

(*d*) and (*e*) Of these 256 students, 190 are now employed in the Veterinary Department under Government, District Boards and Municipalities ; 10 are in private employ ; and 3 are engaged in private practice on their own account. Of the remaining 53 students, 36 were employed at one time in the Veterinary Department, but resigned or were removed or dismissed, 9 have died and 8 are, so far as is known, unemployed."

IMPROVEMENT OF THE BREED OF CATTLE IN THE PRESIDENCY OF BENGAL.

The HON'BLE MR. BYOMKES CHAKRAVARTI asked :—

XIV.—Will the Government be pleased to state what steps, if any, have been taken by the Government to improve the breed of cattle within the Presidency ?

The HON'BLE MR. KERR replied :—

XIV.—"The action hitherto taken in this Presidency for the improvement of the breed of cattle has been confined mainly to the provision of stud-bulls. There are at present 59 such bulls in various parts of the Province. The results, however, have not in all cases been satisfactory, chiefly owing to the difficulty of selecting the best cows for breeding. The question of improving the system of distributing breeding bulls has for some time been under the consideration of the Director of Agriculture.

Under the orders of the Government of India, a preliminary cattle survey of the Province has lately been completed, and a report on the subject which is now being compiled, will, it is hoped, throw much light on the problem of cattle-breeding. Very full inquiries have been made as to the classes of animals best suited for draught purposes and for milk production in various parts of the Province, and as to the manner in which the Agricultural and Veterinary Departments can best assist the supply of such animals to localities where it is at present deficient. Pending a final decision on the action to be taken in consequence of the report, Government has sanctioned, as an experimental measure, the establishment of a cattle farm at Rangpur, where a scheme for the improvement of indigenous cattle by selection will be introduced. Further particulars of this scheme will be given in the explanation of the agricultural budget at to-day's meeting of Council."

THE PROVINCIAL EXECUTIVE AND JUDICIAL SERVICES.

The HON'BLE BABU UPENDRA LAL RAY asked :—

XV.—(*a*) Will the Government be pleased to state what is the total number of vacancies in the Provincial Executive and Judicial Services up to the end of December 1912 ?

(*b*) Will the Government be pleased to state when the promotions consequent on the above vacancies are likely to be gazetted ?

(*c*) Will the Government be pleased to state why the vacancy in the listed posts of the Provincial Judicial Service, caused by the retirement of Mr. Raj Krishna Banarji on 16th October last, was not filled up by a member of that Service ?

(*d*) In view of the abolition of the Rs. 200 grade from the Provincial Executive Service, will the Government be pleased to state whether and, if so, when, the same reform will be introduced in the Provincial Judicial Service ?

(*e*) Is not Mr. Abdul Majid, the District Judge of Rajshahi, a member of the Assam Provincial Service, and is he not filling up 1 of the 3 District Judgeships of Assam kept in the same cadre with Bengal ?

(*f*) Are not there 28 District Judgeships for Bengal (proper) including 1 additional ?

(*g*) Is it not true that 1 to 6 is the proportion of listed posts to the entire number of District Judgeships in Bengal, and that in that ratio the Provincial Judicial Service can claim 4 listed posts out of 24 District Judgeships and 1 more out of the remaining 4 ?

(*h*) The present number of listed posts in the Bengal Judicial Service being only 3, is not that Service justly entitled to an addition of 2 to the same ?

The HON'BLE MR. STEVENSON-MOORE replied :—

XV.—(*a*) *and* (*b*) "There were 30 vacancies available in the different grades of the Provincial Executive Service on the 31st December, 1912. Promotions to fill them with retrospective effect were gazetted in Notification No. 1366 A., dated the 10th February, which appeared in the Gazette of the 12th February last.

In the Provincial Judicial Service there were 20 vacancies at the end of December. It is expected that promotions to fill them will be gazetted shortly.

(*c*) The Government of India have provisionally sanctioned 8 listed posts for the new Presidency of Bengal. and these are divided equally between the Judicial and Executive Services. The share of the Judicial Service is therefore 4. On the reconstitution of the cadres, 5 officers of the Judicial Branch holding listed posts were left in Bengal. By the retirement of Mr. Raj Krishna Banarji, the number of such posts held by members of the Judicial Service was reduced to its proper proportion.

(*d*) This question will be taken into consideration after orders have been received on the scheme for reorganising the Provincial Judicial Service now pending with the Government of India.

(*e*) Mr. Abdul Majid is not a member of the Assam Provincial Service. He fills 1 of the 4 listed posts which have been provisionally alloted to the joint Judicial Service for Bengal and Assam.

(*f*), (*g*) *and* (*h*) In Bengal proper there are 21 District Judgeships and 6 Additional District Judgeships (including the second Additional Judge for the 24-Parganas), to which should be added 1 post of Superintendent and Remembrancer of Legal Affairs which is included in the grades of District and Sessions Judges. The proportion of 1 to 6, to which the Hon'ble Member

refers, represents the maximum extent to which, under existing orders, superior and inferior charges now held by members of the Indian Civil Service can be gradually thrown open to members of the Provincial Services. Information as to the present number of listed posts open to members of the Provincial Judicial Service is given in the answer to Question (*c*)."

LEGISLATIVE BUSINESS.

THE BENGAL BOARD OF REVENUE BILL, 1913.

The Hon'ble Mr. Lyon presented the Report of the Select Committee on the Bill to alter the constitution of the Board of Revenue for Bengal.

THE CALCUTTA BURIAL BOARDS (AMENDMENT) BILL, 1913.

The Hon'ble Mr. Lyon presented the Report of the Select Committee on the Bill to amend section 14 of the Calcutta Burial Boards Act, 1889.

THE CALCUTTA MUNICIPAL (LOANS) BILL, 1913.

The Hon'ble Mr. Stephenson moved for leave to introduce a Bill to amend the provisions of the Calcutta Municipal Act, 1899, relating to loans.

He said :—

I move for the leave of Council to introduce the Calcutta Municipal Loans Bill. The necessity for legislation on the subject has been admitted on all hands since 1910 when the defective constitution of the Sinking Fund for the repayment of Calcutta Municipal loans was first realised. It is unnecessary to go at length into the origin of the defects, but their nature can be very shortly explained. In the Act of 1876, the Corporation was required to pay into a Sinking Fund 2 per cent. on its outstanding loans ; and this 2 per cent. payment improving at the rate of 3 per cent. compound interest accumulated to the full amount of the loan in a period of about 30 years. The period of the loans of the Corporation at this time was 30 years, so that the sinking Fund payments were sufficient to provide for the complete repayment of the loan at the end of its term. When the Act of 1881 was introduced it was represented to Government that the Corporation were committed to very large schemes of drainage and water-supply both in the town proper and in the added areas and specially to a new 62-inch main from Pulta and that, if the Corporation had to provide from revenue Sinking Fund payments at the rate of 2 per cent. on the loans necessary for these purposes, the rates would have to be considerably raised and the water-supply and drainage schemes would be retarded, if not abandoned. In these circumstances, the Government of India agreed that a Sinking Fund payment of 1 per cent. might be allowed on all loans for the purpose of drainage or water-supply, while the 2 per cent. payment was retained for all other loans. This had the effect of increasing the period of indebtedness in respect of loans for water-supply and drainage from 30 to 47 years, while as a matter of fact the period of the loans continued to be normally 30 years. In the first draft of the Bill in 1888, these provisions were retained, but the Select Committee extended the concession of 1 per cent. payment to all loans irrespective of their purpose. There does not appear to have been any discussion on the subject and the effect of the alteration was not adverted to either by the Government of Bengal or the Government of India. This effect was to increase the period of indebtedness of Corporation loans from 30 to 47 years, while the period of the loans continued to be 30 years and in some cases considerably less. The first loan taken after 1881 fell due for repayment in 1903. It was repaid in full from the Sinking Fund, and the payments by the Corporation to the Sinking Fund in respect of it ceased, and

this course has been followed in respect of all other loans which have since been repaid. The payment, however, of 1 per cent. to the Sinking Fund will not provide for the full repayment of the loan in less than 47 years, assuming that the rate of improvement of the Sinking Fund is 3 per cent. As the term of the Corporation loans in no case exceeded 30 years and in several instances was considerably less, it follows that when these loans were actually repaid from the Sinking Fund, the Sinking Fund payments on their account had not accumulated to more than at the most half of the loans. The remainder was as a matter of fact repaid from the payments to the Sinking Fund in respect of other loans which had not yet fallen due. In this way in all 63½ lakhs have been taken from the Sinking Fund of which it is calculated that only a little over 15 lakhs should rightly have been apportioned to the loans repaid. The actual situation was obscured by the provision in the Act that there should be only one Sinking Fund with one account for all municipal loans taken after the 1st April 1881 instead of separate Sinking Funds for separate loans In 1910, the Vice-Chairman of the Corporation and the Accountant-General separately called the attention of Government to the condition of the Sinking Fund, and it was calculated that if no steps were taken to place it on a sound basis, the Fund would be exhausted by about 1916, and the Corporation would thereafter have to borrow in order to repay each loan as it fell due and thus involve itself in practically perpetual indebtedness.

The Government and the Corporation were agreed that steps must be taken as soon as possible, first, to make good the sum by which the Sinking Fund is in deficit ; secondly, to ensure contributions to the Sinking Fund in respect of the existing loans for such a period as will cause a sum to accumulate eventually in the Sinking Fund equivalent to the full amount of the loan ; thirdly, to ensure that in the case of new loans contributions to the Sinking Fund must be prescribed sufficient to ensure the accumulation in the Fund at the expiry of the term of each loan of a sum equal to the amount of the loan ; and fourthly, that separate accounts must be kept of the Sinking Fund transactions of each loan. All parties concerned are I think agreed that those objects must be provided for and that legislation is necessary to this end, though there may be differences of opinion as to the best method of providing for them. As regards the existing deficit, there are two methods which might be adopted in calculating it. The first is to take the sums which have wrongly been withdrawn for the repayment of loans from the Sinking Fund in excess of the accumulations properly creditable to those loans. This would result in a very large deficit which it would cripple the Corporation to repay. The other method which has been adopted in the Bill is to say that the period of indebtedness of all the existing and repaid loans is 47 years calculated on a Sinking Fund payment of 1 per cent. In the case of each loan therefore at the end of 47 years there would be in the Sinking Fund an accumulation equivalent to the full amount of the loan, but inasmuch as the Sinking Fund payments on account of the repaid loans ceased when the loans were so repaid and the normal growth of the previous payments stopped when they were prematurely withdrawn from the Sinking Fund, the Sinking Fund has suffered to this extent and must be correspondingly reimbursed. It is calculated that the total amount of this loss is Rs. 8,12,000.

The Bill therefore deals with the existing loans in the following way. In the first place the deficit of 8 lakhs is made good by 20 half-yearly payments of Rs. 47,297. The loans are then divided into those which have been repaid and those which have not. As regards loans which have been repaid, it is necessary to provide that the Sinking Fund payments and the accumulations in respect of those payments shall now be resumed, and it is therefore proposed that the Corporation shall at once begin to pay 4 per cent. annually on the total amount withdrawn from the Sinking Fund for the payment of these loans. This 4 per cent. is made up of 1 per cent. Sinking Fund payment which ceased when the loans were repaid and 3 per cent. being the interest at the normal rate of growth which the amount withdrawn from the Sinking Fund would have earned. These

payments are to be continued for a period of 47 years from the date of each loan. The payment of 8 lakhs would be sufficient for the future stability of the Sinking Fund, but it would not do anything towards replacing the 63 lakhs already taken out of the Sinking Fund and this payment of 4 per cent. on the amount of loans already repaid will by the end of the period of indebtedness replace that 63 lakhs.

As regards the existing loans which have not yet matured, it is provided that the 1 per cent. Sinking Fund shall continue. When each loan matures, the accumulations in the Sinking Fund in respect of that loan shall be used to repay it. As has already been shown, the majority of the loans are for 30 years, and when they fall due, the accumulations in respect of them in the Sinking Fund will not amount to more than half the total amount of the loan. The balance, therefore, is to be borrowed in the open market for a period representing the difference between the term of the original loan and the period of indebtedness, *i.e.*, 47 years. In most cases, therefore, the second loan will be for a period of 17 years. On this second loan Sinking Fund payments must be made sufficiently large to accumulate at the end of 17 years. or whatever the period of the second loan is, to the full amount of the second loan. This will, of course, involve a considerably higher Sinking Fund payment than 1 per cent., but there will be a saving in the payment of interest because no interest will be paid on the money taken from the Sinking Fund. The total amount of the Sinking Fund payments and interest on the second loan will not, therefore, be greater than the total amount of these payments had the first loan continued for 47 years. At the end of 47 years, therefore, in the case of all existing loans, both those repaid and those not yet repaid, the indebtedness will cease.

There is a special provision made regarding the loan of 34 lakhs taken by the Corporation last year. The Government of India sanctioned the loan subject to certain terms as to repayment. The Government of India considered that special arrangements should be made to repay the loan within 30 years and directed that, pending the passing of the present Bill, the Corporation should make arrangements, in addition to the Sinking Fund payments, to cancel debentures yearly to the amount of a further 1 per cent. on the loan. It has, therefore, been provided in the Bill that in the case of this particular loan, the Sinking Fund payments should be sufficient to pay it off in 30 years.

As regards future loans, we have a clear field. and it is provided that in each case there shall be a separate Sinking Fund for each loan and that the term of the loan and the period of indebtedness shall coincide; that is to say, whatever be the term sanctioned by the Government of India for the loan, the Sinking Fund payments on account of it must be such as to accumulate to the full amount of the loan within that term. In the case of future loans the provisions are simple and there is no possibility of any defects arising such as have given occasion to the present legislation, and there is a further safeguard that the Accountant-General shall examine annually the accounts of each Sinking Fund and if he finds that there is a deficiency in respect of any of them, the Corporation shall be bound to make up that deficiency at once. On the other hand, if there is an excess, the Trustees may repay such excess to the Corporation.

The other provisions of the Act have been adequately explained in the notes on clauses, and I think are such as will commend themselves to the Council without further explanation. If leave to introduce the Bill is granted, it is proposed to move for a reference to Select Committee at the next meeting of the Council and to take the final stages of the Bill during the present session.

The motion was put and agreed to.

THE AMENDED DRAFT FINANCIAL STATEMENT.

The Hon'ble Sir William Duke presented the amended draft Financial Statement for Bengal for 1913-14.

AMENDED DRAFT FINANCIAL STATEMENT, BENGAL, 1913-14.

FINANCIAL DEPARTMENT.

FINANCE.

Calcutta, the 4th March 1913.

MEMORANDUM.

THE following memorandum is circulated, indicating the alterations in the figures which have been made since the circulation of the Amended Draft Financial Statement, Bengal, for 1913-14, dated the 26th February 1913.

2. The following changes have been made under the orders of the Government of India :—

Revised Estimate, 1912-13.

RECEIPTS.

I.—Land Revenue Adjustments.—The Government of India have sanctioned the following non-recurring assignments :—

	Rs.
(*a*) Sanitation	20,00,000
(*b*) Education	75,00,000
(*c*) For discretionary grants	12,00,000
	+1,07,00,000

These assignments have raised the total receipts by Rs. 1,07,00,000, and the closing balance for the current year has now been estimated at Rs. 2,83,98,000 against Rs. 1,76,98,000 originally calculated.

Budget Estimate, 1913-14.

RECEIPTS.

I.—Land Revenue Adjustments.—The Government of India have sanctioned the following assignments :—

	Rs.
(*i*) Recurring assignment for Sanitation ...	5,00,000
(*ii*) Ditto ditto Education ...	13,20,000
(*iii*) Grant for Agriculture and allied objects ..	1,50,000
(*iv*) Grant for Medical relief	1,00,000
(*v*) Recurring assignment in connection with the remission of appropriations from Cesses ...	24,93,000
Total ...	+45,63,000

VI.—Provincial Rates.—(Minus *Rs. 31,35,000*)—The collections from the Public Works Department Cess will now be made over to District Funds.

The grants sanctioned by the Government of India raise the estimate of receipts under Land Revenue Adjustments by Rs. 45,63,000, but the assignment of the net collections from the Public Works Cess will reduce the estimate of receipts by Rs. 31,35,000. The net increase in the receipts has, therefore, been estimated at Rs. 45,63,000 – 31,35,000=14,28,000 and the estimate of total receipts has been passed for Rs. 5,93,06,000.

CHARGES.

	Rs.	
8—Provincial Rates	-58,000	The cost of collection of Public Works Cess, will now be met by the District Funds.

45—Civil Works in charge of Public Works Department	+4,00,000	
45. Civil Works in charge of Civil officers	—5,84,000	As the District Boards will now get the whole of the collections from the Public Works Cess, the grants from Provincial Funds will be reduced by Rs. 5,84,000 as shown in paragraph 59 of the Amended Draft Financial Statement.
Total ...	+52,83,000	

The closing balance for 1913-14 is now estimated at Rs. 1,94,95,000 against Rs. 1,26,50,000 originally estimated, thus :—

	Original.	Present.
	Rs.	Rs.
Opening balance	1,76,98,000	2,83,98,000
Receipts	5,78,78,000	5,93,06,000
Total ...	7,55,76,000	8,77,04,000
Charges	6,29,26,000	6,82,09,000
Closing balance	1,26,50,000	1,94,95,000

3. Copies of the Amended Draft Financial Statement, as now revised incorporating the changes noted above are circulated herewith.

F. W. DUKE.

CALCUTTA,

The 4th March 1913.

AMENDED DRAFT FINANCIAL STATEMENT, 1913-14.

PART I.—General Review.

(1) ACCOUNTS FOR 1911-12.

OWING to the administrative changes announced by His Imperial Majesty at Delhi no budget for 1912-13 was presented to Council last year, and therefore no revised estimate for 1911-12 was laid before the Council. The revised estimate of old Bengal for 1911-12 was passed by the Government of India, and now the accounts have been prepared for the new Bengal Presidency. The accounts for 1911-12 of new Bengal, as now compiled, show that the actual receipts amounted to Rs. 5,20,51,383 and the charges to Rs. 5,83,77,064.

(2) REVISED ESTIMATE FOR 1912-13.

2. The revised estimate for 1912-13, as now passed on the basis of the actuals of the first nine, and in some cases ten, months of the current year, is compared below with the sanctioned estimate for the year :—

	Sanctioned estimate.	Revised estimate.	Better (+) or worse (—).
	Rs.	Rs.	Rs.
Opening balance ...	1,66,25,000	1,66,25,000	.....
Revenue receipts ...	5,62,53,000	5,67,87,000	+ 5,34,000
Adjustments ...	3,82,000	1,45,41,000	+1,41,59,000
Total receipts ...	5,66,35,000	7,13,28,000	+1,46,93,000
Grand Total ...	7,32,60,000	8,79,53,000	+1,46,93,000
Total expenditure ...	5,99,38,000	5,95,55,000	+ 3,83,000
Closing balance ...	1,33,22,000	2,83,98,000	+1,50,76,000

3. The increase under adjustments is due to the following additional assignments from Imperial Revenues :—

	Rs.	Rs.
Contribution for recovery of cost of transmission of records by revised procedure introduced by the Court-fees Act	6,000	
Contribution for pensions of title-holders	3,000	
Additional recurring grant for popular education	25,000	
Recurring grant for aided English secondary schools	1,50,000	
Recurring grant for the extension of education among poorer classes of the domiciled community ...	40,000	
Recurring grant for the amalgamation of the clerical establishment of the Art section of the Indian Museum with the Calcutta School of Art ...	1,000	
Assignment for the Belgachia Veterinary College	30,000	
Contribution from Bihar and Orissa towards pay of electrical staff utilized by it	8,000	

	Rs.	Rs.
Assignment for the cost of forms and other printing done for the Bihar and Orissa Government ...	2,32,000	
Grant of one-half of the salaries of Health Officers to be employed in municipalities	39,000	
Recurring grant for the development of the work of the Calcutta University	65,000	
Non-recurring grant for the construction of hostels outside Calcutta and Dacca	4,00,000	
Contribution to meet the charges of Lieutenant-Colonel Sutherland's deputation for serological work ...	15,000	
Non-recurring grant for development of University work, Calcutta ...	4,00,000	
Non-recurring grant for hostels in Calcutta	10,00,000	
Non-recurring grant for the Dacca University	10,00,000	
Recurring grant for the Dacca University	45,000	
Non-recurring assignment for sanitation	20,00,000	
Non-recurring assignment for discretionary grants	12,00,000	
Ditto for Education ...	75,00,000	
		1,41,59,000

4. The increase of revenue is the net result of increase under some heads and decrease under others. The improvements aggregate Rs. 18,03,000, and are chiefly under the following heads :—

Land Revenue—(Rs. 2,69,000) due to the better collection of ordinary revenue and Revenue Record-room receipts.

Stamps—(Rs. 2,88,000) due to the larger sale of general stamps owing to improving agricultural conditions.

Assessed Taxes—(Rs. 2,38,000) due to normal growth of revenue.

Forest—(Rs. 2,50,000) due to larger collections from the sale of timber in Kurseong, Jalpaiguri and the Sundarbands.

Registration—(Rs. 1,73,000) due to an increase in the number of registrations.

Courts of Law—(Rs. 52,000) due to larger receipts from Magisterial fines.

Police—(Rs. 50,000) due to larger recoveries on account of additional police in Jessore, Madaripur and Munshiganj and larger receipts under the Motor Cycles Act.

Ports and Pilotage—(Rs. 1,65,000) chiefly under pilotage receipts due to improvement in trade, and partly increase in receipts from fees for certificates of inland vessels under Act II of 1884 and to larger overtime fees arising from trade activity.

Education—(Rs. 56,000) under fees from Government colleges, general and high schools, both boys and girls, in consequence of the increase of pupils.

Medical—(Rs. 69,000) due to the special contribution of Rs. 50,000 from the Indian Research Fund Association for carrying out experiments in jungle-clearing in suitable localities, and also to larger receipts from fees of the Medical College due to the increase in the number of students owing to the opening of a sixth-year course.

Miscellaneous—(Rs. 1,49,000) chiefly under unclaimed deposits and recovery of law charges.

Irrigation—Minor Works and Navigation in charge of the Public Works Department—(Rs. 40,000) due chiefly to increase in the navigation receipts from the Calcutta and Eastern Canals owing to the opening of the Kistopur khal and also to receipts under agricultural works.

The decrease, on the other hand, amounts to Rs. 12,69,000, falling chiefly under the following heads:—

Excise—(Rs. 3,50, 0) chiefly under country spirits, as the settlements for 1912-13 were not satisfactory and full fees were not realized from shops, and partly under duty on ganja owing to shortage of crop in Naogaon which forced up wholesale prices.

Provincial Rates—(Rs. 42,000) under collection of Public Works cess.

Jails—(Rs. 32,000) owing to a falling off in the sale of manufactured articles. The estimate of receipts under Jails proper was also high.

Scientific and other Minor Departments—(Rs. 1,07,000) due to smaller sales of quinine, owing to dearth of orders from the Medical depôts of Calcutta and Lahore.

Civil Works in charge of the Public Works Department—(Rs. 7,14,000) due to non-realization of the two instalments of the sale-proceeds of the land and buildings of the Sibpur Engineering College, which it was proposed to sell to the Port Commissioners, owing to the non-receipt of the sanction to the sale from His Majesty's Secretary of State.

5. On the expenditure side the revised estimate shows a total decrease of Rs. 21,70,000, which is mainly accounted for under the following heads:—

Excise—(Rs. 27,0 0) chiefly under superintendence, owing to the appointment of a lower grade officer as Excise Commissioner and to the absence on leave of the Distillery Expert and partly under allowances and contingencies.

Forests—(Rs. 40,000) due to absence of superior and other officers on leave, and also to cessation of departmental operations in Buxa.

Interest on Ordinary Debt—(Rs. 24,00) due to smaller outstanding balance of the Provincial loan account.

Courts of Law—(Rs 34,000) due to savings in the salaries of Magistrates and to the appointment of the Registrar of Insolvency in the High Court not having been filled up.

Jails—(Rs. 1,14,000) due to savings in the grants for dietary charges, hospital charges and miscellaneous supplies.

Police—(Rs. 4,45,000) owing to savings in the grant for reorganization of the district executive force and river police, as well as to the non-utilization of the grant for civil armed police.

Education—(Rs. 1,76,0 0) due to savings in the grant for non-recurring expenditure.

Medical—(Rs. 10,07,000) due to the transfer of the grant for Sanitation to Civil Works and the grant for the School of Tropical Medicines to the Public Works Department.

Miscellaneous—(Rs. 2,56,00) due to the transfer of the grant for equilibrium to District Boards in the Eastern Bengal districts to Education, to the adjustment of the grants made by His Excellency to the appropriate heads and to the reappropriation of the reserve provision of Rs. 1,50,000 to meet expenditure under other heads.

On the other hand, there was a total increase in expenditure of Rs. 17,87,000, the largest items of which are noted below:—

Land Revenue—(Rs. 13,000) for larger expenditure on the improvement of Government estates.

Registration—(Rs. 22,000) for larger expenditure on the establishments of District Sub-Registrars.

General Administration—(Rs. 2,50,000) due to increased charges for the purchase of new crockery and linen for His Excellency's residences, for the renovation of pictures in Government House, Calcutta, for the upkeep of Barrackpore Park, for larger expenditure on tour charges of His Excellency, for deputation of special officers to the Secretariat, the deputation of the Hon'ble Mr. D. J. Macpherson on special duty and to the adjustment of certain charges on account of Royal visit and Coronation Durbar not debited last year.

Ports and Pilotage—(Rs. 1,24,000) due to increases under the head pilotage and pilot establishment owing to trade activity, (which are counterbalanced by the increase in receipts) and to an additional grant to the Agent for Government Consignments for freight charges.

Superannuation—(Rs. 57,000) representing the normal growth of expenditure.

Stationery and Printing—(Rs 1,69,000) owing to the non-realization of probable savings which were relied upon to make provision for expenditure in the Dacca Jail Press.

Civil Works in charge of the Public Works Department—(Rs. 9,00,000) due to several grants made for Educational buildings and for the acquisition of land for the School of Tropical Medicine.

Civil Works in charge of Civil Officers—(Rs. 1,94,000) due to the transfer of the grant for Sanitation from Medical to this head.

6. The net result of these changes is that the closing balance of 1912-13, including the sum of 30 lakhs held in trust for the Calcutta Improvement Scheme, which was estimated in March last at Rs. 1,33,22,000 is now estimaed at Rs. 2,83,98,000. The increase is chiefly due to the special assignments from the Government of India mentioned in paragraph 3 above.

(3)—BUDGET ESTIMATE, 1913-14.

7. The opening balance of 1913-14 is the closing balance of 1912-13, and is therefore Rs. 2.83,98,000.

8. The estimates for the year, as approved by the Government of India, show receipts aggregating Rs. 5,93,06,000, an expenditure of Rs. 6,82,09,000, and a closing balance of Rs. 1,94,95,000. Out of the special grant of 50 lakhs for the Calcutta Improvement Scheme, which has appeared in the accounts since 1903-04, twenty lakhs have already been paid to the Improvement Trust in 1911-12 and 1912-13 and ten lakhs will be paid in 1913-14. A portion of the closing balance of Rs. 1.94,95,000 is earmarked for the following :—

	Rs.
Calcutta Improvement Trust as stated above ...	20,00,000
Police reorganization	15,54,000
Dacca University	10,90,000
Regrants of unspent balances of Imperial Grants of the Education Department ...	8,78,000
Grant of balance of non-recurring grant given in 1912-13 for education...	47,20,000
Ditto ditto for Medical and Sanitation	13,25,000
Grant of unspent balance of discretionary grants	8,00,000
Minimum balance	20,00,000
	1,43,67,000
This leaves a free balance which could be spent in future years	51,28,000
	1,94,95,000

9. The estimate of receipts includes the following assignments from Imperial Revenues :—

	Rs.	Rs.
Contribution for recovery of cost of transmission of records by revised procedure introduced by the Court Fees Act	6,000	
Contribution for Famine Relief Scheme	60,000	
Contributions for pensions of title-holders	3,000	
Recurring grant for the amalgamation of the clerical establishment of the Art Section of the Indian Museum with the Calcutta School of Art ...	1,000	

	Rs.	Rs.
Contribution from Bihar and Orissa towards pay of electric staff utilized by it	8,000	
Contribution from Bihar and Orissa in connection with fishery experiments	15,000	
Recurring grant for the Dacca University	45,000	
Grant to the Calcutta Improvement Trust	1,50,000	
Recurring grant for popular education	9,25,000	
Recurring grant for aided English secondary schools	1,50,000

PART II.—Detailed remarks on the budget for 1913-14.

RECEIPTS.

12. *Land Revenue.*—The total collections in 1911-12 amounted to Rs. 2,71,72,317, and the estimate for 1913-14, as provisionally passed by the Government of India, is Rs. 2,83,88,000 against Rs. 2,82,01,000, the revised estimate for 1912-13. The estimate includes Rs. 11,22,000 for recoveries of Survey and Settlement charges against Rs. 8,47,000 provided on the same account in the budget estimate for 1912-13.

13. The estimated Provincial share of Land Revenue is calculated as follows :—

	Estimate, 1912-13.	Revised estimate, 1912-13.	Estimate, 1913-14.
	Rs.	Rs.	Rs.
Gross Land Revenue ...	2,78,35,000	2,82,01,000	2,83,88,000
Deduct—Estimated collections from Government Estates (wholly Provincial) ...	45,38,000	45,75,000	44,32,000
Deduct—Recoveries of Survey and Settlement charges (wholly Imperial) ...	8,47,000	7,13,000	11,22,000
Total Deduction ...	53,85,000	52,88,000	55,54,000
Net amount divisible between Imperial and Provincial funds	2,24,50,000	2,29,13,000	2,28,34,000
Provincial share one-half ...	1,12,25,000	1,14,57,000	1,14,17,000
Add—Collections from Government Estates (wholly Provincial)	45,38,000	45,75,000	44,32,000
Total Provincial ...	1,57,63,000	1,60,32,000	1,58,49,000
Add—Adjustments ...	3,82,000	1,45,41,000	56,43,000
Total Provincial receipts	1,61,45,000	3,05,73,000	2,14,92,000

14. *Stamps.*—The budget estimate of the total revenue from Stamps for 1912-13 was placed by the Government of India at Rs. 2,04,25,000. The actuals in 1911-12 amounted to Rs. 2,01,12,576, while those of the first ten months of 1912-13, exclusive of receipts on account of unified stamps used as receipt stamps, exceeded the figures of the corresponding period of the preceding year by Rs. 8,02,000. In view of these figures, and allowing for the adjustment of receipts from the sale of unified stamps between the Postal and the Stamp Departments, the revised estimate for 1912-13 has been passed for Rs. 2,10,00,000. Allowing for a progressive increase of 5 lakhs, the estimate for 1913-14 has been placed at Rs. 2,15,00,000. The Provincial share is one-half, and amounts to Rs. 1,05,00,000 for 1912-13 and Rs. 1,07,50,000 for 1913-14.

15. *Excise.*—The revenue from Excise for 1912-13 was estimated at Rs. 1,38,50,000. The actuals in 1911-12 amounted to Rs. 1,33,88,200, while the figures for the first ten months of 1912-13 show an increase of Rs. 52,000 only over the actuals of the corresponding periods of the preceding year. The revised estimate for 1912-13 has, therefore, been passed for Rs. 1,35,00,000, and allowing for a progressive increase of Rs. 3,55,000 the estimate for 1913-14 has been placed at Rs. 1,38,55,000. The receipts under this head are now wholly Provincial.

16. *Provincial Rates.*—The actual collections of the Public Work Cess in 1911-12 amounted to Rs. 30,83,495, while the estimate for 1912-13 was Rs. 31,57,000. The receipts in the first seven months of the current year,

however, show an increase of Rs. 54,000 over those of the corresponding period of 1911-12. The revised estimate for 1912-13 has accordingly been placed at Rs. 31,15,000 and the estimate for 1913-14 at Rs. 31,35,000 allowing for an anticipated increase in the receipts owing to the revaluation operations in the districts of Bakarganj, Bankura, 24-Parganas, Jessore and Khulna. It has now been decided to transfer the whole of these receipts to the District Boards, so that there will be no receipts from the Public Works Cess in the Provincial Account in 1913-14. Under "General Rates for the Management of Private Estates" the estimate of receipts is Rs. 90,000 as against Rs. 85,000, the revised estimate for 1912-13. The total estimate from provincial receipts for 1913-14 is, therefore, Rs. 90,000 only.

17. *Assessed Taxes.*—The budget estimate of receipts from Income-tax for 1912-13 was Rs. 51,25,000. The actual collections in the first ten months of the year amounted to Rs. 45,71,000. For the two months of the year, the receipts have been taken at Rs. 10,29,000 and the revised estimate has been placed at Rs. 56,00,000. The estimate for 1913-14 allows for no increase and stands at the same figure. The Provincial share is one-half and amounts to Rs. 28,00,000.

18. *Forests.*—The total receipts under this head for 1912-13 were estimated at Rs. 14,00,000 against Rs. 13,87,465, the actuals of 1911-12. The collections in the first ten months of 1912-13 show an increase of Rs. 2,75,000 as compared with those of the corresponding period of the previous year, and the revised estimate has been placed at Rs. 16.50,000. The estimate for 1913-14 has, however, been passed for Rs. 14,00,000. The decrease is chiefly in the Buxa Division where owing to over-exploitation in the past dead *sâl* is reported to be getting scarcer.

19. *Registration.*—The budget estimate for 1912-13 was Rs. 16,77,000. The actual collections in the first nine months of the year amounted to Rs. 12.47,000. For the remaining three months of the year the receipts have been taken at Rs. 6,03,000, and the revised estimate has been placed at Rs. 18,50,000. Allowing for an increase of Rs. 50,000 over the revised estimate, the estimate for 1913-14 has been passed for Rs. 19,00,000.

20. *Interest.*—The estimate of loans, as submitted to the Government of India, provides for a return in the way of interest during 1913-14 of Rs. 4,85,000 as shown below :—

	Rs.
Interest on advances to cultivators, etc. ...	37,000
" " " Co-operative Credit Societies	2,700
" " drainage and embankment advances ...	12,000
" " loans to landholders	1,90,000
" " " to Municipalities and District Boards, etc.	2,16,000
Miscellaneous	27,000
For rounding	+300
Total ...	4,85,000

21. *Law and Justice—Courts of Law.*—The actuals in 1911-12 amounted to Rs. 7,60,777, while the receipts in the first seven months of 1912-13 show an increase of Rs. 14,000 over those of the corresponding period of the previous year. In view of these figures the revised estimate for 1912-13 has been raised from Rs. 7,25,000 to Rs. 7,77,000, and the estimate for 1913-14 has been passed for Rs. 7,65,000.

22. *Jails.*—The actuals for the nine months ending 31st December 1912 amounted to Rs. 3,83.000, while those in 1911-12 were Rs. 8.31,424, which included special receipts on account of the Durbar at Delhi. It is not safe to expect more than Rs. 2,74,000 in the last three months. The revised estimate for 1912-13 has, therefore, been placed at Rs. 6,57,000 and the estimate for 1913-14 at Rs. 6,59,000.

23. *Police.*—The actuals in 1911-12 amounted to Rs. 1.87.675, while the receipts in the first nine months of 1912-13 were Rs. 1,85,000. The receipts for the last three months will probably reach Rs. 65,000 and the revised estimate for 1912-13 has been passed for Rs. 2,50,000 against Rs. 2,00,000, the budget estimate for the year. The increase is on account of

larger recoveries from additional police. The estimate for 1913-14 is Rs. 1,62,000 as smaller recoveries are anticipated on account of additional police.

24. *Ports and Pilotage.*—The actuals in 1911-12 amounted to Rs. 16,95,556, while the budget estimate for 1912-13 was Rs. 15,98,000. This has been raised to Rs. 17,63,000 in the revised estimate, with reference to the actuals of the first nine months of the current year showing a large increase under Pilotage receipts. The estimate for 1913-14 has been passed for Rs. 18,00,000, which provides for a small increase under Pilotage receipts.

25. *Education.*—The budget estimate for 1912-13 was Rs. 6,84,000. This has been raised to Rs. 7,40,000 in the revised estimates with reference to the actuals of the first nine months of the current year. The improvement is mainly due to increases in fees from Government Colleges—General, and from High Schools for boys (including collegiate schools). The estimate for 1913-14 is Rs. 7,51,000.

26. *Medical.*—The budget estimate for 1912-13 was Rs. 3,61,000 against Rs. 3,62,976, the actuals of 1911-12. The receipts during the first nine months of 1912-13 amounted to Rs. 3,36,000, including Rs. 50,000 credited as a special contribution from the Indian Research Fund Association for carrying out experiments in jungle-clearing in suitable localities under conditions which will ensure the collection of an accurate data on what appears likely to be a successful anti-malarial measure. The revised estimate for 1912-13 has accordingly been placed at Rs. 4,30,000, and the estimate for 1913-14 at Rs. 3,76,000.

27. *Scientific and other Minor Departments.*—The estimate for 1912-13 was Rs. 3,83,000 against Rs. 2,37,053, the actuals of 1911-12. The actuals in the first nine months of 1912-13 amounted to Rs. 1,49,000 (of which Rs. 75,000 represents the sale-proceeds of cinchona and its products) against Rs. 2,70,000 anticipated for the whole year. It is not safe to expect more than 1½ lakhs from receipts from the sale of cinchona and quinine during the whole year, and the total revised estimate for 1912-13 has been placed at Rs. 2,76,000. The estimate for 1913-14 has also been passed for Rs. 2,26,000.

28. *Receipts in aid of Superannuation.*—The budget estimate for 1912-13 was Rs. 42,000, but in the revised estimate this has been raised to Rs. 46,000 in view of the actual collections of the first nine months of the year. The estimate for 1913-14 has, however, been placed at Rs. 42,000.

29. *Stationery and Printing.*—The estimate for 1913-14 is Rs. 1,30,000 against Rs. 1,32,000, the revised estimate for 1912-13, and Rs. 1,30,425, the actuals of 1911-12. The estimate includes smaller provision for the sale of Indian Law Reports, as the back numbers of the report are out of print.

30. *Miscellaneous.*—The receipts for 1912-13 were estimated at Rs. 4,87,000 against Rs. 6,35,371, the actuals of 1911-12. In the revised estimate this has been raised to Rs. 6,36,000, including Rs. 5,00,000 for unclaimed deposits, against Rs. 3,82,800, the sanctioned estimate for the year. Larger fees for Government audit are also expected from Court of Wards on account of collections of arrears for 1909-10 and 1910-11. There are also small increases expected from fees and fines of Revenue Courts and recoveries of law charges other than those in pauper suits. For 1913-14 the estimate has been placed at Rs. 5,91,000, including Rs. 4,80,000 for unclaimed deposits.

31. *Irrigation—Major Works (Direct Receipts).*—The budget estimate for 1912-13 was Rs. 2,63,000 against Rs. 2,78,127, the actuals of 1911-12. The budget has been repeated in the revised estimate, while the budget for 1913-14 has been placed at Rs. 2,80,000 owing to the increase expected from water-rates, Midnapore Canal, due to the renewal of long leases at the enhanced rate of Rs. 2 per acre in place of the old rate of Re. 1-8. The Provincial share is one-half and amounts to Rs. 1,31,000 in 1912-13 and Rs. 1,40,000 in 1913-14.

32. *Irrigation—Minor Works and Navigation in charge of the Public Works Department.*—The budget estimate for 1912-13 was Rs. 5,94,000, but in view of the fact that the actuals of 1911-12 amounted to Rs. 6,73,000, and in view of the actuals of the first nine months of the current year, the revised estimate has been raised to Rs. 6,75,000. The increase,

as compared with the budget, is chiefly in navigation receipts from the Calcutta and Eastern canals due to the opening of the Kistopur Canal. The Madaripur Bhil Route is now complete, and it is expected that the navigation receipts will increase and the estimate for 1913-14 has been placed at Rs. 6,85,000. The Provincial share is one-half and amounts to Rs. 3,37,000 in 1912-13 and Rs. 3,42,000 in 1913-14.

33. *Civil Works in charge of the Public Works Department.*—The budget estimate for 1912-13 was Rs. 11,23,000, and included Rs. 7,13,742 on account of the first two instalments of the sale-proceeds of the land and buildings of the Sibpur Engineering College which it was proposed to sell to the Port Commissioners, Calcutta, for Rs. 13,63,742, but, as the order of the Secretary of State on the subject has not yet been received, no payment is expected this year. The revised estimate has, accordingly, been reduced to Rs. 4,09,000. It is not known when the orders of the Secretary of State will come, and no provision has been made in the budget for 1913-14 on this account, and the budget for the year has been placed at Rs. 3,69,000.

EXPENDITURE.

34. *Refunds and Drawbacks.*—The total Provincial expenditure in 1913-14 is estimated at Rs. 1,41,000 against Rs. 1,42,000, the budget estimate for 1912-13, and Rs. 1,55,124, the actuals of 1911-12. The estimates under this head are based, as usual, on the average actuals of the previous three years, excluding special payments. The actuals of 1911-12 included a special payment under Land Revenue. The actuals of the current year includes a special payment of Rs. 4,000 under Excise on account of refund of license fees, and the revised estimate for the current year has been placed at Rs. 1,57,000.

35. *Assignments and Compensations.*—The budget estimate for 1912-13 was Rs. 31,000, but this has been raised to Rs. 35,000 in the revised estimate, and Rs. 33,000 in the budget for 1913-14. The actuals of the first nine months of 1912-13 include arrear payments.

36. *Land Revenue.*—The total Provincial expenditure for 1913-14 is estimated at Rs. 33,48,000 against Rs. 33,63,000, the revised, and Rs. 33,50,000, the budget estimate, for 1912-13, as shown below :—

	1912-13		1913-14.
	Budget	Revised.	Budget.
	Rs.	Rs.	Rs.
(1) Charges of District Administration ...	27,07,000	26,17,000	26,50,000
(2) Charges on account of Land Revenue collections	11,000	11,000	10,000
(3) Management of Government estates ...	4,82,000	5,48,000	4,72,000
(4) Survey and Settlement ...	1,82,000	1,22,000	1,82,000
(5) Land Records ...	61,000	63,000	33,000
(6) Charges on account of fishery collection ...	.....	2,000	1,000
	34,43,000	33,63,000	33,48,000
Lump Deduction ...	93,000	.....	.....
Total ...	33,50,000	33,63,000	33,48,000

The estimate under (1) provides for an additional temporary appointment of Magistrate, Joint-Magistrates according to the number and grading recommended to the Government of India and the appointment of a police

officer now on district Administration as the Superintendent, Chittagong Hill Tracts. Under (3) the estimate is chiefly based on the estimate of collections from Government estates, as 9½ per cent. of the collections is usually allotted for management and improvement of Government estates, with small additions for special charges. The estimate under (4) is based on actual requirements and includes the charges for the settlement of Government temporary-settled estates in Bakarganj and Noakhali. The decrease under (5) is chiefly due to the debit of a larger share of the cost of the Director of Land Records, to the different Imperial settlement operations.

37. *Stamps.*—The estimate for 1912-13 was Rs. 6,72,000, but in the revised estimate this has been raised to Rs. 6,87,000, owing to the payment of discount on larger sale of general stamps. The budget for 1913-14 is Rs. 7,25,000, and allows for increased charges for the sale of stamps of different natures, and larger supply of stamp paper from the Central Stores consequent on the increase in the sale of stamps. The charges of this Department are divided equally between the Imperial and Provincial Revenues, and the Provincial share amounts to Rs. 3,43,000 and Rs. 3,62,000 for 1912-13 and 1913-14, respectively.

38. *Excise.*—The estimate for 1913-14 is Rs. 6,69,000, as compared with Rs. 6,04,000, the revised estimate for 1912-13, and Rs. 6,31,000, the budget estimate for the year. The increase is chiefly due to (*a*) a special provision of Rs. 50,000 towards the reorganization of the Excise Department, and (*b*) additional grants for contingencies and rewards. The charges of this Department are now wholly Provincial.

39. *Provincial Rates.*—The estimate for 1913-14 is Rs. 58,000 against Rs. 53,000, the budget estimate for 1912-13, and Rs. 49,787, the actuals of 1911-12. The increase is mainly due to the valuation and revaluation charges in the districts of Khulna, Tippera, Faridpur and Dacca. As the receipts from the Public Works Cess will be transferred to Distric Boards from 1913-14 those funds will bear the charges. There will be no charge on Provincial Account.

40. *Assessed Taxes.*—The budget estimate for 1912-13 was Rs. 1,57,000, and this has been repeated as the estimate for 1913-14. The revised estimate for 1912-13 has, however, been placed at Rs. 1,56,000 with reference to the actuals of the first nine months of the year. The Provincial share (one-half) is Rs. 78,000.

41. *Forests.*—The total expenditure for 1913-14 is estimated at Rs. 6,76,000 against Rs. 6,88,000, the revised estimate for 1912-13. The budget includes the following items :—

	Rs.
Provision for two Imperial officers recently recruited	9,120
Ditto Additional Rangers, etc.	8,484
Ditto ditto establishment	1,440
Purchase of three elephants	9,000
Construction of a path in Kurseong Division ...	3,000
Rebuilding Sukna rest-house in Kurseong .	3,000
Ditto Goramara rest-house in Jalpaiguri ...	5,000
Construction of Godahar rest-house in Buxa ...	3,000
Ditto of two rest-houses at Jalpaiguri and Dhobachari in Chittagong	8,000
Demarcation of reserve boundaries in the Chittagong Hill Tracts	4,500
Cost of settlement operations in Buxa	4,000
Construction of boats and dinghees	4,800

42. *Registration.*—The estimate for 1913-14 is Rs. 11,16,000 against Rs. 10,55,000, the revised estimate for 1912-13, and Rs. 10,67,406, the actuals of 1911-12. The budget includes (*a*) Rs. 5,400 for the revision of the office of the Inspector-General, (*b*) Rs. 2,400 for the revision of the office of the Sub-Registrar at Calcutta, (*c*) Rs. 12,300 for regrading of Sub-Registrars, (*d*) Rs. 10,000 for the opening of new Sub-Registry office, (*e*) Rs. 57,000 for revision of establishment of the offices of District Sub-Registrars, and (*f*) Rs. 4,500 for punkha-pullers in the Sub-Registry offices.

43. *Interest on ordinary Debt.*—This is interest payable from the Provincial revenues to the Imperial Government on the amount advanced by the latter to the Provincial Government for loans to cultivators under the Agriculturist's Loans and Land Improvements Loans Acts, for advances to Co-operative Societies, for advances on drainage and embankment schemes, for loans to notabilities and to municipalities and other public Corporations (excluding Presidency Corporations).

44. *General Administration.*—The estimate for 1912-13 was Rs. 22,00,000, but in the revised estimate this has been raised to Rs. 24,50,000. The increase is chiefly under Staff and Household of the Governor for the purchase of new crockery and linen, for the restoration of pictures for Government House at Calcutta, for the upkeep charges of Barrackpore Park, for larger expenditure on His Excellency's tour, for deputation of several special officers in the Civil Secretariat in connection with the Council Regulations and Public Service Commission, etc., for the deputation of the Hon'ble Mr. D. J. Macpherson in connection with the revision of Manuals of the Board of Revenue, and for the adjustment of certain charges in connection with the Delhi Durbar which was not accounted for in 1911-12. The estimate for 1913-14 has been passed for Rs. 23,02,000 and includes the following provisions :—

	Rs.
Establishment for the Military and the Private Secretaries to Governor	18,000
Aditional provision for Body-guard	15,000
Ditto Band	14,000
Ditto Furniture	20,000
Charges for the upkeep of Barrackpore Park ...	13,000
Provision for local audit of Police and Calcutta Improvement Trust Accounts	6,000
Provision for officers on special duty in the Secretariat in connection with inquiry about Police and Calcutta Municipal Act	43,000
Lump provision for establishment in the record-room for the preparation of Press list and for revision of office establishment	6,200

45. *Law and Justice—Courts of Law.*—The total charges for 1912-13 were originally estimated at Rs. 98,39,000, but in the revised estimate this has been reduced to Rs. 98,05,000 with reference to the actuals of the first nine months of the year. The decrease is chiefly under Criminal Courts, owing to savings in the grant under salaries. The estimate for 1913-14 is Rs. 96,10,000. It includes (*a*) provision for additional establishment in the Presidency Magistrate's Court, Rs. 4,632, (*b*) provision for additional Munsifs, Rs. 32,000 ; (*c*) provision for regrading of Munsifs, Rs. 50,000 ; (*d*) provision for additional establishments in Munsifs' Courts, Rs. 12,000 ; (*e*) additional grant for Supplies, Services and Contingencies of Civil Courts; (*f*) provision for an additional Judge of the Calcutta Small Cause Court and his establishment, Rs. 15,000, and (*g*) additional grant for the revision of Chaukidari Panchayet, Rs. 22,000. Against these provisions smaller provision has been made for fees to pleaders and counsel in criminal cases, as it is hoped that the political cases will now come to an end.

46. *Jails.*—The estimate for 1912-13 was Rs. 20,74,000 against Rs. 20,51,332, the actuals of 1911-12. In view of the actuals of the first nine months of 1912-13 the revised estimates for the year has been placed at Rs. 19,60,000. The savings are chiefly under salaries of Superintendents and Jailors, for reductions in the old Presidency Jail, dietary charges and miscellaneous services and supplies. The estimate for 1913-14 is Rs. 20,79,000, and includes provision (*a*) for fresh allowances for Sub-Assistant Surgeons of District Jails, (*b*) for appointment of additional clerks and enhancement of allowances of existing clerks in Eastern Bengal, subsidiary jails, (*c*) for supply of adequate clothing to Eastern Bengal prisoners, (*d*) for provision of better equipment for Eastern Bengal Jails, (*e*) for larger provision for Municipal rates and taxes and (*f*) for larger provision for purchase of raw materials due to proposed improvement of industries in Rampur Boalia and Dacca Central Jails and in Barisal and Mymensingh District Jails.

47. *Police.*—The following table compares the figures under this head :—

Purchase of 16 type-writers for districts in which the machines require replacement	5,888

48. *Ports and Pilotage.*—The budget estimate for 1912-13 was Rs. 12,08,000, but in the revised this has been raised to Rs. 13,32.000, with reference to the actuals of the first nine months of the year. The increase is partly under Pilotage and Pilot establishments owing to trade activity, and also under Marine establishment in the office of the Agent for Government Consignments for heavier charges for freight which is not expected to be fully recovered before the close of the year. The estimate for 1913-14 has been placed at Rs. 13,74,000, and includes larger grants for the repairs of vessels and value of coals to be supplied to pilot vessels, and larger provision for pilotage allowances to Pilots in anticipation of increased shipping.

49. *Education.*—The total provincial expenditure in 1912-13 was originally estimated at Rs. 78,45,000, but in the revised estimate this has been reduced to Rs. 76,69,000, with reference to the actual charges in the first nine months of the year. The decrease is more than covered by smaller expenditure from the lump provision for non-recurring charges against increased expenditure under the other heads. During the year, the Government of India sanctioned a non-recurring grant of Rs. 4.00,000 and a recurring grant of Rs. 65,000 to the Calcutta University, which have been made over to that body. Rupees 40,000 was sanctioned for education of Domiciled community which has been added to the allotment for grants-in-aid. A grant of two lakhs has been sanctioned for the construction and improvement of hostel buildings outside Calcutta and Dacca, but this will not be fully utilized. A grant of Rs. 1.50,000 has also been sanctioned for aided English secondary schools, and a good portion of this will be expended during the year. 1½ lakhs will also be probably incurred from the assignment of 10 lakhs for hostel buildings in Calcutta. The savings in these grants will

be re-granted next year. The budget grant for 1913-14 is Rs. 1,34,88,000 and is thus compared with the actuals of the past three years :—

(A) Included under grants-in-aid.

The Government of India gave a non-recurring assignment of Rs. 75 lakhs in 1912-13 and a recurring assignment of Rs. 13,20,000 in 1913-14 for expenditure of the department.

The budget for 1913-14 includes the following items of expenditure —

	Rs.
Lump addition made by the Government of India	41,00,000
Additional recurring grant to Calcutta University, sanctioned in 1912	65,000
For revision of establishment of Director of Public Instruction's office, including Assistant Director of Public Instruction for Muhammadan education ...	9,000

„ provincialization of Victoria Technical Institute, Chittagong, and Diamond Jubilee Industrial School	10,600
„ improvement of Madrasahs, Eastern Bengal districts	5,000

	Rs.
For the purchase of materials and tools for electric course to be opened in the Dacca School of Engineering	5,000
„ grant to the Ripon College for liquidation of debt	30,000

50. *Medical.*—The estimate for 1912-13 was Rs. 36,95,000, but this has been reduced to Rs. 26,88,000 in the revised estimate, with reference to the actuals of first nine months of the year. The decrease is nominal and was due chiefly for the transfer of Rs. 6¼ lakhs out of the non-recurring grant of 7¼ lakhs from works of sanitation to the head Civil Works in charge of Civil Officers and other heads, and also for the transfer of four lakhs, the grant for the School of Tropical Medicine, to the Public Works Department to meet the cost of land acquisition. The Government of India have just sanctioned a non-recurring assignment of 20 lakhs and a recurring assignment of 5 lakhs for sanitation and 1 lakh for Medical relief. The estimate for 1913-14 has been passed for Rs. 41,01,000, including Rs. 12,75,000 added by the Government of India for expenditure on sanitation and Medical relief. Budget also includes (*a*) Rs. 1,00,000 for the School of Tropical Medicine, that being the balance of the Imperial grant of 5 lakhs for the construction of the school, (*b*) Rs. 9,600 for an Indian Medical Service Officer as personal assistant to the Inspector-General in place of a ministerial officer on lower pay, (*c*) Rs. 22,000 for the salary of three Additional Deputy Sanitary Commissioners, Rs. 1,500 for their tents and Rs. 3,000 for their office establishment, (*d*) Rs. 26,100 for Government contribution towards the pay of 1st and 2nd class Health officers, (*e*) Rs. 5,000 for training Sanitary Inspectors and 2nd class Health officers, (*f*) Rs. 50,000 for carrying out experiments in jungle clearing, (*g*) Rs. 18,900 for a Professor of Physics and an Assistant Professor of Physics and Chemistry, and local allowances for two Professors and three Assistant-Professors of the Medical College, (*h*) Rs. 20,000 for charges in connection with Lieutenant-Colonel Sutherland's enquiry in serological work, (*i*) Rs. 4,345 for additional teachers and demonstrators in Medical Schools, (*k*) Rs. 7,200 for the appointment of a probationary Chemical Examiner and (*l*) Rs. 5,280 for the appointment of additional nurses in the Campbell Hospital.

The grants for the Presidency Hospitals are shown below :—

	Salaries.	Establishment	Allowances.	Clothing and bedding.	Diet	Other supplies.	Contingencies.	Total.

Albert Victor Asylum for Lepers ...	7,200	3,288	180	17,000		1,000	8,529	37,000

51. *Political.*—The estimate for 1913-14 is Rs. 27,000 against Rs. 34,000, the budget estimate for 1912-13. The decrease is under Durbar Presents for smaller provision for Presidency payments on account of *khillats*, as the Government of India have done away with *khillats* for title-holders below the rank of Maharajas and Rajas.

52. *Scientific and other Minor Departments.*—The estimate for 1912-13 was Rs. 17,13,000, but in the revised estimate this had been reduced to Rs. 17,07,000. The decrease is more than accounted for by the transfer of Rs. 30,000 from the lump provision of Rs. 75,000 for expenditure on agriculture and allied objects from this head to the Forest Budget. The budget for 1913-14 has been placed at Rs. 17,15,000 including Rs. 50,000 for the purchase of cinchona bark against Rs. 3,60,000 passed for the same purpose in the budget for 1912-13 and a special lump provision of 1½ lakhs for expenditure on Agriculture and allied objects recently sanctioned by the Government of India. The budget also includes the following items of expenditure :—

	Rs.
Provision for the upkeep of the new dairy farm at Rangpur	16,000
Mycological collector, Entomological collector, two Agricultural supervisors and Weaving Inspector employed in Eastern Bengal (not provided for in 1912-13)	9,120
Bonemeal demonstration, purchase of seed potatoes and crop-cutting experiments	25,000
Contribution to Toklai Tea Association ...	4,000
Opening and extension of central nurseries and other demonstrations	59,500
Additional grant to the Zoological Garden for the upkeep of the extended area to be transferred from the Kidderpore Orphanage	10,000
Provision for the upkeep and recurring charges of the steam-launch *Blanch* recently placed at the disposal of the Registrar, Co-operative Societies	5,000
Balance of the Imperial assignment of one lakh for agriculture and allied objects	30,000
Purchase of a steam-launch for the Fishery Department	45,000

53. *Superannuation.*—The charges under this head tend to rise year after year owing to increase in the number of claims to pension. The estimate for 1913-14 is Rs. 30.22,000 as compared with Rs. 29.03,000, the revised estimate for 1912-13. and Rs. 27,85.637, the actuals of 1911-12.

54. *Stationery and Printing.*—The estimate for 1913-14 is Rs. 13,60,000 against Rs. 12,55,000 and Rs. 14,24,000, the budget and revised estimates for 1912-13. respectively, and Rs. 15,79,021, the actuals of 1911-12. The following table compares the figures :—

HEADS.	Actuals, 1911-12.	Budget estimate, 1912-13.	Revised estimate, 1912-13.	Budget estimate, 1913-14.
	Rs.	Rs.	Rs.	Rs.

Total ...	15,79,021	12,55,000	14,24,000	13,60,000

The estimate for the Forms Department includes Rs. 5,000 for the revision of establishment.

55. *Miscellaneous.*—The budget estimate for 1912-13 was Rs. 8,13,000, but in the revised estimate this has been reduced to Rs. 5,57,000 including 1½ lakhs, the lump provision for grain compensation allowance for all departments. The reduction is due to the adjustment under appropriate heads of expenditure sanctioned by His Excellency from the provision for petty grants and to the reappropriation of the reserve provision of Rs. 1,50,000 in order to meet expenditure under other heads and also to the transfer of Rs. 2,07,000 to "Education" as the equilibrium grant to District Boards in the Eastern Bengal districts was provided for under this head and not under the appropriate head.

The budget for 1913-14 is Rs. 9,53,000 and includes a lump provision of Rs. 3,60,000 for the payment of grain compensation allowance for all departments, Rs. 1,00,000 being the amount to be placed at the disposal of His Excellency for petty grants, Rs. 1,50,000 for general reserve for unforeseen requirements, Rs. 3,000 for stipends to holders of literary titles and Rs. 4,000 for cost of portraits of the King-Emperor.

56. *Irrigation—Maior Works (Working Expenses).*—The actual charges in 1911-12 amounted to Rs. 2,77,086 and the estimate for 1912-13 was Rs. 2,26,000, but in the revised estimate this has been raised to Rs. 2,76,000 in view of the actuals for the first nine months of the year. This excess is chiefly under "Maintenance and repairs" of the Midnapore Canal. The budget for 1913-14 has been placed at Rs. 2,40,000. The Provincial share (one-half) is Rs. 1,20,000.

57. *Irrigation—Minor Works and Navigation.*—The budget estimate for 1912-13 was Rs. 16,65,000 against Rs. 15,67,107, the actuals of 1911-12. During the year additional grants of Rs. 7,500 and Rs. 9,900 have been sanctioned for constructing a two-vented sluice at Boner khal in the Port Canning Government estate, 24-Parganas, and for dredging the Bhagirathi entrance respectively, while Rs. 11,000 has been transferred to "42—Irrigation—Major Works." The revised estimate for the year has however been placed at Rs. 16,00,000 with reference to the actuals of the first nine months of the year. The estimate for 1913-14 is Rs. 18,66,000 and includes the following items :—

	Rs.
Provision for clearing the bed of the Saraswati river in connection with the Rajapur drainage works	50,000
Training works in the river Ganges	35,000
Dredging the Dhaleswari and Buriganga rivers ...	30,000
Bandelling and putting on spurs on the Dhaleswari and Buriganga rivers	30,000
Completion of lock at Uttarbhag in connection with the Mugrahat drainage	21,800
Madaripur Bhil scheme including dredging of the lower Kumar river	1,96,000
Grant-in-aid for bandelling the river Ganges near Rampur Boalia	5,000
Dredging the entrance of the Gorai river ...	7,000

The budget also provides for working the dredger *Foyers* during eight months in Angoria Creek, Attarabanka Shoal and clearing silt from the Coxali khal. The Provincial share (one-half) is Rs. 9,33,000.

58. *Civil Works in charge of the Public Works Department.*—The estimate of expenditure for 1913-14 has been placed at Rs. 74,30,000 against Rs. 71,00,000, the revised estimate for 1912-13, and Rs. 62,00,000, the budget grant for the year. The following table shows the distribution of the allotment :—

	1912-13.		1913-14
	Budget.	Revised.	Budget.
	Rs.	Rs.	Rs.
Original Works ...	34,91,327	42,51,000	43,38,400
Repairs	16,00,500	17,14,000	19,60,000
Establishment ...	10,09,173	10,32,000	10,94,600
Tools and Plant ...	70,000	52,000	37,000
Stock and Suspense ...	29,000	51,000	.....
Total ...	62,00,000	71,00,000	74,30,000

The increase in the revised estimate for 1912-13 is due to the additional grants made during the year chiefly for the acquisition of land for the School of Tropical Medicine, extension of the Presidency College and Hostel buildings for the Metropolitan Institution and for the construction of buildings of the Education and other departments. The statement below shows the actual expenditure during 1911-12 and the estimated expenditure during 1912-13 on the principal original works in progress during these two years as also the estimated expenditure upon the new works or continuation of works in progress the undertaking of which is in contemplation during 1913-14 :—

The HON'BLE SIR WILLIAM DUKE said :—

MY LORD,—I have now to present the Amended Draft Financial Statement. It is already in the hands of Hon'ble Members with my note of 26th February upon it and the additional note which was circulated yesterday in consequence of the orders of the Government of India upon the original draft. To-day I will explain the main features, while other Members will introduce the several Heads of which they are in charge. There will be no debate to-day, but Hon'ble Members will have three days in which to prepare any resolutions which they desire to have discussed. These will be considered on the 13th March. The third edition will then be submitted to the Government of India, and the final Budget will be submitted to the Council on some date after the 25th March, and after a further interval has been allowed for its consideration, the final debate will take place.

This is the first Budget which has been submitted to the Legislative Council of the New Province, and while I do not propose to go into details which have already been explained in the Draft Financial Statement and the Notes or to trench on ground which will be covered by other Members while explaining the Heads, I will give such explanations as seem necessary of the general lines on which the Budget has been framed. I fear that I shall have to do so at somewhat more than usual length since I shall have to refer not only to the actual Budget but to the fact that it is a stage in a new Provincial Settlement which has not hitherto come before any Legislative Council. Last year, there was no Legislative Council for this Province as now constituted, and the Government of India had therefore to frame an experimental Budget in consultation with the Local Government. It so happened that at the same time the Government of India had set itself to frame settlements of a *quasi*-permanent character for the several Indian Provinces. This course could not be applied to Bengal where so many factors were new and uncertain and an experimental settlement was therefore made for three years from 1912-15. The Provincial Budget on the Expenditure side consisted of the charges which were actually being incurred in the area which was to form the new Presidency so far as these could be located together with the further charges rendered necessary by the change in the constitution of the Government and the appointment of a Governor in Council. The Receipts consisted of the usual Heads of revenue allotted in sufficient proportion to meet the expenditure, and the policy of giving as much as possible from Heads of expanding revenue and as little as possible by fixed assignments which the Government of India had adopted in other Provincial Settlements was also followed in Bengal.

I may remind the Council that a considerable advance in this direction had commenced in 1911-12, when the provincial shares of excise and forest receipts were increased from half to three-fourths and from half to the whole respectively, while irrigation receipts were reduced from the whole to the half. the net result being that the provincial receipts from expanding revenue were upon the whole largely increased while the policy thus inaugurated was continued in our new settlement for 1912-13, a further step was taken by increasing the provincial share of excise from three-quarters to the whole.

It was an essential condition of such an experimental settlement where much was uncertain and many unforeseen causes of expenditure might arise that the new Presidency should start with a substantial balance. In this respect the Government of India were liberal. They provided us with a total opening balance of 150 lakhs to which they added the special grants from the Opium surplus of 1911-12 in aid of sanitation, agriculture, veterinary and forest objects, for a Quinine reserve and for a school of tropical medicine, aggregating in the total 16½ lakhs. Our gross opening balance was therefore 166½ lakhs. Out of this, 40 lakhs were earmarked for the Calcutta Improvement Trust.

Thus leaving us with 41½ lakhs of free balance. The revenue of 1912-13 originally estimated at 566½ lakhs is now expected in the Revised Budget to rise to 606½ lakhs. Of the increase of 40 lakhs, 34½ is due to special assignments made by the Government of India during the year of which no less than 31½ are for educational purposes. Apart from these unexpected assignments much of which could not be spent within the year, the Budget—regarded as an experimental Budget—has worked out well. There has been an improvement in the main heads of revenue except Excise and Provincial Civil Works. As regards Excise, the settlements of country liquor especially did not produce as much as was expected, and there was a shortage of 3½ lakhs. The shortage in Civil Works is due to the fact that instalments amounting to 7·14 lakhs to be paid by the Port Commissioners as the price of the Sibpur College were not received, because the eventual destination of the College is still unsettled. But, upon the whole, the increase of ordinary revenue due to general expansion has come to about 5½ lakhs. The expenditure which was estimated at 599·38 is expected to work out at 595·55 lakhs, and in the result we have arrived at a closing balance in the revised estimates of 176·98, lakhs, of which 60·7 will be free. It may interest the Council to know that the ordinary recurring charges of the Province are :—563½ against the ordinary revenue 574½. Eleven lakhs per annum is therefore all that we have with which to meet non-recurring expenditure, and I am afraid that without assistance from outside this would not go far.

Coming now to next year, we open with that closing balance. We expect from revenue, including the assignments previously fixed by the Government of India, 578·78 lakhs. The receipts are thus placed 12·93 higher than the original estimate for this year. But so far as our ordinary revenue is concerned as the resultant of minor increases and decreases—none of them of very great intrinsic importance—its total is practically the same as the revised estimate of the current year. The estimates include assignments of 18 lakhs from Imperial revenue, which are detailed on pages 4 and 5 of the Financial Statements. The following sums included in the total of 578·78 lakhs are either merely passed through the accounts and not really revenue of this Government, or are revenue of a special and temporary character :—Rs. 1,50,000 annual grant by the Government of India to the Calcutta Improvement Trust, Rs. 20,000 cost of Lieutenant-Colonel Sutherland's deputation on the Serological inquiry, and Rs. 2,32,000 cost of supply of forms and printing work done for the Government of Bihar and Orissa.

For 1913-14 we estimated an expenditure of 629·26 and a closing balance of 126·5 lakhs. The deficit is fully accounted for by expenditure from the non-recurring grants previously received from the Government of India. The free balance for which we budget is 51·28 lakhs. As has been explained in the note of 26th February, it has been our object to maintain our free balance fairly constant through the earlier part of the settlement in order to meet certain heavy items of expenditure. I may give rough figures for the principal of them ; 20 lakhs for the Ranchi Asylum, 10 lakhs for a new press, and 10 lakhs for buildings in East Bengal, which are tolerably certain to fall upon us before the end of the settlement. In view of these facts and the unknown possibilities of the future, the reserve at our disposal will be none too high. At the end of 1913-14 we shall still retain in our balances some 55½ lakhs earmarked for expenditure in future years. Twenty lakhs of it is destined for the Calcutta Improvement Trust and the rest for Police, Educational and Sanitary purposes.

This then was the position as we estimated it in the Draft Financial Statement circulated on the 26th February. Since then the Imperial Financial Statement has been presented at Delhi, and the position has been materially altered, as explained in the supplementary note. With your Excellency's permission, I would turn aside for a few moments to speak of matters of Imperial finance as they affect this Presidency. It will have been observed from the speech of the Hon'ble the Finance Member that during the year the position of the Government of India has, owing to various causes of which the principal are general prosperity, extraordinarily active trade and the very high price received for opium, improved to the extent of about 7½ millions sterling. As the Government of India had estimated for a surplus of just under 1½ millions, their total available surplus works out to

nearly 9 millions. Of this, they have retained £3,362,000 for themselves and have distributed the rest, say, £5,600,000 to the Provinces. In this distribution Bengal has shared to the extent of upwards of £1,000,000. This has been mainly earmarked for various Heads which have been explained in the supplementary note circulated yesterday, and this Council will appreciate what solid proofs the Government of India have given of their determination to promote the policies of education and sanitation which they have lately published. Of the whole sum now granted to us, 43·13 lakhs is for recurring and 109½ lakhs for non-recurring expenditure. Out of the latter figure, however, 12 lakhs is left discretionary, and this has been explained as meaning that the money will be transferred from Imperial to Provincial balances in order that it may be allotted to important Provincial schemes for which we should otherwise have had to ask special assignments from the Government of India. Of course, we are not expected, and very little reflection will convince any one that it would not be possible for us to spend such sums immediately. Schemes are in most cases not matured, and if they were, the machinery does not exist by which so much money could be economically and profitably disbursed, except over a rather prolonged period. This the Hon'ble the Finance Member has been careful to point out. He has indicated that one principal source of this surplus, the opium revenue, is unlikely to produce any more in future, while the enormous expansion of railway revenue has been due to favourable seasons and remarkably active trade. When the opposite conditions recur as they are tolerably certain to do before very long expansion will necessarily receive a check. He, therefore, warns us that the money now received should be expended with due forethought in providing for the wants of several years. The actual increases which the Government of India have directed in our expenditure for 1912-13 are 40 lakhs on Sanitation; 14 on Medical, most of which will probably prove to be Sanitation, and 4 lakhs on Public Works which last item provides for expenditure from the 12 lakhs discretionary grant. The effect is to raise the provincial expenditure to 689·26 lakhs and the closing balance to Rs. 1,94,95,000. I think that this Council will be little disposed to look a gift horse in the mouth and that it will share with me the hope that, as the disposal of this great accession to our resources will be spread over a considerable period, we shall escape those of the evils usually attendant on a policy of doles which arise from ill-considered schemes and hasty, and therefore, extravagant expenditure. At the same time I may be permitted the pious hope that, as the Goverment of India become more assured as to the certainty of expansion in their revenue as they recognize for instance that the steady annual expenditure of 10 or 12 or more millions on railways, whatever the ups and downs from year to year must in the end produce a corresponding average increase in receipts, as they acquire more certainty. Of this they may be willing to assign us an increasing share of expanding revenue, for it is only so that we can develop a regular and progressive policy of provincial finances that the Local Government can feel that it really possesses and can exercise the responsibility for internal development which should rest upon it, and that this Council can exercise the influence on provincial finance which is contemplated by its constitution and which the Government desires to accord to it.

The Council will recall that we had already 18 lakhs of fixed assignments from the Government of India, and we shall now have 63·71 lakhs. This portion of our revenue contains no element of expansion, although the expenditure to which it is devoted must inevitably expand. Expansion must therefore be provided for by further assignments from the same source, and it is an element of weakness that over so considerable a field of expenditure prospects should be uncertain and the control over expansion not in our own hands. While making these observations which are, I hope, not without sufficient basis, it is right that I should refer to one very important portion of these boons which is, I think, free from drawbacks. The transfer to the District Boards of the whole of the Public Works Cess will be welcomed by everyone in this Council, and will, I am sure, be appreciated in quarters where interest in the financial policy of Government seldom penetrates. I believe that it is the case that the idea of this great measure of liberality, many will think of justice, to Local Bodies originated with

Sir Edward Baker and that it was due to his initiative that the 25 per cent. of the Public Works Cess was, in 1905, handed over as an augmentation grant to the District Boards. So far as I can understand, the Government of India has treated us with a degree of liberality which we could hardly have hoped for, for apparently there is no intention of deducting at present this 25 per cent. from the assignment now made. The amount will apparently be gradually reduced as the natural growth of the Public Works Cess overtakes the total which is now received, but for the present, that will amount to nearly a quarter more than the proceeds of the Cess. The deduction which will be made is that of the equilibrium grant which was originally given to District Boards to pay for services which by their nature were proper to Local Bodies but for which their income would not suffice. The net effect, however, will be that the District Boards will profit to the extent of about 25 lakhs annually. This great accession of means to District Boards ought to have a most beneficial effect on their activities. We do not yet know what conditions the Secretary of State may attach to this grant, but, whatever they be, I venture to say that it will be strange if it does not result in Local Self-Government becoming much more real, being extended downwards until it is in much closer contract with the people and finding itself in a position to deal with those questions of village sanitation and village water-supply which have so forced themselves upon our attention of late.

The Hon'ble Mr. Lyon introduced the following heads :—

Revenue—

I—Land-revenue.

Expenditure—

3. Land-revenue.
8. Provincial Rates.
18. General Administration.

He said :—

MY LORD,—I have now the honour to introduce in Council the following headings of the budget :—on the Receipt side I.—Land-revenue and on the Expenditure side, 3 Land Revenue, 8 Provincial Rates, and 18 General Administration. The very full notes given in the draft Financial Statement leave me very little to say upon these subjects. There is a slight improvement in the receipts under the head Land-revenue, due to the gradual growth of our revenues through resettlement in temporarily-settled areas. As to expenditure, under the same head, an explanation is given, on pages 14 and 15 of the Statement, of the slight increase in the charges of district administration compared with the revised estimate for the current year. This small increase is chiefly due to the expected working of a scheme for the regrading of Joint Magistrates which has recently been recommended to the Government of India. I may note that the main expenditure upon our settlement operations does not appear in this budget estimate, and the small entry made of Rs. 1,82,000 under Settlement includes only the expenditure on the resettlement of temporarily-settled estates. The main district settlement operations are financed by advances from the Government of India who bear eventually one-fourth of the cost, the remaining three-fourths being met by the landlords and tenants.

The figures under the heading Provincial Rates, both on the Receipts and Expenditure side, have been modified, since the budget estimate was first prepared, by the determination of the Government of India, recently announced, to make over the collection of the Public Works Department cess to district funds. The loss thus sustained by Provincial Revenues will be made good by a recurring assignment from the Government of India, and the expenditure hitherto debited to Provincial Funds in connection with Provincial Rates will now be borne by the Funds concerned.

I may add that it appears that detailed proposals have been submitted to the Secretary of State on the subject of the purposes and conditions of this grant now to be made to District Funds. The Secretary of State's orders are still awaited as to the conditions under which the grant will be made.

Under the heading Expenditure—General Administration, the budget estimate for 1913-14 amounts to 23 lakhs as compared with 22 lakhs, the original estimate for 1912-13. The increase is due partly to additional expenditure consequent upon the constitution of a Presidency Government in Bengal and also in part to the necessity which has occurred for appointing several officers to conduct special inquiries in connection with various branches of the administration.

The Hon'ble Mr. Kerr introduced the following heads :—

Revenue—

IX—Forests.

Expenditure—

11. Forests.

Revenue—

XXI—Scientific and other Minor Departments.

Expenditure—

26. Scientific and other Minor Departments.

He said :—

MY LORD,—I have the honour to introduce the budget heads relating to the Forest Department. It is, I think, not generally realised what a very valuable property the Presidency of Bengal has in its forests. The present Bengal forest circle contains 10,500 square miles of State forest, or 2,500 square miles more than the old province, and not only is our forest area larger, but it is also more valuable. We have lost the forests in Chota Nagpur and Orissa, which in spite of their natural beauty and their great potential value, are not at present very profitable concerns, and we have gained in their place the valuable forests at the foot of the Himalayas in the Jalpaiguri district and two important Forest Divisions in Chittagong. The last forest budget presented for the old province of Bengal was for the year 1911-12 when the net revenue was estimated at 5 lakhs. Actually, the net revenue obtained in that year from the forests in the existing Presidency amounted to nearly 8 lakhs. This year we expect to have the large and unprecedented net revenue of 9½ lakhs. This large profit is, however, due in part to somewhat exceptional circumstances which cannot be expected to recur. In the first place, the work in the Sundarbans last year was hampered very greatly by the inroads of tigers, which for some time made it impossible to get labour to work in the forests. Special measures have been taken for the destruction of tigers, and during the current season we are making up the arrears which accumulated last season. The other reason for the large profit this year is less satisfactory. For some years past special measures have been adopted for the extraction of dead *sâl* from the forests of the Buxa Division in the Jalpaiguri district. Specially low rates were given and special facilities offered to contractors. It has, however, been found that the extraction of dead *sâl* is proceeding at a pace far exceeding that which was contemplated when the working plan of the forest was framed. An enquiry into the matter is now going on, and it is impossible at present to say whether this mortality among the *sâl* trees is due to natural causes, or whether there has been some organised manufacture of dead *sâl* on the part of persons interested in obtaining the commodity at low rates. Meanwhile the extraction of dead *sâl* has been restricted and the royalty has been raised. For these reasons, we do not anticipate that the profits of the Forest Department will be so great next year as in the two preceding years, and our budget shows an estimated net revenue of a little over

7 lakhs. It will not, I think, be necessary for me on this occasion to go into the details of the budget. Our receipts are estimated at 14 lakhs as against 16½ lakhs in the current year, and the expenditure at Rs. 6,76,000 as against Rs. 6,88,000 in the current year. Of the expenditure Rs. 3,76,000 represents the normal provision for establishment charges, including some additional rangers whom we hope to appoint. The remaining Rs. 3,00,000 will be devoted to the extension, constitution, improvement and exploitation of our valuable forest properties.

I turn now to the consideration of the head "Scientific and other minor departments." The revised estimates for the current year under XXI show a decrease of Rs. 1,05,000 as compared with the sanctioned estimates for the year. This decrease is entirely due to a fall in the sales of quinine. The budget estimate for 1913-14 shows a further decrease of Rs. 58,000 under the same head. The decrease is due to lessened demands from the medical depôts for quinine in pice-packets. But it does not indicate any decrease in the actual consumption of quinine. In the eastern districts of the province and also in Jessore, Nadia and Murshidabad, pice-packets have been replaced by hydrochloride of quinine in treatments. Forty-thousand of these treatments were taken over from Eastern Bengal and Assam on the 1st April last, and 13,000 more were purchased from Messrs. Burroughs, Wellcome & Co. The sale proceeds have been credited to the Medical budget. In view of an anticipated rise in the price of quinine it was decided to increase the reserve of stock in the cinchona plantation, and a sum of 4½ lakhs, including a grant of 3 lakhs made by the Government of India has been spent on the purchase of bark and of manufactured quinine sulphate. The reserve stock of quinine at the quinine factory is now ample and it is proposed to produce sulphate of quinine in treatments during the year 1913-14.

Head 26 on the expenditure side of the budget contains a large number of items with which it is not necessary for me to deal in detail. The most important head is that of Agriculture. It will be seen that we have budgetted for an expenditure of Rs. 4,84,000, being an increase of a lakh and-a-half over the revised estimate for the current year. Of this increase nearly a-lakh will be devoted to Sericulture. I have sometimes seen it argued that silk-weaving in this country is a moribund industry, and that it is a waste of money for Government to try to keep it on its legs. Now it cannot be denied that there has within the past 10 years been a great decline in the export of raw silk to foreign countries. In 1902-03 nearly 600,000 lbs. of raw silk was exported from Calcutta, but in 1911-12 the export had fallen below 200,000 lbs. But this decline in the export figures is due mainly to the fact that Europeans are withdrawing from the trade. There is still in this province a very large production of silk for consumption in the country. A careful census of the silk-producing areas in the Malda district was undertaken last year. It showed that the area under mulberry cultivation was over 17,000 acres, and assuming that 25 seers of raw silk are produced from every acre of mulberry, Malda produced last year 10,800 maunds of raw silk, the value of which was over 75 lakhs. A similar census is now being undertaken in Murshidabad, another very important silk-growing district, and so far as it has gone, it has been found that there has been a slight increase in the mulberry cultivation in recent years. It cannot be said therefore that the silk industry in this province is dead or that any efforts of Government to assist it to regain its former prosperity will be thrown away. The causes for the present depression in the industry are (1) the rise in the price of labour without a corresponding rise in the price of silk, (2) disease, and (3) Chinese and Japanese competition. The rise in the price of labour is responsible to a great extent for driving European enterprise out of the industry, but it does not affect the ordinary cultivator to anything like the same extent. His main trouble is the disease which has unfortunately attacked the cocoons within recent years and which it has not yet been found possible to eradicate. The supply of pure seed is of vital importance to the industry. Hitherto the measures taken have consisted mainly in the erection of model nurseries at which improved methods of production can be carried out and demonstrated to the village rearers. These model nurseries have, however, proved

insufficient to eradicate the disease. They supply a certain quantity of pure seed to the rearers, but the rearers do not understand the advantages of disinfection, and they allow the pure Government seed to become infected with diseased seed reared locally. Another scheme has now been put forward which has not yet been accepted by Government or fully worked out in all its details, but its main feature consists in the substitution of central for model nurseries. These central nurseries will be capable of supplying seed to all the rearers living in their neighbourhood, and if the rearers can be induced to use the Government seed exclusively, it is hoped that diseased cocoons will be wiped out of existence. The problem is largely one of finance and success depends on whether the rearers can afford to pay Government the price for the seed, which will be required to cover the expenses of rearing it under proper conditions and adequate precautions. We propose this year to make a start with the scheme on a small scale and to erect a nursery in Malda and another in Bogra, where the conditions are believed to be specially favourable, and to extend various model nurseries so as to enable them to fulfil the functions of central nurseries.

Another scheme of great importance, which the Agricultural Department proposes to undertake, is that of a dairy farm at Rangpur. It is proposed to acquire an area of 700 or 800 acres in the neighbourhood of Rangpur, and to stock it with cows selected for their breeding and milk ng capacities. If the scheme is a success, it is hoped that a considerable profit will be realised by the sale of the milk, while the manure will be used on the lands of the Rangpur farm. Experience alone can show whether the scheme will be so successful as its framers anticipate. But if it is a success, it will show that dairy farming can be run at a profit, it will increase the supply of good milk to the great benefit of the public health, it will give the dairy farmer a supply of manure with which to improve his ordinary crops, it will show him that it pays to feed his cattle well, and it may even open up a new industry in the country, for the want of good milk is notorious in many towns in the interior. It is proposed to devote Rs. 40,000 out of the grant made by the Government of India to the purchase and equipment of the farm, and a sum of Rs. 16,000 has been entered in the budget for recurring expenditure next year.

Under the head of other experiments I may notice the sum of Rs. 11,000 which was put into the budget by the Finance Committee for work in connection with the prevention of the *ufra* disease. This disease is doing a great deal of damage to the paddy crop in many parts of the province. The disease has for some time been under the investigation of the Economic Botanist, who has found that its cause is a worm which lives in the ground from harvest to seed time and multiplies exceedingly when the paddy-fields come under water. The only way of eradicating the disease is to destroy the worm in the ground before the crop is sown. There is no royal method of effecting this. Like most things connected with agriculture, it is a matter which man must tackle by his labour and the sweat of his brow. Apart from the treatment of fields with lime, which is too expensive for practical purposes, the only known way of destroying the *ufra* worm is by burning immediately after the harvest all stubble left in the ground and by ploughing the fields frequently before sowing the new crop. The efficacy of this measure has already been shown in a small way, but unfortunately the ploughing up of an isolated field here and there is insufficient to stay the spread of the disease, since the worm gets washed in from neighbouring fields when the lands come under water. If the worm is to be eradicated, it will be necessary to treat a large area, and the sum of Rs. 11,000, which the Finance Committee has provided, will enable demonstrations to be carried out on a large scale next cold weather. Mr. Hector, the Economic Boatnist, who has been studying the subject for some time, has already drawn up a scheme. It will, however, be understood that the eradication of the worm cannot be effected by Government agency. All we can do is to show the cultivator what he can do, and what he ought to do, if he wants to get rid of the pest.

The revised financial statement, which has been placed in the hands of Hon'ble Members, shows that the Government of India have given us a

non-recurring grant of 1½ lakhs for expenditure on agriculture and allied objects, but we only received information regarding this grant last Saturday, and have not yet had time to consider how it should be spent. There can be no doubt, however, that it can be put to profitable uses.

Turning now to the case of other departments, I may notice a small increase of Rs. 10,000 for Co-operative Societies, which is to be used partly in increasing the audit staff, which is required owing to the increase in the number of societies, and partly for the upkeep of a launch which has been provided for the use of the Registrar and his staff in their tours throughout the eastern portion of the province. Provision has also been made for Rs. 51,000 for a steam-launch for the Deputy Director of Fisheries. This officer, who joined last year, is engaged at present in investigations regarding both river and tank fish which are being carried on both in this province and in the province of Bihar and Orissa. For the study of the habits of river fish and the work in the Sundarbans, which is very important, a steam-launch is essential.

I do not think I need go into details regarding any other minor heads of this portion of the budget, although if any Hon'ble Member desires any further explanation, I shall be very glad to furnish it before the meeting next week.

The Hon'ble Mr. Stephenson introduced the following heads :—

Revenue—

V—Excise.

Expenditure—

6. Stamps.
7. Excise.
10. Assessed Taxes.

He said :—

It falls to me to introduce the figures under Stamps, Assessed Taxes and Excise. Under the first two heads it is only the expenditure that is open to discussion. The figures under the head "Stamps" are to be found in pages 46-47 of the Financial Statement. It is estimated that the expenditure next year will be Rs. 7,25,000 against Rs. 6,87,000, the revised estimate for the current year. The difference is chiefly in regard to the increased provision made for discount on the larger sale of both general and Court-fee stamps, and to the increased cost of a larger supply of stamp paper from the Central Stores owing to the increase in the sale of stamps anticipated in 1913-14. Half of this expenditure is Provincial. The figures relating to expenditure under the head "Assessed Taxes" are concerned with the establishment employed to collect the income-tax. They will be found in page 49 of the Financial Statement. The charges are estimated at Rs. 1,57,000 for next year which is the same as the budget in the current year. Half of this expenditure is Provincial. The figures do not call for any remarks. I now turn to the most important of the Departments I have to deal with, namely, Excise, the receipts of which are under the present settlement entirely Provincial. The actual receipts in 1911-12 were Rs. 1,33,88,200, and an increase of nearly 5 lakhs was estimated in the current year. This estimate being based on the average growth probably did not make sufficient allowance for the difference of growth between the present Province of Bihar and the eastern districts of this Presidency. In the Revised the estimate has been placed at 135 lakhs, and shows an increase of just under a la h and half on last year's actuals, and for the coming year we anticipate an income of Rs. 1,38,55,000 allowing for a normal growth of Rs. 3,55,000. Turning to the details, the receipts from foreign liquor have increased by 1¼ lakhs over the estimate and by nearly half a lakh over last year's figure. When the duty on foreign liquor was raised to Rs. 9-6 a few years ago, it was expected that country liquor would displace foreign liquor to a larger extent

than has actually turned out to be the case. The current year's estimate was, therefore, put at nearly a lakh less than last year's actuals. For next year we are repeating the current year's revised estimate of 4 lakhs. As regards country liquor we estimated for a rise of nearly 3 lakhs in license fees and duty combined. The Revised shows a drop of 3½ lakhs on the estimate, and is nearly a lakh lower than last year's actuals. The normal rate of growth was placed too high in this year's estimate, and the license fees at the settlement did not bring in nearly as much as had been anticipated. From the 1st April next the duty on country spirit is to be increased by about 20 per cent., and the incidence of duty on the total receipts which is at present about half will thereby be considerably increased. We allow for a normal growth of about 3½ lakhs over this year's revised figures in the coming year. Opium licenses show an improvement of about three-quarters of a lakh. There has been a slight drop in the Revised on ganja licenses, and a very considerable fall in the amount of duty realised. The available figures for consumption show a slight decrease throughout the province, and this is probably due to the short crop last year and the consequent high prices. From the 1st April next the duty is to be raised by Rs. 4 a seer or about 33 per cent. This will probably check consumption and the estimate will fall in license fees in the coming year, and the receipts from duty will remain practically stationary. On the expenditure side the only item that requires notice is the provision of half a lakh for the reorganisation of the Department. This reorganisation is due mainly to the amalgamation of the Salt and Excise establishments, and has been under discussion for six years. Full proposals have now been submitted to the Government of India for the establishment of a close Excise Service with reasonable prospects and emoluments, and the eventual increase in cost will be about 2½ lakhs, and we hope to make a beginning this year at a cost of half a lakh.

The Hon'ble Nawab Syed Shams-ul-Hu la introluced the following head :—

Expenditure—

19A. Courts of Law.

He said :—

MY LORD,—I beg to introduce the figures relating to Courts of Law. The points noticable on the expenditure side are as follows:—

The total charges show a gradual decrease from Rs. 98,39,000 in the current year as originally estimated, to Rs. 98,05,000 in the revised estimate, and Rs. 96,10,000 in the estimate for 1913-14.

Some of the principal features of the estimate for 1913-14 are the following:—

The increase in the budget of 1913-14 over the revised estimate of the current year under the Original Side of the High Court is due to provision having been made for the post of Registrar in Insolvency. Provision was made for this appointment in the current year's budget, but the post not having been filled up, in the current year's revised estimate, provision for the post was excluded. The High Court having recently applied for sanction to the entertainment of this appointment for three years. the usual provision has been retained in the next year's budget.

The revised estimate for the current year under the head " Legal Remembrancer and High Court Pleaders " shows that a grant of Rs. 5,97,000 has been sanctioned. This is due to increased charges in connection with the Midnapore case. The decrease in the next year's budget is due to a smaller grant for fees to pleaders, as it is hoped that political cases will no longer occur. The increased estimate during 1913-14 under the head " Presidency Magistrates—Calcutta Police Court " includes a provision of Rs. 4,632 for additional ministerial establishment.

Under the head "Civil and Sessions Court—Munsifs" and an additional provision of Rs. 50,000 has been made for the regrading of Munsifs, and of Rs. 32,000 for additional Munsifs. The regrading is intended to raise the average stipends of the Munsifs in the Bengal service to a level with that of Bihar and Orissa. This will to a certain extent remove the grievances of a very deserving body of public servants who have contributed so much to the efficiency of the Judicial administration in the Province. An increased provision has also been made under the head Process-serving establishment on account of charges for journeys of process-serving peons by rail or other public conveyances. The system of payment from the Provincial revenues of travelling expenses of peons serving revenue processes was adopted by the late Government of Eastern Bengal and Assam. The High Court have recommended the scheme for the consideration of this Government, and as the proposal has many advantages, it has been considered desirable to accept it in respect of all processes—Civil, Criminal and Revenue—throughout this Presidency. The system is now being tried experimentally.

The total estimate under the head "Civil and Sessions Court" includes Rs. 23,000 for arrear pay of the ministerial establishment in the Eastern Bengal districts.

To relieve the congestion of cases in the Presidency Small Cause Court, the appointment of a temporary Additional Judge for that Court, and the entertainment of an establishment for him have been sanctioned. An extra provision for Rs. 15,000 has been made on this account in the next year's estimate.

As the amount of money available for new building schemes is very limited, it has been found possible to provide in the next year's estimate funds for six urgent works upon which it is proposed to expend a lakh of rupees during 1913-14, viz., the construction of a residence of the District Judge of Khulna, the construction of Civil Courts at Bankura, and the construction of two Munsifs at Magura and Asansol.

The Hon'ble Sir William Duke introduced the following heads :—

Revenue—

XVII—Police.

Expenditure—

20. Police.

Revenue—

XVIB—Jails.

Expenditure—

19B. Jails.

He said :—

Police Receipts—XVII.—The only point under this head which seems to require notice is that a larger sum than estimated was collected on account of the additional police in the central and eastern districts. This, however, was practically all due for police appointed in the previous year. These have since been withdrawn and the collection on account of them completed. The estimate for next year is much smaller, and I hope there will be no necessity to exceed it.

Expenditure 20.—The details of increases in the Presidency or Calcutta Police are given in page 17 of the Financial Statement. I shall only notice three main items.

Grant of approved service increment to constables (Rs. 33,936).—The grading of constables has been very defective. A fixed number of men was allotted to each grade of pay without regard to length of service. Increments will now be given in consideration of length of service.

The strengthening of the armed police by raising an additional company. This was provided for last year, but not carried out. The sum is Rs. 48,845.

Provision for bringing up the reserve to the full sanctioned strength in order to provide for sickness and leave, Rs. 29,600.

Much of the discontent which prevails in the lower grades of the Calcutta Police, and is evidenced by frequent resignations is attributed to the difficulty of obtaining leave when it is due and the short periods for which it can be given. It is hoped that with the reserve at its proper strength this condition will be remedied.

District Police.—Before commenting on the principal items of expenditure, I will give some general explanations regarding the finance of the police force in Bengal. In the Province of Eastern Bengal and Assam, the Secretary of State had sanctioned a thorough re-organization of the police and a lump grant of Rs. 22,52,000 had been given in 1910-11 for the re-organization of subordinate and river police in East Bengal. This grant was intended for non-recurring expenditure only, but it will be appreciated that with such an amount of non-recurring expenditure a very considerable expansion of recurring expenditure was also contemplated. It takes time, however, to increase a permanent force like the police, and when the territorial re-arrangements took place but little way had been made in either direction. Out of the non-recurring grant, the Eastern Bengal and Assam Government had spent about 1¾ lakhs in 1911-12. We have spent about half a lakh in the present year and budget to spend Rs. 4,75,000 next year. On the other hand, the standard for recurring police charges taken in the Provincial settlement was 91 lakhs, a good deal above the actual charges at the time, and as a matter of fact, still well ahead of the recurring charges which we have budgetted for 1913-14. It will be understood then that the non-recurring charges so far as they relate to Eastern Bengal come almost entirely out of the lump grant made for the purpose; only those for West Bengal falling on the oridinary Provincial balance, while the items of increase in recurring charges are still within the settlement standard. With this general explanation, I will refer to some of the principal items of new expenditure.

Temporary force for the Criminal Investigation Department (Rs. 71,277).—This is the Intelligence Branch of the department which was formerly much larger but has recently been provisionally sanctioned for three years at the figure menticned.

Re-organizaton of subordinate police in East Bengal (Rs. 2,92,014).—Rupees 1,75,000 of this is non-recurring and comes out of the lump grant. Rupees 1,17,014 is recurring and has been allowed for in the settlement.

Increase of armed reserve (Rs. 24,797).—This has been sanctioned by the Government of India as the armed force in the districts mentioned at page 17 was inadequate to requirements.

Revision of the superior police cadre (Rs. 5,700).—In East Bengal, five additional Superintendents of Police had been appointed to specially heavy districts, and application has been made to the Secretary of State to make the posts permanent. The 24-Parganas and Midnapore are at least as heavy as any of the East Bengal districts in question. Provision is therefore made to appoint Additional Superintendents to them. The charge is for a part of the year, and will work up eventually to Rs. 34,000.

Constables Training Schools at Dacca and Sarda (Rs. 34,142).—This is mainly due to provincial re-organization. The Bengal constables used for the most part to be trained at Nathnagar which is now in Bihar. With the territorial re-arrangements the whole business had to be re-organized, and a new school is being opened at Sarda in combination with the college for officers and cadets at that place.

Police guards for sub-treasuries (Rs. 18,154).—These were considered to be too small for efficient protection, and in many places they will be increased to admit of double sentries being posted.

Re-organization of the Dacca Town Police (*Rs. 10,000*).—The arrangements in the Dacca City are antiquated and ineffective, as is shown by the fact that serious crimes, including murders, have been committed with impunity in crowded parts of the town. It is proposed to establish new police centres and re-organize the beats. The scheme is at present before the Government.

Approved service increments (*Rs. 28,000*).—Here, as in the case of the Calcutta Police, these increments have been given upon an unsatisfactory system. It may be said that to postpone these increments too long is to make them not worth working for. The revised rules should do something to improve the position of the ordinary constable.

Increased pay of armed reserves (*Rs. 25,000*).—At present, the armed reserves draw the same pay as the ordinary constable, *i.e.*, Rs. 8 rising to Rs. 11. This in itself is much too low for the present conditions, while the duties of the armed police are hard and monotonous, and service in it especially unpopular. It is, therefore, proposed to raise their pay to a scale of Rs. 12 rising to Rs. 15, but the figures are still under consideration.

Enlistment allowances to recruits (*Rs. 10,504*).—This has been lately approved by Government. It was found that the expenses incurred by men at the time of enlistment and the length of time before they obtain pay form a deterrent to recruiting, and small allowances have been sanctioned in order to enable a man to have something in his pocket or to provide for those whom he has to support at the commencement.

Re-organization of the Dacca and Hooghly Military Police (*Rs. 19,682*).—The territorial redistribution has left us with about two-thirds of a battalion at Dacca and a single company at Hooghly. It is proposed to form the whole into one corps.

There are three items referring to boats and rivers which I will explain together to avoid confusion—

	Rs.
Lump provision for construction of steamers and cutters	75,186
Re-organization of the river police in Eastern Bengal districts	4,49,555
Station boat scheme	45.000

The second item of Rs. 4,49,555 concerns the police of the river district alone. It consists of 3 lakhs non-recurring and Rs. 1,49,555 recurring. The former head is for the general equipment of the river police and consists largely of floating police station launches and boats, while the recurring portion is for the establishment which is gradually being recruited and trained, operations which considering that men of special class are required for river work necessarily take some time. The other two items are concerned with the ordinary district police, and have as their object the provision of facilities to police officers in districts where waterways are numerous to move about rapidly and to act promptly on the water.

The first item of Rs. 75,185 is towards the provision of launches and boats for the Deputy Inspector-General of the Eastern Range and certain Superintendents and Assistant Superintendents in that range. The total expenditure to be worked up to in future is Rs. 1,55,056. The last item of Rs. 45,000 is for the retention and development of the station boat scheme under which boats are attached to riparian police stations for the maintenance of patrols and to enable the officers to get rapidly about their jurisdictions. The expense which is at present Rs. 27,626 is to be brought up to Rs. 45,000.

Jails—

Receipts XVII B.

Expenditure 19 B.

As regards receipts no remark is necessary, except that large orders for the Delhi Durbar swelled the receipts for 1911-12, and they have now again become normal.

On the expenditure side there are few changes.

Under medical officers an increased allowance has been given to sub-assistant surgeons in West Bengal to put both halves of the province on an equal footing. Similarly, provision has been made to equalise the pay of clerks in sub-jails on both sides. Proposals have also been made, and are still before the Government of India to revise the grading of jailors and sub-jailors. These items, however, only account for Rs. 11,000 in all. The Eastern Bengal Jails when taken over were found to be very deficient in stock and supplies of prisoners' clothing and a considerably increased provision has been made for these under Miscellaneous, Services and Supplies.

The Hon'ble Mr. Küchler introduced the following heads :—

Revenue—

XIX—Education.

Expenditure—

22. Education.

He said :—

I HAVE the honour to introduce the heads of the Financial Statement which are concerned with Education, XIX—Revenue and 22—Expenditure.

One of the most interesting features of the present Educational budget is that it co-ordinates the wants of two parts of the Province, which have only recently been recombined under one administration, and which during the previous short period of separation had developed a considerable measure of divergence in their educational systems. It does not of course follow that because, with one or two exceptions which appear in the detailed budget statement, the financial requirements of the two parts of the Province in the various branches of educational work have been brought under the same budget heads the actual educational system and methods of educational administration in East and West Bengal have been again unified. Such unification is replete with difficulty and is necessarily a matter of time. The whole question is at present under consideration, and, wherever co-ordination is possible and desirable, measures to secure it will be taken at an early date.

Apart from co-ordination, the most noteworthy element in the financial statement for education is formed by the allotments made from the Imperial grants for education. These allotments, it will be noticed, fall under different heads according as they are recurring or non-recurring and also as they represent new grants made this year or grants in previous years, the whole of which it has not yet been possible to spend, and which have therefore had to be reallotted in part for the year 1913-14, in accordance with the principle laid down that the money thus placed at the disposal of the Local Government is earmarked for education and cannot be permitted to lapse.

With the limited time at my disposal it will, I am afraid, be impossible to do little more to-day than give a brief account of the objects to which these additional funds are being and will be devoted ; but as it is always the new schemes of expenditure in the budget which attract attention and require explanation, and as by far the greater number of these schemes will be financed from the Government of India grants, the limitation which I suggest to my remarks will be seen to be perfectly natural. Moreover, as the apportionment, more especially of the recurring grants, will indicate the objects of educational expenditure which the Local Government regard as the most appropriate, the proposed distribution of these grants will throw light on the educational policy pursued in this Province and incidentally on some of the differences that have arisen in the educational aims of East and West Bengal.

It will be convenient to take first the necessary grant for truly popular education originally fixed at Rs. 9,10,000, but subsequently increased by Rs. 65,000 and which commenced with the financial year 1912-13.

As the grant was announced too late to make it possible to frame a complete scheme for recurring expenditure for the present year, it was decided to spend the money thus made available for that period on objects of a non-recurring nature. The heads for which the Government of India had earmarked this grant and the approximate amounts they assigned to these heads were—

	Rs.
Primary education	5,77,000
Female ditto	1,07,000
Hostels	1,32,000
Technical education	34,000
European ditto	50,000

Later on, as has already been indicated, an additional sum of Rs. 40,000 was given specially for the education of poor European children in Calcutta and Rs. 25,000 as a general increase. The distribution of the grant, which was actually sanctioned by the Local Government, is as follows : Taking first the Rs. 5,77,000 for primary education, a sum of two lakhs was set apart for the erection of board school-houses in East Bengal. The Government of Eastern Bengal and Assam, with the help of former recurring Imperial grants, initiated a scheme for the institution of board schools throughout the province, it being contemplated, according to the final form of the scheme, to establish a lower primary school in each panchayati union which did not already possess an aided upper primary school. The scheme had already developed to such an extent that there were at the beginning of 1912-13 about 1,300 board schools in the eastern divisions of the province. When the Imperial grant was announced it was decided to accelerate the rate of progress, and a sum of Rs. 2,00,000 was therefore set aside for the construction of schools at an estimated cost of Rs. 600—650 per school in addition to those already allowed for in the regular programme. In West Bengal no primary schools have as yet been placed under District Board management. But the question of creating a certain number of board schools has also arisen there, though in a different way. In 1906 it was decided to devote the whole of the Imperial grant for that year to the construction of improved buildings for upper and lower primary schools in places where the people of the locality were willing to assist by a proportionate contribution towards the cost. In accordance with this scheme a number of school-houses were erected in different parts of the province, but unfortunately no definite provision was made for their ownership or for their maintenance in a proper state of repair. On account of the difficulties which thus arose, it was suggested some years ago that the District Board should take over these buildings and that they should also bring the corresponding schools under their direct management. This very reasonable suggestion came to nothing owing to want of funds, but in view of such funds being available from the present Imperial grant the proposal has now been revived, and it is intended that the school buildings in question, except where they are in the possession of properly constituted managing bodies, be handed over to the approximate District Boards and that the schools be converted into board schools. In order to give effect to this proposal it was necessary to put the existing buildings in thorough repair, and for this purpose Rs. 28,700 have been assigned from the Imperial grant. The schools in question number 187 in the Presidency and Burdwan Divisions, and further board schools will from time to time be established, their distribution being arranged on a natural geographical basis.

For the construction of additional training schools during the present year Rs. 1,00,000 was assigned to East Bengal and Rs. 65,000 for the two western divisions. The method of training elementary school teachers is not the same in the two parts of the province. In West Bengal, under a scheme

drawn up in 1906, a comparatively large number of small training schools, each accommodating 16 pupils with a two years' course, have been established, and for these schools buildings have been and are still being provided at an approximate cost of Rs. 6,000. In East Bengal, on the other hand, a scheme was recently sanctioned by the Secretary of State, according to which schools of a larger type providing for 40 pupils with a one or two years' course according to circumstances were to be created, larger school-houses, which were estimated to cost from Rs. 10,000 to 15,000, being of course necessary. The expenditure of Rs. 1,00,000 was intended to accelerate the construction of the latter class of schools, but it is probable that a considerable portion of this amount will remain unspent at the end of the present year.

Another interesting item of the expenditure sanctioned under this head for the present year is that of Rs. 90,000 for the erection of a cheaper type of school buildings in small villages. It has repeatedly been represented that, if the co-operation of the villagers themselves be secured, a building of a type which would be quite satisfactory for the purposes of a small village school could be erected at a much smaller cost than if the work were, as is usually the case, carried out by a contractor. It has been estimated that lower primary school-houses could in this way be provided at a cost of Rs. 250, of which the villagers themselves would provide Rs. 50 partly, perhaps in money, but mostly in labour and material. The scheme is of course largely experimental, but it has already met with very promising success, and although the whole of the allotment will not be spent this year, a large number of villagers have already expressed their willingness to co-operative and a number of school-houses are now being constructed on this system.

Of the balance of the grant for this year Rs. 1,25,000 has been or is being spent on the equipment of the more efficient of the existing primary schools, the schools selected in East Bengal being those under the direct management of the boards. The equipment and furniture of existing primary school is, as is well known, of the most rudimentary description, and the money now allotted will be most usefully expended. A similar allotment of one lakh was made last year from the Imperial grant for West Bengal.

The remaining items of the primary educational grant are unimportant and need not be detailed here.

The second head to which an allotment was made from this grant was that of female education, the amount set aside for this purpose being approximately fixed at Rs. 1,07,000. Pending preparation of schemes of recurring expenditure, it was decided to spend the money this year on capital works. Rupees 60,000 were set aside for the erection of a new block of class rooms for the Bethune College, the total cost being estimated at Rs. 72,000: the additional accommodation to be thus provided is most urgently wanted. The balance of Rs. 47,000 was to be utilized for the construction of buildings in connexion with girls' schools in East Bengal. Owing to various causes it has not been possible to make much progress as yet in the work of construction, but the money will not lapse and the various buildings will be completed in the course of the year 1913-14.

The third allotment from the Imperial grant was a sum of Rs. 1,32,000 for hostels, and here, too, it was decided to spend the whole of the first year's grant on capital works. Private institutions have, however, experienced considerable difficulty in maturing schemes for hostel construction, and, though the allotment will of course be fully and readily utilized, a considerable portion of it will have to be carried over to next year.

A sum of Rs. 34,000 was provisionally allotted by the Government of India to the head of technical education for the improvement of workshops and equipment, and there has been no difficulty in distributing this amount. Rupees 10,756 were assigned to Civil Engineering College, Rs. 10,376 for the Dacca School of Engineering, Rs. 2,000 for Mining instruction in the coal fields, and the balance divided between the smaller technical schools in the Province. The whole amount will probably be spent before the end of the present financial year.

Finally, half a lakh was earmarked for European schools, and, of this grant, Rs. 19,500 were set aside for the construction of a new block of buildings for the Dow Hill School, the remainder being distributed in the shape of smaller grants chiefly for furniture and equipment among a large number of European schools in the Province.

Two additional grants as already indicated were made later in the year by the Government of India, one of Rs. 25,000 for general purposes and one of Rs. 40,000 for the education of poor European children in Calcutta. The former sum has been distributed for capital expenditure this year among a few Indian and European schools in the Province which were able to present fully-matured schemes admitting of immediate expenditure; the latter, which has been transferred to the ordinary grant-in-aid allotment and is not, therefore included in the lump provision of Rs. 9,25,000, was divided among the orphanages and free schools in Calcutta in connection with building projects to be carried into execution before the end of the financial year.

A summary of the expenditure of the whole grant will be found on page 22 of the financial statement, and it will be seen from it that a sum of Rs. 3,32,000, which will remain unspent on the 31st of March, is carried forward for expenditure next year.

I pass now to the more interesting question of the utilization of the Imperial grant for schemes of permanent improvement in connexion with education. I had hoped at one time that it would have been possible definitely to allot the Imperial grant in accordance with sanctioned schemes to the appropriate heads of expenditure in the budget and thus to avoid the necessity of presenting it in the amorphous condition of a lump provision. Unfortunately there has been so much delay in obtaining the necessary figures especially in the matter of primary education that, although my proposals for the utilization of the grant are now complete, they have only in one case, viz., that of female education, been submitted to Government. As things are, I must content myself with giving a brief explanation of the recommendations I am making or have made to Government with regard to the objects on which the grant might usefully be expended.

Primary education has naturally been given the major portion of the grant, but though Rs. 5,77,000 may at first sight appear to be a fairly large sum, it will be readily recognized by all who are familiar with the magnitude of the problem that it will go only a very small way to ameliorate the condition of primary education in Bengal. The allotment will suffice, however, to improve to a certain extent the condition of our primary school teachers, and even the most ardent advocates of expansion have now come round to the view that this is in Bengal at least the most urgent need. It is proposed therefore to put funds at the disposal of the District Boards, which will enable them to make a small general increase, amounting on an an average to one rupee a month, in the stipends now paid to *gurus* and an additional increase of two rupees in the case of those *gurus* who have passed through a training school. It cannot be said that these proposals, which will raise the total emoluments of an untrained *guru* to Rs. 8 and of trained *gurus* to Rs. 10 approximately, are extravagant; in fact they only constitute the initial step towards the ultimate improvement in the pay and prospects of primary school teachers indicated in the resolution recently issued by the Government of India; yet, modest though they are, they will absorb in the first year no less than Rs. 4,47,618, while in five years the cost of this one reform will rise to Rs. 5,04,384.

As I am proposing to add Rs. 23,000 for primary education out of the additional grant of Rs. 25,000 already referred to, the total amount available under this head will be Rs. 6,00.000, showing a balance after providing for increased stipends which will decrease from Rs. 1,52,352 in the first year to Rs. 95,616 in the fifth. This balance will be utilized as follows: It has already been stated that in East Bengal buildings for additional board schools are being constructed from this year's Imperial grant and that a certain number of schools in West Bengal are being made over to District Boards. The cost of the maintenance of these schools will amount to

Rs. 96,782 and will have to be met from the Imperial grant. It has to be borne in mind that the institution of board schools is itself a factor in the improvement of the position of primary school teachers, as the pay in these schools is considerably better than that which a *guru* in a stipendiary school will draw from all sources even with the improved scale of stipends now proposed. In East Bengal board schools, where the teacher is allowed to retain the school fees, his present emoluments average slightly over Rs. 13, and in West Bengal it is proposed to introduce a similar scale of remuneration. The board schools in East Bengal work up to the lower primary standard only, but it will be necessary, in accordance with the policy enunciated in the Government of India Resolution, to raise them ultimately to the upper primary standard. New schools opened under the present scheme may, however, when it is found convenient, start in the first place on a lower primary basis. In addition to the objects here enumerated, a portion of the grant will have to be reserved for the education of factory children, to which the Government of India attach special importance, and for this purpose an annual sum Rs. 20,000 will probably be required at the beginning. There is a sufficient residue, as will be seen from the figures, to admit of this expenditure in the first three years, but later on there will be a deficit which will have to be made good from other sources. Finally, the small balance which appears in the estimates of the first three years will be devoted to capital expenditure in the way of buildings and equipment, etc., as occasion arises.

In addition to the above, it had been hoped to provide even from the present grant for the establishment of schools in backward areas and among backward classes, as well as for a slight general expansion of aided schools. The figures now show that this is impracticable, but the further liberal grants that have been lately announced will make it possible not only to include these additional items in the programme of reform, but to frame our proposals generally on a more generous scale, and it will also enable us to make an advance in other directions as well in which an improvement of the conditions of primary education is called for. Fortunately, in view of the possibility of further assistance being forthcoming, the scheme for the improvement of the position of teachers has been framed in such a way as to allow of a gradual increase of rates of pay, and materials have, moreover, been collected for the preparation of detailed schemes dealing with the other heads of reform already referred to ; so that the announcement of fresh grants does not necessitate a scrapping of all that has already been done and the preparation of new projects *ab initio*.

The allotment of Rs. 1,07,000 for female education it is proposed to spend in the following way : The present staff of Assistant Inspectresses is insufficient for the steadily increasing volume of work in connexion with the education of girls, and the appointment of three additional Inspectresses is urgently required. One of these will be specially engaged in work in Calcutta, a second will take up zenana work and Muhammadan female education in the mufussal, and the third will divide with the present Assistant Inspectress for the Dacca Division the heavy duties now falling entirely upon the latter. The total charges on account of this increase in the inspecting agency will amount to Rs. 18,621.

The second project, which it is proposed to finance from this allotment, is the extension of the scope of the Calcutta Women's Training College. At present this institution only provides for the training of elementary teachers, and it is now proposed to add a secondary training department. The need for such a department has long been felt in Calcutta, but its establishment has hitherto been held up for want of funds. The annual cost will be Rs. 18,585.

A small sum of Rs. 2,060 will also be spent on the improvement of the Training School at Dacca.

A larger number of scholarships for girls is a crying want, especially in West Bengal in view of the rapid increase in the number of girls reading in our schools and colleges, and it is intended to set aside Rs, 10,092 to provide for this necessity.

The balance of Rs. 57,572 will, if my recommendations are accepted, be transferred to the grant-in-paid allotment and will, in accordance with the wishes of the Government of India, be disbursed chiefly to elementary and training schools.

With regard to the third allotment, viz., that of Rs. 1,32,000 for hostels, the Government of India has stated that they are deeply impressed with the importance of making proper provision for superintendence in hostels. This view is undoubtedly shared by all who are interested in student life, and the improvement of superintendence should therefore be the first object to which the funds now available should be devoted. A considerable measure of reform in this direction had already been initiated by the Government of Bengal a few years ago when a scheme was sanctioned for providing adequate remuneration and accommodation for superintendents of hostels attached to Government schools and colleges. It has thus been made possible to appoint superintendents of better standing than those to whom the duties of supervision were previously entrusted, and if the application of the scheme, as is now proposed, be extended to the whole Province and be made to include institutions under private management, a considerable step will have been taken in the matter of the establishment of a sound system of superintendence in school and college hostels. A detailed estimate has been prepared of the cost to Government of carrying this scheme into effect on the supposition that private institutions will contribute the small proportion of one quarter of the pay of the superintendents, and it is found that an expenditure of Rs. 72,092 a year will be required at the outset. There will therefore be an annual balance of Rs. 60,000, but this sum will diminish gradually as the scheme expands. In the meantime the funds thus made available will be utilized in giving non-recurring grants for the construction, repair or equipment of hostel buildings.

The allotment of Rs. 34,000 for technical and industrial education presents no difficulty. As indicated by the Government of India, the money will be spent partly on the improvement from year to year of the workshops of the various technical and industrial institutions throughout the Province, partly on schemes for industrial education which involve recurring expenditure. A list of the institutions, which it is intended to benefit from the allotment for 1913-14 and of their requirements, is under preparation and will shortly be ready.

Finally, there is the grant for European schools. This was originally fixed at Rs. 50,000, but a further sum of Rs. 40,000 was added by the Government of India later on, and, although the latter has been transferred to the grant-in-aid allotment, its distribution may fittingly be referred to here. With regard to the former grant of Rs. 50,000, it was stated that some portion of it should be spent on increasing the number of free pupils or reducing fees in elementary classes, while the subsequent allotment of Rs. 40,000 was for the extension of education among the poorer classes of the domiciled community in the City of Calcutta. Taking the latter first, it has been decided, after consultation with the representatives of the institutions concerned, to recommend to Government that, as far as the available funds permit, they should be applied to substitute for the present grants-in-aid, grants which would cover the whole cost of the staff of teachers of free schools and orphanages in Calcutta, and that, in calculating the amount thus due to the schools, an allowance should be made for unpaid religious workers to the approximate amount of Rs. 100 a month for each male and Rs. 60 a month for each female teacher. The idea underlying this proposal is that, if the institutions be freed from the financial responsibility for their teaching staffs, they will be able to devote the funds thus set free to the expansion of their work in connexion with the education of destitute children.

A tabular statement has been prepared of the orphanages and free schools in Calcutta and of the cost of their staffs, including allowance for such members thereof as are unpaid, and it appears that a sum of Rs. 40,000 will very approximately suffice to increase the present grants to such an amount as will cover the total expenditure on teachers' salaries calculated on the above basis.

With regard to the other allotment of Rs. 50,000. we are left a freer hand, and it is permissible to admit European schools of all kinds to the benefits of this grant. As at present proposed, Rs. 10,000 will be reserved to meet in part the extra expenditure which will be incurred in extending the scope of the training department at Dow Hill School. and the balance will be distributed among certain European schools in the Province in the form of supplementary grants chiefly with the object of increasing the number of free or partially free scholars in the lower classes. The final apportionment of the grant will be made very shortly.

So far for the 9 lakhs grant. Quite independently a further recurring grant was made by the Government of India of Rs. 1,50,000 for the improvement of secondary aided schools. As in the case of the other recurring grants, it was decided to utilize the funds available this year for non-recurring expenditure, and a large number of schools both in East and West Bengal have received or will receive substantial grants-in-aid for building projects. Some of the East Bengal schemes, however, are not sufficiently matured to allow of the grants being made this year and, as will be seen from the financial statement. a sum of Rs. 46,000 has been carried over for expenditure in 1913-14.

As regards the distribution of the grant in that year and in future years, the conditions laid down by the Government of India are that the grant should specifically be given for the improvement and not the multiplication of privately managed secondary schools. The instructions given therefore to Inspectors were that the money allotted to the various divisions should be utilized for the improvement of the staffs of selected schools, and that, as far as possible, the scale of salaries for high schools proposed in the scheme for the improvement of secondary education which was formulated in the year 1908 should be adopted. It had also been proposed to devote a portion of the grant to the institution of a provident fund for teachers in such schools. The information, however, received from the Divisional Inspectors shows that the demands in the matter of higher salaries even of those schools merely which are willing to contribute themselves for this purpose are so numerous and well founded that it will probably be better to drop the question of a provident fund for the present. The Inspectors' lists are now nearly complete, and, after they have been scrutinized, the final distribution of the grants will be made.

With the Imperial non-recurring grants for education, I may perhaps deal more briefly. As the Council is aware, large grants of this nature were made to the old provinces of West Bengal and of East Bengal and Assam at the beginning of the financial year 1911-12, it being intended that the expenditure of these grants should be distributed over a period of two years. When the territorial changes took place in the beginning of 1912 it was found that, of the unspent balance of the grants made to the two former provinces, the new Presidency was entitled to a sum of Rs. 16,84,000. It has not been possible to spend the whole of this amount in the present year largely owing to the difficulties experienced by the private colleges in Calcutta which were beneficiaries under the scheme for new hostels, in the matter of the acquisition of suitable sites, and, as will be seen from the financial statement, a sum of Rs. 7,45,000 has been transferred to the budget of 1913-14. As the difficulties referred to have now been removed, there is every reason to anticipate that the whole of the projects, for which funds were originally assigned, will be completed before the end of the next financial year.

Of the new non-recurring grants announced at the beginning of the present year, the most important is the ten lakhs grant for hostels in Calcutta and a new building for the University Institute. After setting aside Rs. 2,00,000, provisionally for the latter, Rs. 2,37,000 have been reserved for Government institutions as represented by the Presidency College Bethune College and the Baker Madrassa Hostel. Rupees 45,000 have been assigned to the Moslem Institute, and the following private institutions and bodies have received grants according to their varying needs,

in some cases supplementary to the allotments made from the Imperial grant of the preceding year : the City, Ripon and Bangabasi Colleges, the Metropolitan Institution, the London Missionary Institution, the Scottish Churches, St. Xavier's, and Diocesan Colleges, the Young Men's Christian Association and the Church Missionary Society. The final distribution was made with the approval of the Calcutta University. As will be seen from the financial statement, the bulk of the grant will be disbursed next year.

In addition to the hostel grant for Calcutta, a grant of four lakhs was made by the Imperial Government at the beginning of this year for hostel buildings outside Calcutta and Dacca. The grant was sanctioned in two instalments of Rs. 2,00,000 for 1912-13 and Rs. 2,00,000 for 1913-14. The assignment of the former amount was made during the course of the current year, Rs. 1,45,167 being allotted to Government institutions, Rs. 11,702 to private institutions, and Rs. 13,181 held in reserve. As in the other cases, a considerable proportion of the grant has been held back for disbursement next year.

It is unnecessary to say much about the normal heads of expenditure in the budget. The new items for the most part speak for themselves and do not require explanation. I would, however, call attention specially to the fact that, deducting the provision from Imperial revenues, the budget estimate of expenditure on education from purely provincial revenues for 1913-14 shows a large increase amounting to Rs. 7,00,000 approximately on that for the current year if we leave out of account the allowance which has been made for savings which will arise chiefly in connection with the Imperial grant. The increase appears not only in the list of new schemes on pages 7, 9, 10, 83, 84 and 85 of the financial statement, but also in the form of a considerable expansion under some of the ordinary heads of expenditure, especially that for grants-in-aid.

The new schemes which involve an expenditure of more than Rs. 5,000 are contained in the schedule at the end of the financial statement, and their nature is briefly explained in the accompanying marginal notes. I shall be glad to give any further information that may be required by Hon'ble Member before the next meeting of the Council.

The expenditure on Government educational buildings is shown as usual in the Public Works Budget. The only point to which I need call attention is that the allotment from provincial revenues remains of normal amount, notwithstanding the large sums which have been transferred from the Imperial grants to the Public Works Department for building purposes.

Finally, there comes the head of revenue, though, strictly speaking, this should have been dealt with at the beginning instead of at the end of my remarks. Education is, however, not a paying department, and the revenue side is of little interest compared with that of expenditure. It will suffice to express satisfaction once more that the fees in our schools and colleges are doing their best to emulate in a modest way the increase shown in the expenditure side of the budget.

One word, in conclusion, with regard to the fresh grants from the Imperial Government which have recently been announced. It is impossible at this stage to say in what particular way these grants may be utilized ; but whatever be the objects to which they are devoted, it is perfectly obvious that they will greatly facilitate the advance of education in a great many directions. I must add my thanks to those of others to the Government of India for providing this most munificent contribution towards the advance and spread of education.

The Hon'ble Sir William Duke introduced the following heads :—

XX—Medical.

Expenditure—

24. Medical.

He said :—

On the receipt side the revised estimate has been taken at Rs. 4,30,000, and it shows an improvement of Rs. 69,000. This is chiefly due to the special contribution of Rs. 50,000 from the Indian Research Fund Association for carrying out experiments in jungle clearing in suitable localities and also to larger receipts from college fees owing to the opening of a sixth-year course in the Medical College. The budget for 1913-14 has been placed at Rs. 3,76,000, and generally follows the revised estimate for the current year, excluding special receipts.

Turning to the expenditure side, the revised estimate stands at Rs. 22,07,000 (excluding sanitation) and is 3¼ lakhs less than the budget, chiefly due to the transfers of Rs. 4,00,000 for the acquisition of land for the construction of the school of tropical medicine and of Rs. 3,000 for contribution to the Lady Minto Nursing Association from this head to 45—Civil Works and 32—Miscellaneous respectively. On the other hand larger grants have been made to hospitals and dispensaries.

As for next year, the budget has been placed at Rs. 24,18,000. excluding expenditure on sanitation. It includes Rs. 1,00,000 for the school of tropical medicine, which will also be transferred to the Public Works Department after the 1st April next, for the completion of land acquisition proceedings and for the cost of the collection of materials for the construction of buildings. The Government of India made a contribution of Rs. 5,00,000 in 1911-12 for this purpose.

Provision has been made for an Indian Medical Service officer as Personal Assistant to the Inspector-General of Civil Hospitals in place of a ministerial officer on lower pay. The post has not yet been sanctioned, but on the analogy of similar appointments in Bombay and Madras an application has been made to the Government of India. Provision has been made for a Professor of Physics and an Assistant Professor of Physics and Chemistry and local allowances for two Professors and three Assistant Professors of the Medical College in consideration of the larger amount of teaching work they have to do in connection with the college in addition to hospital duty for the new University Regulations. It is probably known to the Hon'ble Members that Lieutenant-Colonel Sutherland is now enquiring into the serological test in the Medical College, for which Rs. 15,000 has been provided for in the revised estimate for the current year and Rs. 20,000 in the budget. The Government of India agreed to bear this charge, and provisions of Rs. 15,000 in the revised estimate and Rs. 20,000 in the budget have been made for assignment from the Imperial Revenues under Land Revenue adjustments. We have also provided for additional teachers and demonstrators in the Medical School and for the appointment of a probationer Chemical Examiner in the Medical College. The nursing staff of the Campbell Hospital being inadequate and overworked, provision has been made for the appointment of six additional nurses at a cost of Rs. 5,280. Several other small provisions have been made which are noted at pages 7 and 10 of the Financial Statement.

The new buildings to be undertaken in the Medical Department (although they appear in the Public Works Department budget) are detailed in page 26 of the Financial Statement. We are going to acquire land for the construction of residence of the Civil Surgeon, Jalpaiguri, and providing for the construction and improvement of residences for the Civil Surgeons of Chittagong Hill Tracts, Khulna, Suri and Dinajpur. At the Campbell Medical School the dissecting room and lecture hall will be completed, while a new diphtheria ward will be built at the Medical College Hospital.

The Government of India have sanctioned a non-recurring grant of one lakh for medical, but the orders detailing the purpose to which it is to be devoted have not yet been received.

The Government of India have raised the expenditure side by 12¾ lakhs. Of this, 11¾ lakhs is for expenditure from the lump grant of 20 lakhs for urban sanitation and one lakh is a non-recurring grant for medical relief.

The Hon'ble Nawab Syed Shams-ul-Huda introduced the following heads :--

Revenue—

X—Registration.

Expenditure—

12. Registration.

24. Sanitation.

He said :—

MY LORD.—I beg to introduce the budget estimates relating to the Registration branch. The receipts under the head of Registration are estimated at Rs. 19,00,000 for 1913-14 against Rs. 16,77,000 for 1912-13. The actual collections in the first nine months of 1912-13 amounted to Rs. 12,47,000. For the remaining three months of the year the receipts have been taken at Rs. 6,03,000, and the revised estimate has been placed at Rs. 18,50,000 by the Inspector-General of Registration. Allowing for an increase of Rs. 50,000, the estimate for 1913-14 has been passed for Rs. 19,00,000. The increased estimate is due to a large extent to the anticipated expansion in registration work which will result from the opening of new offices and from the carrying out of survey and settlement operations in some of the districts in the Province.

The expenditure for 1913-14 has been estimated at Rs. 11,16,000 against Rs. 10,55,000, the revised estimate for 1912-13, and Rs. 10,67,406, the actuals of 1911-12. The estimate includes (1) Rs. 5,400 for the revision of the office establishment of the Inspector-General of Registration, (2) Rs. 2,400 for increase of the pay of the ministerial officers in the office of the Regi trar of Calcutta, (3) Rs. 12,300 on account of the regrading of Sub-Registrars necessitated by the amalgamation of the two parts of the Province, (4) Rs. 10,000 for the opening of new sub-registry offices to afford increased facilities for registration, and (5) Rs. 57,000 for the revision of the salary of the ministerial establishment in the offices of the District Sub-Registrars. The scheme for improving the pay of the ministerial staff has been pending for some time, and it is satisfactory to note that it has been found possible to include provision for this scheme in the estimate for the next year.

A sum of Rs. 26,000 has also been provided for the construction and extension of sub-registry offices where no rented houses are available, and for the safe custody of records.

Expenditure—

24. Sanitation.

I have to explain the budget estimates of the Sanitation branch. In the budget for the current year 7½ lakhs *plus* 5 lakhs or a total of 12½ lakhs were provided for expenditure on works of sanitary improvements and Rs. 4,39,200 for expenditure on establishment and contingencies, etc., of the Sanitation and Vaccination Departments under the Sanitary Commissioner. The expenditure which has already been sanctioned or will probably be sanctioned from the grant for works of sanitary improvements is shown in paragraph 59, page 30 of the Financial Statement under Civil Works in charge of Civil Officers. The expenditure is chiefly for grants to District Boards and Municipalities which are shown in the Civil Works budget. Out of this amount, the grants for the prevention of malaria, etc., are debitable to the Medical (Sanitation) budget, and are roughly estimated at about one lakh. The whole grant will not probably be utilised before the 31st March, and the saving will be regranted in 1914-15 for similar expenditure. In the current year the Indian Research Fund Association gave a special contribution of Rs. 50,000 for carrying out experiments in jungle clearing in suitable localities under conditions which will ensure the correction of accurate data. The sum was not spent in the current year as it took time to prepare definite

schemes after consulting the local officers. This has been provided for in the budget for next year.

In the budget estimates for the current year a provision of Rs. 1.20.100 was made for the purchase of hydrochloride of quinine from England and for the cost of its distribution and sale in the Eastern Bengal districts in accordance with the practice followed there, but only a small quantity has been bought and charged into the accounts up to date, as a large quantity was left as a legacy to this province by the late Government of Eastern Bengal and Assam. This explains the cause of the saving in the Departmental grant and the total revised estimate has been reduced from Rs. 4,39,200 to Rs. 3,81,000.

It will appear from paragraph 59 of the Financial Statement that in the budget for next year we have provided for expenditure of Rs. 11;61,000 on works of sanitary improvements. This sum is made up of an annual grant of 4½ lakhs for two years 1912-13 and 1913-14, no portion of which is expected to be spent in the current year, and the unutilised balance of the Imperial non-recurring grant made in 1910-11 to both old Bengal and Eastern Bengal districts. The Government of India have just sanctioned an additional non-recurring grant of 20 lakhs and a recurring grant of 5 lakhs for sanitation and the major portion of the increase of about 13 lakhs under Medical expenditure alluded to in the memorandum circulated yesterday is accounted for by this. It may be hoped that with this large amount now available, we will be able to make good progress with drainage schemes and also push on the question of water-supply. It is well known to the members of this Council that in October last year a meeting was held in Darjeeling to consider the question of water-supply in rural areas, and in the budget a lump sum of Rs. 38,000 has been provided to meet the pay of sub-overseers, who may be employed in subdivisions in Bengal to report on the real condition of rural water-supply. It is anticipated that when these reports are received, Government and the local bodies will be in a better position to judge of the needs of each subdivision.

Hon'ble Members will have seen from the speech of the Finance Member in the Imperial Council and also from the speech of Sir William Duke in this Council that the Government of India, with the sanction of the Secretary of State, have decided to set free for the use of local bodies the whole of what is known as the Public Works Cess. They have indicated that in their opinion a substantial portion of this sum should be set apart for the improvement of the rural water-supply, for ante-malarial measures, for the protection of grain stores and markets in plague-infected localities, and generally for the sanitation of villages and small towns. But the actual conditions on which the grant is to be handed over to the local bodies have not yet been definitely stated. It is not unlikely however that it will be left to the discretion of the Local Government to determine the actual conditions of the grant. I need hardly assure the Council that this Government is fully alive to the importance of rural water-supply and of all effective anti-malarial measures. These two matters will be specially borne in mind in the event of our being called upon to lay down the condition on which we shall hand over this magnificient gift of the Government of India to the District Boards. The Boards have been receiving 25 per cent. of the net receipts from Public Works Cess in the shape of augmentation grants since 1905. In addition to this they will now receive the full amount of the Public Works Cess. What are known as equilibrium grants, will however be withdrawn. It will be observed that the assignment to the Local Government to make up for the loss of Public Works Cess is based on the average receipt of the cess for the last three years. Consequently when the actual receipts increase the average, a corresponding deduction will be made from the augmentation grants in order to make up the loss to the Provincial revenues; should the receipts be below the average, which is not likely, a corresponding addition will be made to it. The net gain to the District Boards therefore will be the average receipts of the Public Works Cess, viz., Rs. 29,42,000 *minus* the equilibrium grants Rs. 4,49,000 or, roughly speaking, about Rs. 25,00,000 in all. This is a large accession to the income of local bodies which, we trust, will be appreciated by

the country at large, and will materially contribute to the improvement of their health and comfort. The local bodies will, it is hoped, also show their appreciation by a greater attention to their duties and by a judicious expenditure of the funds placed at their disposal.

As for departmental expenditure we have provided Rs. 1,14,200 for the purchase of hydrochloride of quinine and its distribution. Provision has also been made to help Municipalities with half the pay of six 1st and 17 2nd class Health Officers who may be employed, as well as for three additional Deputy Sanitary Commissioners for Dacca, Rajshahi and Burdwan Circles with the cost of their establishment and contingencies. Government is opening a training class for the 2nd class Health Officers and Sanitary Inspectors. Government contemplates to assist the Municipalities, if their resources are insufficient, to meet the cost of Sanitary Inspectors. Provision has also been made for the introduction of antiseptic system of vaccination in the Eastern Bengal districts.

It may be mentioned here that we are going to raise the lump grants annually placed at the disposal of the Divisional Commissioners to one lakh next year and to provide the District Magistrates with small grants of about Rs. 2,000 each on the average in order that minor defects and local requirements which are brought to their notice may be remedied promptly without a reference to head-quarters.

The Hon'ble Sir William Duke introduced the following heads :—

Revenue—

XXIII—Stationery and Printing.

Expenditure—

30. Stationery and Printing.

He said :—

As regards the estimates of the Stationery and Printing Departments, the revised estimate of receipts show a small decrease of Rs. 3,000, which is due to smaller sale-proceeds of official publications. The budget for next year (Rs. 1,30,000) is only Rs. 2,000 less than the revised estimate for the current year, and is due to smaller receipts from the sale of Indian Law Reports as the back numbers are out of print.

The figures of the expenditure side are shown in page 68 of the Financial Statement. The revised estimate amounts to Rs. 14,24,000, and shows an increase of Rs. 1,69,000, chiefly due to the fact that while framing the budget for the current year no provision was made for expenditure on the Dacca Jail Press, which has been retained to print forms. Provision was made subsequently, and the amount deducted for probable savings reduced correspondingly. The budget for 1913-14 has been placed at Rs. 13,60,000. The only important difference is under the head of Government Presses, the estimate under which head has been framed with reference to actual requirements. A provision of Rs. 5,000 has been made for the revision of the establishment of the Forms Department.

It is hoped that the forms block in the new Alipore Jail will be completed next year, and a provision of Rs. 3,22,600 has been made for this in the Public Works Department budget.

As explained in the Council in March 1910 the Secretariat Press is hopelessly congested and work is carried on there under conditions of extreme difficulty. The paid section of the Presidency Jail Press, which it had been intended to amalgamate with the Secretariat Press when that jail was vacated, could not for the most part be received into Writers' Buildings, and it is almost certain that at no very distant date the province will have to face the expenditure of constructing a new Press building elsewhere.

The Hon'ble Mr. Lyon introduced the following heads :—

Revenue—

XXIX—Irrigation—Major Works.

Expenditure—

42. Irrigation—Major Works (Working Expenses).

Revenue—

XXX—Minor Works and Navigation.

Expenditure—

43. Minor Works and Navigation.

He said :—

I now have the honour, My Lord. to introduce for the consideration of Council the Public Works headings of the budget entitled Irrigation Major Works—XXIX, Receipts, and 42 Expenditure and Minor Works and Navigation—XXX, Receipts, and 43 Expenditure.

It will be realised that a great deal of work under the heading of Irrigation proper has passed from under the Government of Bengal to the new Government of Bihar and Orissa. The main Sone and Orissa Canal systems, and the Irrigation channels connected with the Tribeni system in North Bihar are all now under the new Government and we are left with only two major works, the Midnapore and Hijili tidal canals. On the other hand, while we have lost much work in the way of irrigation we have taken over a great deal from the late Government of Eastern Bengal and Assam in the nature of embankments and drainage schemes besides the management of a large proportion of the various waterways leading to Eastern and Northern Bengal.

Under the budget estimate for 1913-14 it will be seen that the provincial share of receipts on account of major works is estimated at Rs. 1,40,000, while the provincial share of expenditure is 1,20,000. It is hoped that during the next few years there will be a steady increase in the receipts from the Midnapore canals, owing to the raising of the rates levied for irrigation on long-term leases from Re. 1-8 per acre to Rs. 2 per acre, as those leases fall in.

Turning next to Minor Works and Navigation, there is a slight increase of Rs. 5,000 estimated under the heading of Receipts, which is due to an expected improvement in the tolls to be levied for navigation on the Calcutta Canals and the Madaripur Bhil route, which has recently been completed. A new canal, about 10 miles in length, has been opened in extension of the existing Calcutta Canals, called the Krishtapur Canal, between Ultadinghi and Bamanghata.

Under the Expenditure head there is a considerable increase over the revised estimate for 1912-13, and the total expenditure estimated in the coming year is Rs. 18,66,000. This increase is due chiefly to (1) a provision of Rs. 50,000, out of an estimated total cost of one lakh, which is being granted by Government to clear the bed of the Saraswati river in connection with the Rajapur Drainage Works in the district of Howrah. These drainage works were originally constructed under the Bengal Drainage Act, and were paid for by the persons interested, but it has been decided that the cost of this necessary improvement should be borne by Government ; (2) to a special provision of Rs. 2,65,000 under the heading Maintenance and Repairs, for the work to be carried out by the dredger *Foyers* in improving the waterways between Calcutta and Eastern Bengal. This is one of the first instalments of the very considerable expenditure which we hope to be in a position to incur for the general improvement of the waterways in Eastern Bengal during the next few years. I need scarcely add that I believe that all such expenditure will prove productive in the long run.

The expenditure estimated also includes Rs. 1,96,000 in connection with the completion of the Madaripur Bhil scheme, including the dredging of the

lower Kumar river, and also a sum of Rs. 21,800 on account of a lock in connection with the Mogra Hât Drainage Scheme. The expenditure on this lock will be recouped by a toll on the boats passing through it. The drainage scheme itself provides for the drainage of an area of 290 square miles in the Diamond Harbour subdivision, and is now being carried out under the Bengal Sanitary Drainage Act of 1895, at an estimated cost of 21 lakhs, towards which the Government of Bengal has contributed 5 lakhs and makes no charge for the Public Works establishment employed in carrying it out. Government has also undertaken to bear all maintenance charges, recouping itself from such income as may be derivable from the scheme.

There is also expenditure on training works for the benefit of navigation on the Ganges, Buriganga and Dhaleswari rivers.

These are all the figures connected with the present estimate of expenditure on Minor Works and Navigation that it is necessary to dilate upon at the present time, but I should like to say before sitting down that the classification of these works connected with the navigation of our waterways as Minor Works does not represent the view which the Government of Bengal takes of its responsibilities towards the Presidency of Bengal in the matter of the treatment of the deltaic rivers, whether as regards drainage or as regards navigation. We are well aware of the potentialities of these rivers for both these purposes, and we are most anxious to work out and forward any schemes that may be found feasible for the improvement of the waterways connected with them. We must of course consider how far we are entitled to spend our tax-payers' money upon such schemes, and in many cases it will be necessary to insist upon reducing a scheme to a business proposition before we can undertake to deal with it. But at the same time we appreciate the importance of taking a long view in such matters, and of facing such expenditure as may be required in cases in which the ultimate benefit to be secured, although it may appear somewhat remote, cannot be gainsaid. The question of the improvement of these waterways, so far as expenditure is concerned, resolves itself mainly into a question of dredgers, and we are now in the midst of a careful investigation into the merits of various classes of dredgers and we are preparing an estimate as to the dredging plant which is absolutely necessary if we are to make an impression upon the silt which is constantly blocking some of our more important channels, or the heavy clay banks which have to be cut through before new ones can be constructed. In these matters we are glad to have the benefit of the valuable advice which is given us by the newly constituted Waterways Committee, and we shall not fail to keep carefully in touch with the interests that are chiefly concerned with these waterways when preparing our schemes and allotting our expenditure. This Council is aware that at the instance of that Committee, Mr. Oswald Lees is now carrying out an elaborate investigation into the feasibility of opening a steamer canal between Calcutta and the inner boat route through the Sunderbans. The importance of this canal is self-evident to any one who studies the maps of the Sunderbans routes, but it still remains to be seen whether it can be constructed at such a cost as will make it possible to obtain any reasonable return for the money spent, and this matter is one of the chief branches of Mr. Lees' present investigation. A special meeting of the Waterways Committee is to be held within the next few days to consider the question of the alignment now proposed by Mr. Less for this canal, and the whole scheme will receive the full and sympathetic consideration of the Government when it is finally submitted for consideration.

The Hon'ble Mr. Finnimore introduced the following heads :—

Revenue—

XXXI—Civil Works.

Expenditure—

45. Civil Works.

He said :—

My Lord, I have the honor to introduce for the consideration of the Council the head in the financial statement for *Civil Works*—XXXI Receipts and 45 Expenditure.

This is divided into two parts—

(1) That relating to Civil Works in the charge of the Public Works Department.

(2) That administered by the Civil Department.

I will first deal with those under the Public Works Department.

In the revised figures shown on page 74 of the financial statement for the current year under the head of Revenue, there is a decrease of Rs. 7,14,000 in our anticipated receipts. This decrease has been explained by the Hon'ble Sir William Duke in presenting the Financial Statement.

On the expenditure side, the large increase of Rs. 9,00,000 is accounted for by additional grants received after our budget for the current year was framed. The principal works for which these grants were made are—

	Rs.
(1) Acquisition of land for the extension of the Presidency College	4,30,425
(2) Acquisition of land for the School of Tropical Medicine and Biological Laboratory in the Medical College	4,00,000
(3) Completing the Physical Laboratory, Presidency College	50,000
(4) Acquisition of land for the Presidency College Hostel	49,000

The increase of Rs. 51,000 in repairs to Civil Buildings is due to cost of upkeep of Government Houses at Calcutta and Barrackpur not included in the budget.

The increase of Rs. 56,000 in repairs to communications is due to extra grant given to the maidan roads found necessary owing to the increased traffic.

The increase of Rs. 22,827 in establishment was made to meet the pay of the Superintendent of the Governor's Estates and his establishment.

The increase of Rs. 22,000 in stock is due to surplus materials for works in Dacca being taken on to stock. These will be utilized shortly on other works.

For the year 1913-14, the amount budgetted for receipts is Rs. 3,69,000 against our revised estimate for the current year of Rs. 4,09,000. The decrease is due to the abnormal receipts last year of Rs. 40,000 on account of the sale-proceeds of the Garden Reach old Thana building, a new building having been constructed there.

The grant for expenditure during the coming year is Rs. 74,30,000 against Rs. 71,00,000, the revised estimate for the current year. From this we have first to meet our recurrent expenditure on Establishment, Tools and Plant and Repairs and make adequate provision for carrying on original works in progress.

For establishment, we have provided Rs. 10,94,600 against Rs. 10,32,000. This difference is due to the fact that we anticipate that the Imperial contribution of 23 per cent. on works executed for the Government of India will be less by Rs. 63,000 than it is in the current year.

For Tools and Plant, Rs. 37,000 is provided against Rs. 52,000 in the current year.

For repairs, the amount budgetted is Rs. 19,60,000 against Rs. 17,14,000 in the current year.

The increase is due to provision for upkeep of Government buildings and lands at Dacca amounting to Rs. 33,000.

To an extra provision of Rs. 86,400 for improvements to the roads on the Calcutta Maidan. To Rs. 38,000 provided for rent for the Dilkusha property at Dacca which is occupied by Government House there, and the balance, Rs. 88,600, is owing to the fact that quadrennial repairs are due to a very large number of large buildings during the current year.

To provide adequately for the carrying on next year of works now in progress, a provision of Rs. 12,86,000 is made.

This leaves a sum of Rs. 30,52,400 available for works not yet commenced.

This has been distributed between—

	Rs.	Rs.
(1) Minor works costing less than	5,000	3,39,000

This has been placed at the disposal of Commissioners of Divisions and Heads of Departments.

	Rs.	Rs.
To Commissioners ...	71,500	
Excise	6,500	
Jails	55,000	
Police (Mufassil) ...	40,000	
Do. (Calcutta) ...	15,000	
Education	75,000	
Medical	50,000	
Registration ...	20,000	
Agriculture	6,000	
(2) Major works		25,00,000
(3) Reserves		2,13,400

The necessity for the new Major Works under the heads "Police", "Jails," "Sanitation," "Excise," "Medical," "Education," "Registration," "Judicial" and "Revenue" has been explained by the Hon'ble Members in charge of the Departments concerned. The remaining items are—

(1) One lakh for the Tista Valley Road.
(2) Two lakhs for the Duars Roads.
(3) Rupees 2,13,000 for Government House at Darjeeling.
(4) Rupees 3,12,000 for Body Guard lines, Alipore.
(5) Two lakhs for railway saloons for His Excellency the Governor.

The lakh provided for the Tista Valley Road is to provide for widening and realigning the section of the road from the 26th to the 30th mile.

During heavy floods in 1900-02, the old low level road from the 12th mile to 26th mile was practically destroyed, and it was decided to reconstruct it at a higher level. This has been done. The portion from the 26th mile to the Tista Bridge was not so urgent, as this was above high flood-level. It is now necessary to take this up also, as the Darjeeling-Himalayan Railway are extending their line up the valley, and it is very desirable that the construction of this portion should be taken up at the same time as the construction of their line, as they have undertaken to contribute towards the cost of

the reconstruction for the portion of the road they will utilize. Moreover, the present road is very narrow and badly graded, and it is very necessary to reconstruct it on the same lines as the portion between the 12th and the 26th miles, this being the main line of communication between Bengal and Sikkim and Tibet. The provision of two lakhs for the Duars roads is to meet a long-felt want for the improvement of the roads in that district.

The provision for the Government House, Darjeeling, provides funds to complete the work now in progress—while the provision for the Body Guard lines at Alipore covers the cost of completing the work during 1913-14.

The Rs. 25,00,000 includes Rs. 4,00,000, part of Rs. 12,00,000 discretionary grant given by the Government of India and which is at present unallotted and it is not necessary that it be spent on Civil Works in the charge of the Public Works Department.

A reserve of Rs. 13,000 is provided for electrical accessories in public buildings in Calcutta. Rs. 1,10,900 under Civil Buildings and Rs. 15,000 under Communications, including Rs. 3,000 for Arboriculture. Other reserves are—

	Rs.
(1) Residences for Local Government	25,000
(2) Witness sheds	6,000
(3) Munsifs' Courts	3,600
(4) Munsifs' residences	15,600
(5) Mufassil officers' residences	15,000
(6) Replacing inflammable buildings	6,000
(7) Miscellaneous Public Improvements ...	3,300

Funds will be allotted from these reserves as necessity arises for the works specified under each head by the Local Government.

The Public Works Department have nothing to do with the administration of Civil Works in charge of the Civil Department, and these have already been noticed by the Hon'ble Nawab Syed Shams-ul-Huda in dealing with sanitation. The estimate of receipts needs no explanation. The budgetted expenditure is Rs. 36,04,000, but, under the orders of the Government of India, this has been reduced by Rs. 5,84,000—the amount of the equilibrium and other grants resumed from District Boards in consequence of the decision to grant them the amount of the Public Works cess. The principal items are—

	Rs.
Calcutta Improvement Trust	11,50,000
Grants at the disposal of Commissioners and District Magistrates	1,52,000
Sanitation grant	11,61,000

and grants to District Boards and Municipalities.

The Hon'ble Mr. Lyon introduced the following heads :—

Revenue—

XVIII—Ports and Pilotage.

Expenditure—

21. Ports and Pilotage.

He said :—

MY LORD,—I have nothing to add to the explanation which has been given in the Amended Draft Financial Statement of the figures under the head of Ports and Pilotage.

The Hon'ble Sir William Duke introduced the following heads :—

Revenue—

XII—Interest.

Expenditure—

1. Refunds and Drawbacks.

Revenue—

XXII—Receipts in aid of Superannuation.

Expenditure—

29. Superannuation.

Revenue—

XXV—Miscellaneous.

Expenditure—

32. Miscellaneous.

Revenue—

XII—Interest.

He said :—

The Interest Budget represents for the most part the loan transactions of the Local Government. We borrow money from the Imperial Government at 3½ per cent. calculated on the mean outstanding balance and lend it under the Land Improvement and Agriculturists Loans Acts. loans to Co-operative Credit Societies, to drainage and embankment advances, to land-holders, etc., and to local bodies such as Municipalities and District Boards (excluding Presidency Corporations). The receipts comprise the interest we realize and the expenditure is the interest we pay to the Imperial Government. The gradual decrease under receipts from 1911-12 is due to the repayment of advances being greater than the payment to agriculturists and land-holders.

Revenue—

XXII—Receipts in aid of Superannuation, etc.

Expenditure—

1. Refunds and drawbacks.

26. Superannuation allowances and pensions.

These heads do not call for particular remarks. In the Superannuation budget the receipts are chiefly contributions for pensions and gratuities of officers lent to foreign services and for the management of private estates and deductions for Pilotage Pension Fund and the expenditure is the pensions and gratuities actually paid. The charges under this head tend to rise year after year owing to increase in the number of claims to pensions and provision is made with reference to the average increase in the past.

Refunds and drawbacks occur in different departments and we budget on the basis of the average actuals of the past three years, excluding special payments.

Revenue—

XXV—Miscellaneous.

Expenditure—

32. Miscellaneous.

The Miscellaneous Budget comprises of several small items. The detailed figures are shown in page 41 of the Financial Statement. On the

receipt side the revised estimate is Rs. 6,36,000 against Rs. 4,87,000 in the budget. The increase is chiefly under "Unclaimed Deposits," the estimate under which has been raised from Rs. 3,82,800 to Rs. 5,00,000 with reference to the actual collections of the first nine months of the year. The collections from Court of Wards of arrear fees for Government audit have raised the estimate under this sub-head by nearly Rs. 12,000. The estimate for 1913-14 is Rs. 5,91,000, and includes Rs. 4,80,000 under "Unclaimed Deposits" which is a very uncertain and fluctuating head. The sale-proceeds of Durbar presents will in future be smaller as it has been decided to make no presents to title-holders below the rank of Maharajas and Rajas.

On the expenditure side the revised estimate shows a nominal saving of Rs. 2,56,000, which is mainly due to (*a*) the transfer of Rs. 2,07,000 to Education, as the equilibrium grant to District Boards in the Eastern Bengal districts was provided for by the Accountant-General of Eastern Bengal and Assam under this head and not under the appropriate head, (*b*) to the adjustment under the appropriate heads of expenditure sanctioned by His Excellency from the provision for petty grants, and (*c*) to the re-appropriation of the reserve provision of 1½ lakhs in order to meet expenditure under other heads. On the other hand a lump provision of 1½ lakhs has been made to meet the cost of grain compensation allowances to the menials of all provincial departments which has recently been sanctioned with effect from the month of October 1912. The revised also includes Rs. 44,000 for charges of the Dacca University Commission and Rs. 16,000 for the salary of two officers placed on special duty in connection with the Public Service Commission.

The budget for 1913-14 amounts to Rs. 9,53,000, and shows an increase of Rs. 1,40,000 over the budget and Rs. 3,96,000 over the revised estimate for 1912-13. The budget includes Rs. 3,60,000 for payment of grain compensation allowance to the menial servants of all departments against 1½ lakhs in the revised. It also includes the usual provisions of one lakh, being the amount placed at the disposal of the head of the province for petty grants and 1½ lakhs as a general reserve for unforeseen requirements. Provision of Rs. 3,000 has also been made for the payment of pensions to literary title-holders, Rs. 4,000 for the cost of portraits of His Majesty the King-Emperor to be supplied to the several Government offices and Rs. 6,600 for the Lady Minto Nursing Association.

The Council was then adjourned to Thursday, the 13th March, 1913, at 11 A.M.

(*6*) "Presidency" means any of the Presidencies mentioned in clause (*5*).

Extent of jurisdiction of High Courts

3. For the purposes of this Act the High Court at a Presidency-town shall have jurisdiction throughout the Presidency.

PART II

THE OFFICE OF OFFICIAL TRUSTEE.

Official Trustees

4. (*1*) In each of the Presidencies of Bengal, Madras and Bombay, the Government shall appoint an Official Trustee.

(*2*) No person shall be appointed to the office of Official Trustee of any of the said Presidencies who is not—

(*a*) a Barrister; or

(*b*) an Advocate, Attorney or Vakil enrolled by a High Court; or

(*c*) a person holding the office of Deputy Administrator General at the commencement of this Act

(*3*) The said Official Trustees shall be called respectively, the Official Trustee of Bengal, the Official Trustee of Madras and the Official Trustee of Bombay.

Appointment and powers of Deputy Official Trustee.

5. The Government may appoint a Deputy or Deputies to assist the Official Trustee; and any Deputy so appointed shall, subject to the control of the Government and the general or special orders of the Official Trustee, be competent to discharge any of the duties and exercise any of the powers of the Official Trustee, and when discharging such duties or exercising such powers shall have the same privileges and be subject to the same liabilities as the Official Trustee.

Official Trustee to be corporation sole, to have perpetual succession and official seal, and to sue and be sued in his corporate name

6. The Official Trustee shall be a corporation sole by the name of the Official Trustee of the Presidency for which he is appointed and, as such Official Trustee, shall have perpetual succession and an official seal, and may sue and be sued in his corporate name.

PART III.

RIGHTS, POWERS, DUTIES AND LIABILITIES OF OFFICIAL TRUSTEE.

General powers and duties of Official Trustee

7. (*1*) Subject to, and in accordance with, the provisions of this Act and the rules made thereunder, the Official Trustee may, if he thinks fit,—

(*a*) act as an ordinary trustee;

(*b*) be appointed trustee by a Court of competent jurisdiction,

(2) Save as hereinafter expressly provided, the Official Trustee shall have the same powers, duties and liabilities and be entitled to the same rights and privileges and be subject to the same control and orders of the Court as any other trustee acting in the same capacity

(3) The Official Trustee may decline, either absolutely or except on such conditions as he may impose, to accept any trust.

(4) The Official Trustee shall not accept any trust under any composition or scheme of arrangement for the benefit of creditors, nor of any estate known or believed by him to be insolvent.

(5) The Official Trustee shall not, save as provided by any rules made under this Act, accept any trust for a religious purpose or any trust which involves the management or carrying on of any business.

(6) The Official Trustee shall not administer the estate of a deceased person, unless he is expressly appointed sole executor of, and sole trustee under, the will of such person.

(7) The Official Trustee shall always be sole trustee, and it shall not be lawful to appoint the Official Trustee to be trustee along with any other person.

Official Trustee may with consent be appointed trustee of settlement by grantor.

8 (1) Any person intending to create a trust other than a trust which the Official Trustee is prohibited from accepting under the provisions of this Act may by the instrument creating the trust and with the consent of the Official Trustee, appoint him by that name or any other sufficient description to be the trustee of the property subject to such trust:

Provided that the consent of the Official Trustee shall be recited in the said instrument and that such instrument shall be duly executed by the Official Trustee.

(2) Upon such appointment the property subject to the trust shall vest in such Official Trustee, and shall be held by him upon the trusts declared in such instrument.

Appointment of Official Trustee as trustee by will

9. When the Official Trustee has by that name or any other sufficient description been appointed trustee under any will, the executor of the will of such testator or the administrator of his estate shall, after obtaining probate or letters of administration, notify in the prescribed manner the contents of such will to such Official Trustee; and, if such Official Trustee consents to accept the trust, then upon the execution by such executor or administrator of an instrument in writing transferring the property subject to the trust to the Official Trustee, such property shall vest in such Official Trustee, and shall be held by him upon the trusts expressed in the said will:

Provided that the consent of the Official Trustee shall be recited in the said instrument and that such instrument shall be duly executed by the Official Trustee.

Power of High Court to appoint Official Trustee to be trustee of property

10. (1) If any property is subject to a trust other than a trust which the Official Trustee is prohibited from accepting under the provisions of this Act, and there is no trustee within the local limits of the ordinary or extraordinary original civil jurisdiction of the High Court willing or capable to act in the trust, the High Court may on application make an order for the appointment of the Official Trustee by that name with his consent to be the trustee of such property.

(2) Upon such order such property shall vest in the Official Trustee and shall be held by him upon the same trusts as the same was held previously to such order, and the previous trustee or trustees (if any) shall be exempt from liability as trustees of such property save in respect of acts done before the date of such order.

(3) Nothing in this section shall be deemed to affect the provisions of the Trustees' and Mortgagees' Powers Act, 1866, or the Indian Trusts Act, 1882. XXVIII of 1866. II of 1882.

Power of private trustees to appoint Official Trustee to be trustee of property

11. (1) If any property is subject to a trust other than a trust which the Official Trustee is prohibited from accepting under the provisions of this Act, and all the trustees or the surviving or continuing trustee or trustees and all persons beneficially interested in the trust are desirous that the Official Trustee shall be appointed in the room of such trustee or trustees, it shall be lawful for such trustee or trustees, by an instrument in writing to appoint the Official Trustee by that name or any other sufficient description with his consent to be the trustee of such property:

Provided that the consent of the Official Trustee shall be recited in the said instrument and that such instrument shall be duly executed by him.

(2) Upon such appointment such property shall vest in the Official Trustee and shall be held by him upon the same trusts as the same was held previously to such appointment, and the previous trustee or trustees shall be exempt from all liability as trustees of such property save in respect of acts done before the date of such appointment.

Executor or administrator may pay to Official Trustee legacy, share, etc., of infant or lunatic.

12 (1) If any infant or lunatic is entitled to any gift, legacy or share of the assets of a deceased person, it shall be lawful for the person by whom such gift is made, or executor or administrator by whom such legacy or share is payable or transferable, or any trustee of such gift, legacy or share, to transfer the same by an instrument in writing to the Official Trustee by that name or any other sufficient description with his consent:

Provided that the consent of the Official Trustee shall be recited in the said instrument and that such instrument shall be duly executed by the Official Trustee.

(2) Any money or property transferred to the Official Trustee under this section shall vest in him and shall be subject to the same provisions as are contained in this Act as to other property vested in such Official Trustee.

Official Trustee not to be required to give bond or security.

13. (1) No Official Trustee shall be required by any Court to enter into any bond or security on his appointment in any capacity under this Act.

(2) No Official Trustee or Deputy Official Trustee shall be required to verify otherwise than by his signature any petition presented by him under the provisions of this Act, and if the facts stated in any such petition are not within the Official Trustee's personal knowledge, the petition may be verified and subscribed by any person competent to make the verification.

14. The entry of the Official Trustee by that name in the books of a company shall not constitute notice of a trust; and a company shall not be entitled to object to enter the name of the Official Trustee on its register by reason only that the Official Trustee is a corporation; and, in dealing with property, the fact that the person dealt with is the Official Trustee shall not of itself constitute notice of a trust.

Entry of Official Trustee not to constitute notice of a trust.

15. (*1*) The revenues of the Government of India shall be liable to make good all sums required to discharge any liability which the Official Trustee, if he were a private trustee, would be personally liable to discharge, except when the liability is one to which neither the Official Trustee nor any of his officers has in any way contributed or which neither he nor any of his officers could by the exercise of reasonable diligence have averted, and in either of those cases the Official Trustee shall not, nor shall the revenues of the Government of India, be subject to any liability.

Liability of Government.

(*2*) Nothing in sub-section (*1*) shall be deemed to render the revenues of the Government of India or any Official Trustee appointed under this Act liable for anything done by or under the authority of any Official Trustee before the commencement of this Act.

16. Nothing in section 80 of the Code of Civil Procedure, 1908, shall apply to any suit against the Official Trustee in which no relief is claimed against him personally.

V of 1908.

Notice of suit not required in certain cases.

PART IV.

FEES.

17. (*1*) There shall be charged in respect of the duties of the Official Trustee such fees, whether by way of percentage or otherwise, as the Government may prescribe:

Fees.

Provided that in the case of a trust accepted by the Official Trustee before the commencement of this Act the fees prescribed under this section shall not exceed the fees leviable in respect of such trust under the Official Trustees Act, 1864, as subsequently amended.

XVII of 1864.

(*2*) The fees under this section may be at different rates for different properties or classes of properties or for different duties, and shall, so far as may be, be arranged so as to produce an amount sufficient to discharge the salaries and all other expenses incidental to the working of this Act (including such sum as Government may determine to be required to insure the revenues of the Government of India against loss under this Act.)

18. (*1*) All expenses which might be retained or paid out of the trust fund, if the Official Trustee were a private trustee, shall be so retained or paid, and any fees leviable under this Act shall be retained or paid in like manner as and in addition to such expenses

Disposal of fees.

(*2*) The Official Trustee shall transfer and pay to such authority and in such manner and at such times as the Government may prescribe, all fees received by him under this Act, and the same shall be carried to the account and credit of the Government of India.

PART V.

AUDIT.

19. (*1*) The accounts of the Official Trustee shall be audited at least once annually and at any other time if the Government so direct by the prescribed person and in the prescribed manner.

Auditors to be appointed to examine Official Trustee's accounts, etc., and to report to Government.

(*2*) The auditor shall examine such accounts, and shall forward to Government a statement thereof in the prescribed form, together with a report thereon and a certificate signed by him showing—

(*a*) whether the accounts contain a full and true account of everything which ought to be contained therein, and

(*b*) whether the books, which by any rules made under this Act are directed to be kept by the Official Trustee, have been duly and regularly kept, and

(*c*) whether the trust funds and securities have been duly kept and invested and deposited in the manner prescribed by this Act or any rules made thereunder;

or (as the case may be) that such accounts are deficient, or that the Official Trustee has failed to comply with this Act or the rules made thereunder, in such respects as may be specified in such certificate.

20. (*1*) Every auditor shall have the powers of a Civil Court under the Code of Civil Procedure, 1908,

Auditor's power to summon witnesses and to call for documents.

V of 1908.

(*a*) to summon any person whose presence he may think necessary to attend him from time to time, and

(*b*) to examine any person, on oath to be by him administered, and

(*c*) to issue a commission for the examination on interrogatories or otherwise of any person, and

(*d*) to summon any person to produce any document or thing, the production of which appears to be necessary for the purposes of such audit or examination.

(*2*) Any person who, when summoned, refuses, or without reasonable cause neglects to attend or to produce any document or thing or attends and refuses to be sworn, or to be examined, shall be deemed to have committed an offence within the meaning of, and punishable under, section 188 of the Indian Penal Code, and the auditor shall report every case of such refusal or neglect to Government.

XLV of 18

21. The cost of and incidental to every such audit and examination shall be determined in accordance with rules made by the Government and shall be defrayed in the prescribed manner.

Costs of audit, etc., how paid.

22. Every beneficiary under a trust which is being administered by the Official Trustee shall, subject to such conditions and restrictions as may be prescribed, be entitled, at all reasonable times, to inspect the accounts of such trust, and the report and certificate of the auditor and, on payment of the prescribed fee, to be furnished with copies thereof or extracts therefrom and nothing in the Indian Trusts Act, 1882, shall affect the provisions of this section.

Right of beneficiary to inspection and copies of accounts.

II of 1882.

PART VI.

MISCELLANEOUS.

Transfer to Government of accumulations in the hands of Official Trustee.

23. When any moneys payable to a beneficiary under a trust have been in the hands of any Official Trustee for a period of twelve years or upwards whether before or after the commencement of this Act in consequence of the Official Trustee having been unable to trace the person entitled to receive the same, such moneys shall be transferred in the prescribed manner to the account and credit of the Government of India :

Provided that no such moneys shall be so transferred if any suit or proceeding is pending in respect thereof in any Court.

Mode of proceeding by claimant to recover money so transferred.

24. (*1*) If any claim is made to any moneys so transferred and such claim is established to the satisfaction of the prescribed authority, the Government of India shall pay to the claimant the amount in respect of which the claim is established.

(*2*) If such claim is not established to the satisfaction of the prescribed authority, the claimant may, without prejudice to his right to take any other proceedings for the recovery of such moneys, apply by petition to the High Court against the Secretary of State for India in Council, and, after taking such evidence as it thinks fit, such Court shall make such order on the petition in regard to the payment of such moneys as it thinks fit, and such order shall be binding on all parties to the proceedings.

(*3*) The Court may further direct by whom all or any part of the costs of such proceedings shall be paid.

Power of High Court to make orders in respect of property vested in Official Trustee.

25. The High Court may make such orders as it thinks fit respecting any trust property vested in the Official Trustee, or the interest or produce thereof.

Who may apply for order under Act.

26. Any order under this Act may be made, on the application of any person beneficially interested in any trust property or of any trustee thereof.

Order of Court to have effect of a decree.

27. Any order made by a High Court under this Act shall have the same effect as a decree.

General powers of administration.

28. The Official Trustee may, in addition to and not in derogation of any other powers of expenditure lawfully exerciseable by him, incur expenditure—

(*a*) on such acts as may be necessary for the proper care and management of any property belonging to any trust administered by him; and

(*b*) with the sanction of the High Court on such religious, charitable and other objects and on such improvements as may be reasonable and proper in the case of such property.

Transfer of trust property by Official Trustee to original trustee or any other trustee.

29. (*1*) Nothing in this Act shall be deemed to prevent the transfer by the Official Trustee of any property vested in him to—

(*a*) the original trustee (if any) ; or

(*b*) any other lawfully appointed trustee; or

(*c*) any other person if the Court so directs.

(*2*) Upon such transfer such property shall vest in such trustee, and shall be held by him upon the same trusts as those upon which it was held prior to such transfer, and the Official Trustee shall be exempt from all liability as trustee of such property except in respect of acts done before such transfer :

Provided that, in the case of any transfer under this section, the Official Trustee shall be entitled to retain out of the property any fees leviable in accordance with the provisions of this Act.

Rules.

30. (*1*) The Government shall make rules for carrying into effect the objects of this Act and for regulating the proceedings of the Official Trustee in the discharge of his duties.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for—

(*a*) the accounts to be kept by the Official Trustee and the audit and inspection thereof;

(*b*) the safe custody, and deposit of the funds and securities which come into the hands of the Official Trustee;

(*c*) the remittance of sums of money in the hands of the Official Trustee in cases in which such remittances are required;

(*d*) the statements, schedules and other documents to be submitted by the Official Trustee to Government or to any other authority and the publication of such statements, schedules or other documents;

(*e*) the realization of the cost of preparing any such statements, schedules or other documents;

(*f*) subject to the provisions of this Act, the fees to be paid thereunder and the collection and accounting for any fees so fixed;

(*g*) the manner in which and the person by whom the costs of and incidental to any audit under the provisions of this Act are to be determined and defrayed ;

(*h*) the manner in which summonses issued under the provisions of section 20 are to be served and the payment of the expenses of any persons summoned or examined under the provisions of this Act and of any expenditure incidental to such examination ;

(*i*) the acceptance by the Official Trustee of trusts for religious purposes and trusts which involve the management or carrying on of business; and

(*j*) any matter in this Act directed to be prescribed.

(*3*) Rules made under the provisions of this section shall be published in the official Gazette, and shall thereupon have effect as if enacted in this Act.

Division of Presidency into Provinces.

31. (*1*) Notwithstanding anything in the foregoing provisions of this Act, the Governor General in Council may, by notification in the Gazette of India,—

(*a*) remove any of the territories included in the Presidency of Bengal from such Presidency and constitute the same

into provinces for the purposes of this Act;

(*b*) direct that for the purposes of this Act any of the territories of any Native State in India shall be included in any Province so constituted; and

(*c*) appoint any person qualified in accordance with the provisions of sub-section (*2*) of section 4, or who holds office under Government to be an Official Trustee for any such Province, to be called the Official Trustee of the Province,

and subject to the provisions of this section the following consequences shall thereupon ensue, namely:—

(*i*) the Official Trustee of a Province shall by that name have the like rights, powers, privileges and liabilities, and perform the like duties in the Province as the Official Trustee of the Presidency within which such territories were included had and performed as Official Trustee therein, and shall be deemed to be his successor in office:

(*ii*) the powers and duties of the Government under this Act shall, as regards the Province, be exercised and discharged by the Governor General in Council, or by such Local Government as the Governor General in Council may, by notification in the Gazette of India, appoint in this behalf; and the Gazette of the Government exercising and discharging such powers and duties shall be the official Gazette of the Province for the purposes of this Act:

(*iii*) the powers and duties assigned by the foregoing provisions of this Act to the High Court shall be exercised and discharged in respect of such Province by such Court as the Governor General in Council may, by notification in the Gazette of India, appoint in this behalf:

(*iv*) in the foregoing provisions of this Act, the word "Presidency" shall be deemed to include a province; and

(*v*) generally, the provisions of the foregoing sections with respect to the High Court and the provisions of this Act and of any other enactment for the time being in force with respect to the Official Trustee of a Presidency shall, in relation to a Province, be construed so far as may be to apply to the Court and the Official Trustee respectively appointed for the Province under this section.

(*2*) Any proceeding which was commenced before the publication of the notification constituting the province and to or in which the Official Trustee of any Presidency within which any territories constituted into a Province are situate was a party or was otherwise concerned shall be continued as if the notification had not been published.

(*3*) If by reason of the constitution of provinces for the purposes of this Act it appears to the Governor General in Council that any property vested in the Official Trustee of any Presidency should be vested in the Official Trustee of a Province, he may direct that the property shall be so vested, and thereupon it shall vest in the Official Trustee of the Province as fully and effectually for the purposes of this Act as if it had originally been vested in him under this Act.

(*4*) If in accordance with the provisions of this section territories have been removed from the Presidency of Bengal and constituted a Province for the purposes of this Act, the Governor General in Council may, by notification in the Gazette of India, direct that as regards the Presidency of Bengal excluding the territories so removed the powers and duties of the Government under the Act shall be exercised and discharged by the Local Government of Bengal, and that the official Gazette shall be the Calcutta Gazette.

(*5*) Upon the rescission of a notification constituting a Province under sub-section (*1*), the territories comprised therein shall again form part of the Presidency within which they were originally included, the office of Official Trustee for the Province shall determine and all properties vested in and all proceedings by or against such Official Trustee pending at the date of the rescission shall vest in and be carried on by or against such Official Trustee or Official Trustees as the Governor General in Council may direct.

32. Nothing contained in this Act shall be deemed to affect the provisions of the Indian Registration Act, 1908. XVI of 1908

Saving of provisions of Indian Registration Act, 1908

33. The enactments specified in the Schedule are hereby repealed to the extent specified in the fourth column thereof:

Repeals.

Provided that any property subject to a trust by or in pursuance of any such enactment vested in any Official Trustee at the commencement of this Act shall be deemed to be vested in the Official Trustee under this Act to be held by him upon the same trusts as those upon which such property was held before such commencement.

THE SCHEDULE.—ENACTMENTS REPEALED.

An Act to consolidate and amend the law relating to the office and duties of Administrator General.

WHEREAS it is expedient to consolidate and amend the law relating to the office and duties of Administrator General; It is hereby enacted as follows :—

PART I.

PRELIMINARY.

1. (*1*) This Act may be called the Administrator General's Act, 1913.

Short title, extent and commencement.

(*2*) It extends to the whole of British India, including the Sonthal Parganas and British Baluchistan, and applies also to all British and Indian subjects of His Majesty in the territories of Native States in India.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, direct.

2. In this Act, unless there is anything repugnant in the subject or context,—

Interpretation clause.

(*1*) "assets" means all the property, moveable and immoveable, of a deceased person, which is chargeable with, and applicable to, the payment of his debts and legacies, or available for distribution among his heirs and next-of-kin:

(*2*) "exempted person" means an Indian Christian, a Hindu, Muhammadan, Parsi or Buddhist, or a person exempted under section 332 of the Indian Succession Act, 1865, from the operation of that Act:

X of 1865.

(*3*) "Government" means the Governor General in Council, so far as the Act relates to the Presidency of Bengal and the Local Governments of Madras and Bombay respectively, so far as the Act relates to those Presidencies:

(*4*) "Indian Christian" means a Native of India who is or in good faith claims to be of unmixed Asiatic descent, and who professes any form of the Christian religion:

(*5*) "Letters of Administration" includes any letters of administration, whether general or with a copy of the will annexed, or limited in time or otherwise:

(*6*) "next-of-kin" includes a widower or widow of a deceased person, or any other person who by law would be entitled to letters of administration in preference to a creditor or legatee of the deceased:

(*7*) "Official Gazette" means, in the case of the Presidency of Bengal, the Gazette of India, and in the cases of the Presidencies of Madras and Bombay, the Fort St. George and Bombay Government Gazettes, respectively:

(*8*) "Prescribed" means prescribed by rules under this Act:

(*9*) (*a*) "Presidency of Bengal" includes the territories for the time being under the government of the Governor of Fort William in Bengal in Council, the United Provinces of Agra and Oudh, the provinces of the Punjab, Burma, Bihar and Orissa, the Central Provinces, Assam, the North-West Frontier Province, the province of Delhi, Ajmer and Merwara, the Andaman and Nicobar Islands, and such of the territories of Native States aforesaid as the Governor General in Council may, by notification in the Gazette of India, direct:

(*b*) "Presidency of Bombay" includes the territories for the time being under the government of the Governor of Bombay in Council, the Province of British Baluchistan, and such of the territories of Native States aforesaid as the Governor General in Council may, by notification in the Gazette of India, direct:

(*c*) "Presidency of Madras" includes the territories for the time being under the government of the Governor of Fort St. George in Council, the province of Coorg, and such of the territories of Native States aforesaid as the Governor General in Council may, by notification in the Gazette of India, direct.

(*10*) "Presidency" means any of the Presidencies mentioned in clause (*9*).

PART II.

THE OFFICE OF ADMINISTRATOR GENERAL.

3. (*1*) In each of the Presidencies of Bengal, Madras and Bombay, the Government shall appoint an Administrator General.

Appointment and designation of the Administrators General in the three Presidencies.

(*2*) No person shall be appointed to the office of Administrator General of any of the said Presidencies who is not—

(*a*) a Barrister; or

(*b*) an Advocate, Attorney or Vakil enrolled by a High Court; or

(*c*) a person holding the office of Deputy Administrator General at the commencement of this Act.

(*3*) The said Administrators General shall be called respectively the Administrator General of Bengal, the Administrator General of Madras, and the Administrator General of Bombay.

4. The Government may appoint a Deputy or Deputies to assist the Administrator General; and any Deputy so appointed shall, subject to the control of the Government and the general or special orders of the Administrator General, be competent to discharge any of the duties and to exercise any of the powers of the Administrator General, and when discharging such duties or exercising such powers shall have the same privileges and

Appointment and powers of Deputy Administrators General.

be subject to the same liabilities as the Administrator General.

Administrator General to be a corporation sole, to have perpetual succession and official seal, and to sue and be sued in his corporate name.

5. The Administrator General shall be a corporation sole by the name of the Administrator General of the Presidency for which he is appointed and, as such Administrator General, shall have perpetual succession and an official seal, and may sue and be sued in his corporate name.

PART III.

RIGHTS, POWERS, DUTIES AND LIABILITIES OF THE ADMINISTRATOR GENERAL.

(*a*) *Grants of Letters of Administration and Probate.*

As regards Administrator General, High Court at Presidency-town to be deemed a Court of competent jurisdiction for the purpose of granting probate or letters of administration.

6. So far as regards the Administrator General of any Presidency, the High Court at the Presidency-town shall be deemed to be a Court of competent jurisdiction for the purpose of granting probate or letters of administration under any law for the time being in force wheresoever within the Presidency the estate to be administered is situate.

Administrator General entitled to letters of administration, unless granted to next-of-kin.

7. Any letters of administration, which are granted after the commencement of this Act by the High Court at any Presidency-town, shall be granted to the Administrator General of the Presidency, unless they are granted to the next-of-kin of the deceased.

Administrator General entitled to letters of administration in preference to creditor, non-universal legatee or friend.

8. The Administrator General of the Presidency shall be deemed by all the Courts in the Presidency to have a right to letters of administration other than letters *pendente lite* in preference to that of—

(*a*) a creditor ; or

(*b*) a legatee other than an universal legatee ; or

(*c*) a friend of the deceased.

When Administrator General is to administer estates of persons other than exempted persons.

9. If any person, not being an exempted person, has died leaving within any Presidency assets exceeding the value of one thousand rupees,

and if no person to whom any Court would have jurisdiction to commit administration of such assets has, within one month after his death, applied in such Presidency for probate of his will, or for letters of administration of his estate,

the Administrator General of the Presidency in which such assets are shall, subject to any rules made by the Government, within a reasonable time after he has had notice of the death of such person, and of his having left such assets, take such proceedings as may be necessary to obtain from the High Court at the Presidency-town letters of administration of the estate of such person.

Power to direct Administrator General to apply for administration.

10. Whenever any person has died leaving assets within the local limits of the ordinary original civil jurisdiction of the High Court at a Presidency-town, the Court, on being satisfied that danger is to be apprehended of misappropriation, deterioration or waste of such assets unless letters of administration of the estate of such person are granted, may upon the application of the Administrator General or of any person interested in such assets or in the due administration thereof, make an order, upon such terms as to indemnifying the Administrator General against costs and other expenses as the Court thinks fit, directing the Administrator General to apply for letters of administration of the estate of such person :

Provided that, in the case of an application being made under this section for letters of administration of the estate of an exempted person, the Court may refuse to grant letters of administration, if it is satisfied that such grant is unnecessary for the protection of the assets ; and in such case the Court shall make such order as to the costs of the application as it thinks fit.

Power to direct Administrator General to collect and hold assets until right of succession or administration is determined.

11. (*1*) Whenever any person has died leaving assets within the local limits of the ordinary original civil jurisdiction of any of the said High Courts,

and such Court is satisfied that there is no person immediately available, who is legally entitled to the succession to such assets, or that danger is to be apprehended of misappropriation, deterioration or waste of such assets, before it can be determined who may be legally entitled to the succession thereto, or whether the Administrator General is entitled to letters of administration of the estate of such deceased person,

the Court may, upon the application of the Administrator General or of any person interested in such assets, or in the due administration thereof, forthwith direct the Administrator General to collect and take possession of such assets, and to hold, deposit, realize, sell or invest the same according to the directions of the Court, and in default of any such directions according to the provisions of this Act so far as the same are applicable to such assets.

(*2*) Any order of the Court made under the provisions of this section shall entitle the Administrator General,

(*a*) to maintain any suit or proceeding for the recovery of such assets, and

(*b*) if he thinks fit, to apply for letters of administration of the estate of such deceased person, and

(*c*) to retain out of the assets of the estate any fees chargeable under rules made under this Act, and to reimburse himself for all payments made by him in respect of such assets which a private administrator might lawfully have made.

12. If, in the course of proceedings to obtain letters of administration under the provisions of section 9, section 10, or section 11, any person appears and establishes his claim—

Grant of probate or letters of administration to person appearing in the course of proceedings taken by Administrator General under sections 9, 10 and 11.

(*a*) to probate of the will of the deceased ; or

(*b*) to letters of administration as next-of-kin of the deceased, and gives such security as may be required of him by law,

the Court shall grant probate of the will or letters of administration accordingly, and shall award to the Administrator General the costs of any proceedings taken by him, under those sections to be paid out of the estate as part of the testamentary or intestate expenses thereof.

If, in the course of proceedings to obtain letters of administration under the provisions of section 9, section 10 or section 11, no person appears and establishes his claim to probate of a will, or to a grant of letters of administration as next-of-kin of the deceased, within such period as to the Court seems reasonable,

Grant of administration to Administrator General in certain cases.

or if a person who has established his claim to a grant of letters of administration as next-of-kin of the deceased fails to give such security as may be required of him by law,

the Court may grant letters of administration to the Administrator General.

14. Nothing in this Act shall be deemed to preclude the Administrator General from applying to the Court for letters of administration in any case within the period of one month from the death of the deceased.

Administrator General not precluded from applying for letters within one month after death.

(b) Estates of Persons subject to the Army Act.

15. Nothing in this Act shall be deemed to affect the provisions of the Regimental Debts Act, 1893.

Act not to affect Regimental Debts Act, 1893.

[55 & 56 Vict., c. 57.]

16. It shall not be necessary for the Administrator General to take out letters of administration of the estate of any deceased person which is being administered by him in accordance with the provisions of the Regimental Debts Act, 1893, if the value of such estate does not on the date when such administration is committed to him exceed rupees one thousand, but he shall have the same power in regard to such estate as he would have had if letters of administration had been granted to him.

Letters of administration not necessary in respect of small estates administered by Administrator General in accordance with the Regimental Debts Act, 1893.

[55 & 56 Vict., c. 57.]

17. If the Administrator General applies, in accordance with the provisions of the Regimental Debts Act, 1893, for letters of administration of the estate of any person subject to the Army Act, the Court may grant to him letters of administration limited to the purpose of dealing with such estate in accordance with the provisions of the Regimental Debts Act, 1893.

Power to grant Administrator General letters limited to purpose of dealing with assets in accordance with the Regimental Debts Act, 1893.

[55 & 56 Vict., c. 57]

(c) Revocation of Grants.

18. If an executor or next-of-kin of the deceased, who has not been personally served with a citation or who has not had notice thereof in time to appear pursuant thereto establishes to the satisfaction of the Court a claim to probate of a will or to letters of administration in preference to the Administrator General, any letters of administration granted in accordance with the provisions of this Act to the Administrator General may be revoked, and probate or letters of administration may be granted to such executor or next-of-kin as the case may be :

Recall of Administrator General's administration, and grant of probate, etc., to executor or next-of-kin.

Provided that no letters of administration granted to the Administrator General shall be revoked for the cause aforesaid, except in cases in which a will of the deceased is proved in the Presidency, unless the application for that purpose is made within six months after the grant to the Administrator General and the Court is satisfied that there has been no unreasonable delay in making the application, or in transmitting the authority under which the application is made.

19. If any letters of administration granted to the Administrator General in accordance with the provisions of this Act are revoked, the Court may order the costs of obtaining such letters of administration, and the whole or any part of any fees which would otherwise have been payable under this Act, together with the costs of the Administrator General in any proceedings taken to obtain such revocation, to be paid to or retained by the Administrator General out of the estate :

Cost of obtaining administration, etc., may, on revocation, be ordered to be paid to Administrator General out of assets.

Provided that nothing in this section shall affect the provisions of clause (*c*) of sub-section (*2*) of section 11.

20. If any letters of administration granted to the Administrator General in accordance with the provisions of this Act are revoked, the same shall, so far as regards the Administrator General and all persons acting under his authority in pursuance thereof, be deemed to have been only voidable, except as to any act done by any such Administrator General or other person as aforesaid, after notice of a will or of any other fact which would render such letters void :

After revocation, letters granted to Administrator General to be deemed as to him to have been voidable only.

Provided that no notice of a will or of any other fact which would render any such letters void shall affect the Administrator General or any person acting under his authority in pursuance of such letters unless, within the period of one month from the time of giving such notice, proceedings are commenced to prove the will, or to cause the letters to be revoked, and such proceedings are prosecuted without unreasonable delay.

21. If any letters of administration granted to the Administrator General in accordance with the provisions of this Act are revoked, upon the grant of probate of a will, or upon the grant of letters of administration with a copy of the will annexed, all payments made or acts done

Payments made by Administrator General prior to revocation.

by or under the authority of the Administrator General in pursuance of such letters of administration, prior to the revocation, which would have been valid under any letters of administration lawfully granted to him with a copy of such will annexed, shall be deemed valid notwithstanding such revocation.

(d) General.

Administrator General's petition for grant of letters of administration.

22. Whenever any Administrator General applies for letters of administration in accordance with the provisions of this Act, it shall be sufficient if the petition required to be presented for the grant of such letters states,

(*i*) the time and place of the death of the deceased to the best of the knowledge and belief of the petitioner,

(*ii*) the names and addresses of the surviving next-of-kin of the deceased if known,

(*iii*) the particulars and value of the assets likely to come into the hands of the petitioner,

(*iv*) particulars of the liabilities of the estate if known.

Probates or letters to be granted to Administrator General by his name of office, and powers of that officer in cases in which probate or letters of administration have been granted to the Ecclesiastical Registrar.

23. (*1*) All probates or letters of administration granted to any Administrator General shall be granted to him by that name, and all probates or letters of administration heretofore granted to the Ecclesiastical Registrar, or to the Administrator General of any Presidency shall authorise the Administrator General of the same Presidency to act as executor or administrator, as the case may be, of the estate to which such probate or letters relate.

(*2*) All probates and letters of administration granted to the Ecclesiastical Registrar of any of the late Supreme Courts shall have the same effect in all respects as to any act hereafter done or required to be done under this Act as if they had been granted to the Administrator General.

Effect of probate or letters granted to Administrator General.

. Probate or letters of administration granted by the High Court at any Presidency-town to the Administrator General of any Presidency shall have effect over all the assets of the deceased throughout such Presidency, and shall be conclusive as to the representative title against all debtors of the deceased and all persons holding such assets, and shall afford full indemnity to all debtors paying their debts and all persons delivering up such assets to such Administrator General :

Provided that the High Court may direct, by its grant, that such probate or letters of administration shall have like effect throughout one or more of the other Presidencies.

Whenever a grant is made by a High Court to the Administrator General with such effect as last aforesaid, the Court shall send to the other High Courts a certificate that such grant has been made, and such certificate shall be filed by the Courts receiving the same.

Transfer by private executor or administrator of interest under probate or letters

25. (*1*) Any private executor or administrator may, with the previous consent of the Administrator General of the Presidency in which any of the assets of the estate, in respect of which such executor or administrator has obtained probate or letters of administration, are situate, by an instrument in writing under his hand notified in the official Gazette, transfer the assets of the estate vested in him by virtue of such probate or letters to the Administrator General by that name or any other sufficient description.

(*2*) As from the date of such transfer the transferor shall be exempt from all liability as such executor or administrator, as the case may be, except in respect of acts done before the date of such transfer, and the Administrator General shall have the rights which he would have had, and be subject to the liabilities to which he would have been subject, if the probate or letters of administration, as the case may be, had been granted to him by that name at the date of such transfer.

Distribution of assets.

26. (*1*) When the Administrator General has given the prescribed notice for creditors and others to send in to him their claims against the estate of the deceased, he shall, at the expiration of the time therein named for sending in claims, be at liberty to distribute the assets or any part thereof in discharge of such lawful claims as he has notice of.

(*2*) He shall not be liable for the assets so distributed to any person of whose claim he had not notice at the time of such distribution.

(*3*) No notice of any claim which has been sent in and has been rejected or disallowed in part by the Administrator General shall affect him unless proceedings to enforce such claim are commenced within one month after notice of the rejection or disallowance of such claim has been given in the prescribed manner and unless such proceedings are prosecuted without unreasonable delay.

(*4*) Nothing in this section shall prejudice the right of any creditor or other claimant to follow the assets or any part thereof in the hands of the persons who may have received the same respectively.

(*5*) In computing the period of limitation for any suit, appeal or application under the provisions of any law for the time being in force, the period between the date of submission of the claim of a creditor to the Administrator General and the date of the final decision of the Administrator General on such claim shall be excluded.

Appointment of Official Trustee as trustee of assets after completion of administration.

27. (*1*) When the Administrator General has, so far as may be, discharged all the liabilities of an estate administered by him, he shall notify the fact in the official Gazette, and he may, by an instrument in writing, with the consent of the Official Trustee and subject to any rules made by the Government, appoint the Official Trustee to be the trustee of any assets then remaining in his hands.

(*2*) Upon such appointment such assets shall vest in the Official Trustee as if he had been appointed trustee in accordance with the provisions of the Official Trustees Act, 1913, and shall be held by him upon the same trusts as the same were held immediately before such appointment.

Power for High Court to give directions regarding administration of estate.

28. (*1*) The High Court at the Presidency-town may, on application made to it, give to the Administrator General of the presidency any general or special directions as to any estate in his charge or in regard to the administration of any such estate.

(2) Applications under sub-section (1) may be made by the Administrator General or any person interested in the assets or in the due administration thereof.

No security nor oath to be required from Administrator General.

29. (1) No Administrator General shall be required by any Court to enter into any administration-bond, or to give other security to the Court, on the grant of any letters of administration to him by that name.

Manner in which petitions to be verified by Administrator General and his Deputy.

(2) No Administrator General or Deputy Administrator General shall be required to verify, otherwise than by his signature, any petition presented by him under the provisions of this Act, and, if the facts stated in any such petition are not within the Administrator General's own personal knowledge, the petition may be subscribed and verified by any person competent to make the verification.

Entry of Administrator-General not to constitute notice of a trust.

(3) The entry of the Administrator General by that name in the books of a Company shall not constitute notice of a trust, and a Company shall not be entitled to object to enter the name of the Administrator General on its register by reason only that the Administrator General is a corporation and in dealing with assets the fact that the person dealt with is the Administrator General shall not of itself constitute notice of a trust.

Power to examine on oath.

30. The Administrator General may, whenever he desires, for the purposes of this Act, to satisfy himself regarding any question of fact, examine upon oath (which he is hereby authorised to administer) any person who is willing to be so examined by him regarding such question.

(c) Grant of Certificates.

In what case Administrator General may grant certificate.

31. Whenever any person has died leaving assets within any Presidency, and the Administrator General of such Presidency is satisfied that such assets, excluding any sum of money deposited in a Government Savings Bank, or in any Provident Fund to which the provisions of the Provident Funds Act, 1897, apply, did not at the date of death exceed in the whole one thousand rupees—in value, he may, after the lapse of one month from the death if he thinks fit, or before the lapse of the said month if he is requested so to do by writing under the hand of the executor or the widow or other person entitled to administer the estate of the deceased, grant to any person, claiming otherwise than as a creditor to be interested in such assets, or in the due administration thereof, a certificate under his hand entitling the claimant to receive the assets therein mentioned left by the deceased, within the Presidency to a value not exceeding in the whole one thousand rupees:

IX of 1897.

Provided that no certificate shall be granted under this section—

(i) where probate of the deceased's will or letters of administration of his estate has or have been granted, or

(ii) in respect of any sum of money deposited in a Government Savings Bank or in any Provident Fund to which the provisions of the Provident Funds Act, 1897, apply.

IX of 1897.

Grant of certificate to creditors and power to take charge of certain estates.

32. If, in cases falling within section 31, no person claiming to be interested otherwise than as a creditor in such assets or in the due administration thereof obtains, within three months of the death of the deceased a certificate from the Administrator General under the same section, or probate of a will or letters of administration of the estate of the deceased, and such deceased was not an exempted person, or was an exempted person who has left assets within the ordinary original civil jurisdiction of the High Court, or within any area notified by the Government in this behalf in the official Gazette, the Administrator General may administer the estate without letters of administration, in the same manner as if such letters had been granted to him;

and if he neglects or refuses to administer such estate, he shall, upon the application of a creditor, grant a certificate to him in the same manner as if he were interested in such assets otherwise than as a creditor,

and such certificate shall have the same effect as a certificate granted under the provisions of section 31, and shall be subject to all the provisions of this Act which are applicable to such certificate;

Provided that the Administrator General may, before granting such certificate, if he thinks fit, require the creditor to give reasonable security for the due administration of the estate of the deceased.

Administrator General not bound to grant certificate unless satisfied of claimant's title, etc.

33. The Administrator General shall not be bound to grant any certificate under section 31 or section 32, unless he is satisfied of the title of the claimant and of the value of the assets left by the deceased within the presidency, either by the oath of the claimant, or by such other evidence as he requires.

Effect of certificate.

34. The holder of a certificate granted in accordance with the provisions of section 31 or section 32 shall have in respect of the assets specified in such certificate the same powers and duties, and be subject to the same liabilities as he would have had or been subject to if letters of administration had been granted to him:

Provided that nothing in this section shall be deemed to require any person holding such certificate,

(a) to file accounts or inventories of the assets of the deceased before any Court or other authority, or

(b) save as provided in section 32 to give any bond for the due administration of the estate.

Revocation of certificate.

35. The Administrator General may revoke a certificate granted under the provisions of section 31 or section 32 on any of the following grounds, namely:—

(i) that the certificate was obtained by fraud or misrepresentation made to him,

(ii) that the certificate was obtained by means of an untrue allegation of a fact essential in law to justify the grant though such allegation was made in ignorance or inadvertently.

Surrender of revoked certificate.

36. (1) When a certificate is revoked in accordance with the provisions of section 35, the holder thereof

shall, on the requisition of the Administrator General, deliver it up to such Administrator General, but shall not be entitled to the refund of any fee paid thereon.

(2) If such person wilfully and without reasonable cause omits to deliver up the certificate, he shall be punishable with imprisonment which may extend to three months, or, with fine which may extend to one thousand rupees, or with both.

Administrator General not bound to take out administration on account of assets for which he has granted certificate.

37. The Administrator General shall not be bound to take out letters of administration of the estate of any deceased person on account of the assets in respect of which he grants any certificate, under section 31 or section 32, but he may do so if he revokes such certificate under section 35 or ascertains that the value of the estate exceeded one thousand rupees.

Transfer of certain assets from British India to executor or administrator in country of domicile for distribution.

38. Where a person not having his domicile in British India has died leaving assets in any Presidency and in the country in which he had his domicile at the time of his death, and proceedings for the administration of his estate with respect to assets in any such Presidency have been taken under section 31 or section 32, and there has been a grant of administration in the country of domicile with respect to the assets in that country,

the holder of the certificate granted under section 31 or section 32, or the Administrator General, as the case may be, after having given the prescribed notice for creditors and others to send in to him their claims against the estate of the deceased, and after having discharged, at the expiration of the time therein named, such lawful claims as he has notice of, may, instead of himself distributing any surplus or residue of the deceased's property to persons residing out of British India who are entitled thereto, transfer, with the consent of the executor or administrator, as the case may be, in the country of domicile, the surplus or residue to him for distribution to those persons.

(f) Liability.

Liability of Government.

39. (1) The revenues of the Government of India shall be liable to make good all sums required to discharge any liability which the Administrator General, if he were a private administrator, would be personally liable to discharge, except when the liability is one to which neither the Administrator General nor any of his officers has in any way contributed, or which neither he nor any of his officers could, by the exercise of reasonable diligence have averted, and in either of those cases the Administrator General shall not, nor shall the revenues of the Government of India, be subject to any liability.

(2) Nothing in sub-section (1) shall be deemed to render the Government of India or the Administrator General liable for anything done before the commencement of this Act, by or under the authority of the Administrator General.

Creditors' suits against Administrator General.

40. (1) If any suit be brought by a creditor against any Administrator General, such creditor shall be liable to pay the costs of the suit unless he proves that not less than one month previous to the institution of the suit he had applied in writing to the Administrator General, stating the amount and other particulars of his claim, and had given such evidence in support thereof as, in the circumstances of the case, the Administrator General was reasonably entitled to require.

(2) If any such suit is decreed in favour of the creditor, he shall, nevertheless, unless he is a secured creditor, be only entitled to payment out of the assets of the deceased equally and rateably with the other creditors.

Notice of suit not required in certain cases.

41. Nothing in section 80 of the Code of Civil Procedure, 1908, shall apply to any suit against the Administrator General in which no relief is claimed against him personally. V of 1908.

PART IV.

FEES.

Fees.

42. (1) There shall be charged in respect of the duties of the Administrator General such fees, whether by way of percentage or otherwise, as may be prescribed by the Government:

Provided that, in the case of any estate, the administration of which has been committed to the Administrator General before the commencement of this Act, the fees prescribed under this section shall not exceed the fees leviable in respect of such estate under the Administrator General's Act, 1874, as subsequently amended: II of 1874.

Provided further that, in respect of the duties of the Administrator General under the Regimental Debts Act, 1893, the fees prescribed in this section shall be determined in accordance with the provisions of that Act. 55 & 56 Vict., c. 57.

(2) The fees under this section may be at different rates for different estates or classes of estates or for different duties, and shall, so far as may be, be arranged so as to produce an amount sufficient to discharge the salaries and all other expenses incidental to the working of this Act (including such sum as Government may determine to be required to insure the revenues of the Government of India against loss under this Act).

Disposal of fees.

43. (1) Any expenses which might be retained or paid out of any estate in the charge of the Administrator General, if he were a private administrator of such estate, shall be so retained or paid and the fees prescribed under section 42 shall be retained or paid in like manner as and in addition to such expenses.

(2) The Administrator General shall transfer and pay to such authority, in such manner and at such time as the Government may prescribe, all fees received by him under this Act, and the same shall be carried to the account and credit of the Government of India.

PART V.

AUDIT OF THE ADMINISTRATOR GENERAL'S ACCOUNTS.

Audit of Administrator General's accounts.

44. The accounts of every Administrator General shall be audited at least once annually, and at any other time if the Government so direct, by the prescribed person and in the prescribed manner.

45. The auditors shall examine the accounts and forward to the Government a statement thereof in the prescribed form, together with a report thereon and a certificate signed by them showing—

Auditors to examine accounts and report to Government.

(*a*) whether they contain a full and true account of everything which ought to be inserted therein,

(*b*) whether the books which by any rules made under this Act are directed to be kept by the Administrator General, have been duly and regularly kept, and

(*c*) whether the assets and securities have been duly kept and invested and deposited in the manner prescribed by this Act, or by any rules made thereunder,

or (as the case may be) that such accounts are deficient, or that the Administrator General has failed to comply with this Act or the rules made thereunder, in such respects as may be specified in such certificate.

46. (*1*) Every auditor shall have the powers of a Civil Court under the Code of Civil Procedure, 1908,

Power of auditors to summon and examine witnesses, and to call for documents.

V of 1908.

(*a*) to summon any person whose presence he thinks necessary to attend him from time to time; and

(*b*) to examine any person on oath to be by him administered; and

(*c*) to issue a commission for the examination on interrogatories or otherwise of any person; and

(*d*) to summon any person to produce any document or thing the production of which appears to be necessary for the purpose of such audit or examination.

(*2*) Any person who when summoned refuses, or without reasonable cause, neglects to attend or to produce any document or thing or attends and refuses to be sworn, or to be examined, shall be deemed to have committed an offence within the meaning of, and punishable under, section 188 of the Indian Penal Code, and the auditor shall report every case of such refusal or neglect to Government.

XLV of 1860.

47. The costs of and incidental to such audit and examination shall be determined in accordance with rules made by the Government, and shall be defrayed in the prescribed manner.

Costs of audit, etc.

PART VI.

MISCELLANEOUS.

48. The Administrator General may, in addition to, and not in derogation of, any other powers of expenditure lawfully exerciseable by him, incur expenditure—

General powers of Administrator.

(*a*) on such acts as may be necessary for the proper care and management of any property belonging to any estate in his charge; and

(*b*) with the sanction of the High Court at the Presidency-town on such religious, charitable and other objects, and on such improvements, as may be reasonable and proper in the case of such property.

49. Any person interested in the administration of any estate, which is in the charge of the Administrator General shall, subject to such conditions and restrictions as may be prescribed, be entitled at all reasonable times to inspect the accounts relating to such estate and the reports and certificates of the auditor, and on payment of the prescribed fee, to copies thereof and extracts therefrom.

Power of person beneficially interested to inspect Administrator General's accounts, etc., and take copies.

50. (*1*) The Government shall make rules for carrying into effect the objects of this Act and for regulating the proceedings of the Administrator General.

Power to make rules.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for—

(*a*) the accounts to be kept by the Administrator General and the audit and inspection thereof,

(*b*) the safe custody, deposit and investment of assets and securities which come into the hands of the Administrator General,

(*c*) the remittance of sums of money in the hands of the Administrator General, in cases in which such remittances are required,

(*d*) subject to the provisions of this Act, the fees to be paid under this Act, and the collection and accounting for any such fees,

(*e*) the statements, schedules and other documents to be submitted to the Government or to any other authority by the Administrator General, and the publication of such statements, schedules or other documents,

(*f*) the realization of the cost of preparing any such statements, schedules or other such documents,

(*g*) the manner in which and the person by whom the costs of and incidental to any audit under the provisions of this Act are to be determined and defrayed,

(*h*) the manner in which summonses issued under the provisions of section 46 are to be served and the payment of the expenses of any persons summoned or examined under the provisions of this Act and of any expenditure incidental to such examination, and

(*i*) any matter in this Act directed to be prescribed.

(*3*) All rules made under this Act shall be published in the official Gazette and, on such publication, shall have effect as if enacted in this Act.

51. Whoever, during any examination authorised by this Act, makes upon oath a statement which is false, and which he either knows or believes to be false or does not believe to be true, shall be deemed to have intentionally given false evidence in a stage of a judicial proceeding.

False evidence.

Assets unclaimed for twelve years to be transferred to Government.

52. All assets in the charge of the Administrator General which have been in his custody for a period of twelve years or upwards whether before or after the commencement of this Act without any application for payment thereof having been made and granted by him shall be transferred, in the prescribed manner, to the account and credit of the Government of India :

Provided that this section shall not authorise the transfer of any such assets as aforesaid, if any suit or proceeding is pending in respect thereof in any Court.

Mode of proceeding by claimant to recover principal money so transferred.

53. (*1*) If any claim is hereafter made to any part of the assets transferred to the account and credit of the Government of India under the provisions of this Act, or any Act hereby repealed, and if such claim is established to the satisfaction of the prescribed authority, the Government of India shall pay to the claimant the amount of the principal so transferred to its account and credit or so much thereof as appears to be due to the claimant.

(*2*) If the claim is not established to the satisfaction of the prescribed authority, the claimant may, without prejudice to his right to take any other proceedings for the recovery of such assets, apply by petition to the High Court at the Presidency-town against the Secretary of State for India in Council, and such Court, after taking such evidence as it thinks fit, shall make such order in regard to the payment of the whole or any part of the said principal sum as it thinks fit, and such order shall be binding on all parties to the proceeding.

(*3*) The Court may further direct by whom the whole or any part of the cost of each party shall be paid.

District Judge in certain cases to take charge of property of deceased persons, and to report to Administrator General.

54. (*1*) Whenever any person, other than an exempted person, dies leaving assets within the limits of the jurisdiction of a District Judge, the District Judge shall report the circumstance without delay to the Administrator General of the Presidency, stating the following particulars so far as they may be known to him :—

(*a*) the amount and nature of the assets,

(*b*) whether or not the deceased left a will and, if so, in whose custody it is,

(*c*) the names and addresses of the surviving next-of-kin of the deceased,

and, on the lapse of one month from the date of the death,

(*d*) whether or not any one has applied for probate of the will of the deceased or letters of administration of his estate.

(*2*) The District Judge shall retain the assets under his charge, or appoint an officer under the provisions of section 239 of the Indian Succession Act, 1865, to take and keep possession of the same until the Administrator General has obtained letters of administration, or until some other person has obtained probate or such letters or a certificate from the Administrator General under the provisions of this Act, when the assets shall be delivered over to the holder of such probate, letters of administration or certificate :

Provided that the District Judge may, if he thinks fit, sell any assets which are subject to speedy and natural decay, or which for any other sufficient cause he thinks should be sold, and he shall thereupon credit the proceeds of such sale to the estate.

(*3*) The District Judge may cause to be paid out of any assets of which he or such officer has charge, or out of the proceeds of such assets or of any part thereof, such sums as may appear to him to be necessary for all or any of the following purposes, namely :—

(*a*) the payment of the expenses of the funeral of the deceased and of obtaining probate of his will or letters of administration of his estate or a certificate under this Act,

(*b*) the payment of wages due for services rendered to the deceased within three months next preceding his death by any labourer, artizan or domestic servant,

(*c*) the relief of the immediate necessities of the family of the deceased, and

(*d*) such acts as may be necessary for the proper care and management of the assets left by the deceased,

and nothing in section 279, section 280 or section 281 of the Indian Succession Act, 1865, or in any other law for the time being in force with respect to rights of priority of creditors of deceased persons shall be held to affect the validity of any payment so caused to be made. X of 1865.

Succession Act and Companies Act not to affect Administrator General, and saving of provisions of Presidency Police Acts as to petty estates.

55. (*1*) Nothing contained in the Indian Succession Act, 1865, or the Indian Companies Act, 1882, shall be taken to supersede or affect the rights, duties and privileges of any Administrator General. X of 1865. VI of 1882.

(*2*) Nothing contained in the Indian Succession Act, 1865, or in this Act, shall be deemed to affect, or to have affected, any law for the time being in force relating to the moveable property under two hundred rupees in value of persons dying intestate within any of the Presidency-towns or in the town of Rangoon, which shall be or has been taken charge of by the police for the purpose of safe custody. X of 1865.

Order of Court to be equivalent to decree.

56. Any order made under this Act by any Court shall have the same effect as a decree.

Provision for administration by Consular Officer in case of death in certain circumstances of foreign subject.

57. Notwithstanding anything in this Act, or in any other law for the time being in force, the Governor General in Council may, by general or special order, direct that, where a subject of a foreign State dies in British India, and it appears that there is no one in British India, other than the Administrator General, entitled to apply to a Court of competent jurisdiction for letters of administration of the estate of the deceased, letters of administration shall, on the application to such Court of any Consular Officer of such foreign State, be granted to such Consular Officer on such terms and conditions as the Court may, subject to any rules made in this behalf by the Governor General in Council by notification in the Gazette of India, think fit to impose.

58. (*1*) Notwithstanding anything in the foregoing provisions of this Act, the Governor General in Council may, by notification in the Gazette of India,—

Division of Presidency into Provinces.

(*a*) remove any of the territories included in the presidency of Bengal from such presidency, and constitute the same into provinces for the purposes of this Act;

(*b*) direct that for the purposes of this Act any of the territories of any Native State in India shall be included in any province so constituted; and

(*c*) appoint any person qualified in accordance with the provisions of sub-section (*2*) of section 3, or who holds office under Government to be an Administrator General for any such Province to be called the Administrator General of the Province,

and, sub ect to the provisions of this section, the following consequences shall thereupon ensue, namely:—

(i) the Administrator General of a Province shall by that name have the like rights, powers, privileges and liabilities, and perform the like duties, in the Province as the Administrator General of the Presidency within which such territories were included had and performed as Administrator General therein and shall be deemed to be his successor in office:

(ii) the powers and duties of the Government under this Act shall, as regards the Province, be exercised and discharged by the Governor General in Council or by such Local Government as the Governor General in Council may, by notification in the Gazette of India, appoint in this behalf; and the Gazette of the Government exercising and discharging such powers and duties shall be the official Gazette of the Province for the purposes of this Act:

(iii) the powers and duties assigned by the foregoing provisions of this Act to the High Court shall be exercised and discharged in respect of such Province by such Court as the Governor General in Council may, by notification in the Gazette of India, appoint in this behalf; and probate or letters of administration granted to the Administrator General of the Province by the Court so appointed shall have the same effect throughout the Province, or, if the Court so directs, throughout the Presidencies of Bengal, Bombay and Madras, or any part thereof, as probate or letters of administration granted to the Administrator General by the High Court at a Presidency-town would or might have had:

(iv) in the foregoing provisions of this Act the word "Presidency" shall be deemed to include a Province, and the expression "Presidency-town" the place of sitting of the Court appointed by the Governor General in Council under clause (*iii*) of this sub-section

(v) generally, the provisions of the foregoing sections of this Act with respect to the High Court at a Presidency-town and the provisions of those sections or of any other enactment with respect to the Administrator General of a Presidency shall, in relation to a Province, be construed, so far as may be, to apply to the Court and Administrator General, respectively, appointed for the Province under this section.

(*2*) Any proceeding which was commenced before the publication of the notification constituting the Province and, to or in which the Administrator General of any Presidency within which any of the territories constituted into a Province were situate was a party or was otherwise concerned, shall be continued as if the notification had not been published.

(*3*) If, by reason of the constitution of Provinces for the purposes of this Act, it appears to the Governor General in Council that any property vested in the Administrator General of any Presidency should be vested in the Administrator General of a Province, he may direct that the property shall be so vested, and thereupon it shall vest in the Administrator General of the Province as fully and effectually for the purposes of this Act as if probate or letters of administration had been granted to him originally.

(*4*) If in accordance with the provisions of this section territories have been removed from the Presidency of Bengal and constituted a Province for the purposes of this Act, the Governor General in Council may, by notification in the Gazette of India, direct that as regards the Presidency of Bengal excluding the territories so removed, the powers and duties of the Government under this Act shall be exercised and discharged by the Local Government of Bengal, and that the official Gazette shall be the Calcutta Gazette.

(*5*) Upon the rescission of a notification constituting a Province under sub-section (*1*), the territories comprised therein shall again form part of the Presidency within which they were originally included, the office of Administrator General of the Province shall determine and all properties vested in and all proceedings by or against such Administrator General pending at the date of the rescission shall vest in and be carried on by or against such Administrator General or Administrators General as the Governor General in Council may direct.

59. Nothing in this Act shall be deemed to affect the provisions of the Indian Registration Act, 1908.

Saving of provisions of Indian Registration Act, 1908.

XVI of 1908.

60. The enactments specified in the Schedule are hereby repealed to the extent specified in the third column thereof:

Repeals.

Provided that any administration, by or in pursuance of any Act hereby repealed, committed to any Administrator General at the commencement of this Act shall be deemed to be committed to the Administrator General under this Act.

Tsingtau—Information with regard to wireless telegraph service.

No. 82 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 75 of 1913), are republished :—

Position.—Wireless station, lat. 36° 4′ N., long. 120° 19½′ E.

Details.—The wireless station on Diederichs hill uses the 600-mètre wave length for public communication, and the call signal is KTS. The station has an uninterrupted service.

Weather reports will be made in connection with the news service which occurs daily at 2-30 P.M. and 11-0 P.M., Standard mean time (120th Meridian time).

Storm warnings from the Tsingtau observatory will be at once telegraphed, three successive times, and again repeated once in connection with the news service.

Notices to Mariners which are important, such as the drifting of light-vessels, will be at once promulgated, as follows :—

— .. — — .. — — .. — Attention and for tuning purposes.

Authority.—Berlin Notice, No. 3294 of 1912.

CHINA, EAST COAST—KYAU CHAU BAY.

Tsingtau—Wireless time-signal established.

No. 83 (third publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 76 of 1913), are republished :—

Position.—Wireless station, Diederichs hill.
Lat. 36° 4′ N., long. 120° 19½′ E.

Details.—Time signals will be given daily at 8h. 0m. 0s. A.M. and 8h. 0m. 0s. P.M. Standard mean time (120th Meridian time), corresponding to midnight and noon Greenwich mean time respectively, in the following manner :—

At 7h. 55m., warning signal from Tsingtau Observatory to Wireless station. The station then makes the call "Greenwich mean time," and afterwards the Morse letter (V . . . —) continuously until 7h. 58m. The clock then closes the circuit automatically from

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 10th March 1913.

Summary.—During the week under report rain fell generally throughout the Province. The fall was heavy in parts of Darjeeling and Jalpaiguri and generally light to moderate elsewhere. The recent rainfall has damaged mango blossoms in Malda and Hooghly and has injured the prospects of *rabi* crops in some places. Preparation of fields for *bhadoi* paddy and jute is going on briskly and sowings thereof have commenced in places. The harvesting of *rabi* crops and the pressing of sugarcane are in progress. The average price of common rice for the Province has risen by about 1·25 per cent. as compared with that of the previous week. Cattle-disease is reported from Khulna and from places in Burdwan, Dinajpur, Mymensingh and Tippera.
